

# MYREON.COM COOKIE POLICY

## 1. Cookie Policy

This policy details the cookies we use on our [www.myreon.com](http://www.myreon.com) website and details on how to accept, modify or reject cookies. For further website terms and conditions please see our [Privacy Policy and Terms here](#).

## 2. What are cookies?

A cookie is a small data file that is placed on your computer or other device to allow a website to recognise you as a user when you return to the website using the same computer and web browser, either for the duration of your visit (using a 'session cookie') or for repeat visits (a 'persistent cookie'). Other similar files work in the same way and we use the word 'cookie' in this policy to refer to all files that collect information in this way.

Cookies are an extremely common technology for remembering certain information about a visitor to a website. The vast majority of websites currently make use of cookies and they are commonly used for a wide range of tasks. We use cookies for the following purposes:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our Website. They include, for example, cookies that enable you to log into secure areas of our Website or make use of online payment services.
- **Analytical cookies.** They allow us to recognise and count the number of visitors and to see how visitors move around our Website when they are using it. This helps us to improve the way our Website works, for example, by ensuring that users are finding what they are looking for easily.
- **Functionality cookies.** These are used to recognise you when you return to our Website and to embed functionality from third party services. This enables us to personalise our content for you, greet you by name, remember your preferences (for example, your choice of language or region) and to integrate useful services provided by third party providers into our Website e.g. maps and social media features.
- **Advertising cookies.** These cookies record your visit to our Website, the pages you have visited and the links you have followed. We will use this information to make the advertising displayed to you more relevant to your interests. We may also share this information with third parties for this purpose.

This Cookie Policy gives you information on the specific cookies used on this Website.

## 3. How to control and delete cookies

When you accessed the Website, you were presented with a message that notified you of our use of cookies. We had to use a cookie to present you with that notice (you can see details of this

cookie under Cookie Banner in the table below). If you continue to use the Website, more cookies and other tracking technologies will be placed on your computer as described in this Cookie Policy in order to improve our website and your browsing experience and to tailor the adverts and content you see. By continuing to use the Website, you are agreeing to the use of such cookies and tracking technology.

Please be aware that restricting cookies may mean that you will not be able to take full advantage of all the features or services available on this Website.

#### **4. Cookies used by us on our Website**
