## HEAR FROM OUR CLIENTS

"Massport and PMA have continuous communication throughout the claims process. The communication begins with timely reporting of the injury and follows through to claims resolution. Our collective efforts ensure that Massport's vision is executed and our goals are achieved."

### Frank Rivera

Director of Risk Management & Workers' Compensation  
Massachusetts Port Authority

"It's been important for us to standardize our risk management efforts enterprise-wide, but also to preserve the community and autonomy within each facility. PMA has helped us approach this effort holistically, always with the best interests of our employees and organization driving the strategy—the positive results of which are improving our system in large and small ways every day."
