

PMA Webservice®, our online portal of safety and risk management resources, helps our clients reduce injuries and loss expenses through proven risk management solutions.

RISK CONTROL

PMA Webservice®

Answers at your fingertips.

PMA Webservice®, our online portal of safety and risk management resources, helps our clients reduce injuries and loss expenses through proven risk management solutions. Created by our Risk Control professionals, PMA Webservice® gives you access to a wealth of actionable safety and risk management information quickly and conveniently.

A Sampling of Resources in PMA Webservice®

You're one click away from the expertise of PMA Risk Control Professionals:

Solutions Center: Select from various channels to obtain Risk Control resources, including our convenient online forum. Ask our experienced Risk Control professionals safety, compliance and other risk control questions and receive a response within 24 business hours. Expertise available in technical areas—industrial hygiene, ergonomics, property, transportation—and industry-specific topics.

Safety and Health Forum: Access thought leadership content on significant issues affecting worker safety and business continuity. Topics include managing rising frequency and costs for first-year employment injuries, integrating employee health with traditional safety management practices, and preventing distracted driving.

Safety News for You: Obtain information on emerging risk issues and key regulatory changes impacting employers today. Topics include workers' compensation, fleet safety, preventing liability exposures, healthcare, public entity, education, wellness, ergonomics, industrial hygiene and more.
