

I have received a copy of the Career Development Catalog which contains the rules, regulations, course completion requirements and costs for the specific course in which I am interested.

I am aware that I am not responsible for the tuition cost of my training program which is covered by the State or Federal agency that has contracted with New Horizons Career Development Solutions to pay for the cost of my program.

eCourseware

New Horizons Career Development Solutions is committed to doing our part to conserve the environment and provide our students with the most technologically advanced "Best Practices" in IT training. With this in mind, our students will have the benefit of utilizing electronic courseware.

With eCourseware, you'll be able to:

- Access course material on-the-go from your home or office
- Courseware is stored on a flash or thumb drive, so there is no need to tote around heavy books
- Ability to annotate or take notes directly in the eCourseware for future reference
- Download course content to hand-held and other personal electronic devices
- Interactive multimedia functions let you search through text to quickly find topics and answers

Revised 9/19/17

New Horizons Career Development Solutions has grown to become a leader in computer software and hardware instruction. New Horizons Career Development Solutions offers computer education. Eleven campuses and services the computer and networking needs for thousands of local and international corporate clients. Courses offered include PC software applications, networking, operating systems, graphics, internetworking, hardware and client/server programming along with Project Management, Six Sigma, Solar installation and Healthcare Information.

New Horizons Career Development Solutions provides a first rate, quality education, to students entering the Information Systems field for the first time, as well as supplementing the existing knowledge of experienced users. Our goal is to provide the student with a foundation of working knowledge that will allow them to be a success in the workplace.

MISSION STATEMENT

Due to the ever-increasing need for well-trained and skilled computer professionals, New Horizons Career Development Solutions develops and effectively delivers well-structured courses where the focus is on increasing the students growth opportunities by making them more employable and increasing opportunities for career advancement. New Horizons Career Development Solutions maintains awareness of the Information Technology (IT) market demands, through its link to the corporate employers we serve. Students are equipped with cutting-edge, specialized and marketable skills.. New Horizons Career Development Solutions is committed to maintaining its position as a worldwide industry leader in providing quality, cost-effective training.

New Horizons Career Development Solutions provides a cost-effective, compelling education solution for those wanting a career change or enhancement in the Healthcare Information Management, Project Management, Solar Installation or Information Technology (IT) industries. If you have a strong desire to make a career change, or if you are looking to upgrade your career prospects by pursuing a certification in IT or Healthcare, New Horizons Career Development Solutions can help.

WHY NEW HORIZONS CAREER DEVELOPMENT SOLUTIONS?

If you are looking to upgrade your skills or begin a career in the Information Technology or Healthcare Information Management fields, New Horizons Career Development Solutions can give you the training which businesses are looking to hire. We have been training employees of thousands of these same businesses for the last 30 years, working with the premier training provider to that industry just makes sense. New Horizons Career Development Solutions offers a complete, simplified learning solution that focuses on knowledge transfer, retention and skills development.

- New Horizons Career Development Solutions' training programs are based on our corporate clients' hiring needs. With our clients' input, we tailor our training programs to the needs of the industry, giving our students a distinct advantage.
- You will be trained and prepared to pass the industry certifications required by employers, setting you apart from the competition.
- Our programs are short and intensive so you can get the critical skills and prepare for the certifications you need to enter the job market.
- New Horizons Career Development Solutions is the world's largest independent training company, offering more courses at more times and in more locations to individuals and businesses than any company in the industry.
- We are the complete solution:
 - We start with the instructor-led training delivered by vendor-approved instructors.
 - We give you our Virtual Labs to practice what you've learned.
 - We provide you with test preparation tools to assist you in preparing for your exams.
 - We assist you in entering the workforce. Our extensive corporate relationships allow us to design our programs around industry demand. These relationships also open the door for our graduates.

STUDENT SERVICES

At New Horizons Career Development Solutions we understand no two people learn the same way. To help you meet your training goals, we provide a comprehensive learning experience to effectively maximize your potential. A Guidance Counselor will assist you assuring your studies are on track and you are preparing properly for your exams.

At completion of your training New Horizons Career Development Solutions offers placement assistance. Our Placement Specialist works with businesses we train to find job opportunities for our students. It is the student's responsibility to work in conjunction with our Job Placement Specialist to find employment. Our placement assistance services include a Job Portal which is only available to our students who have completed our program. The jobs listed on the Portal are with companies who train with New Horizons Career Development Solutions and have requested to advertise the job on the Portal. We also conduct job fairs for our completed students with companies who have job openings. Our job fairs are conducted on a supply and demand basis.

PLACEMENT SERVICE DISCLOSURE

New Horizons of Salt Lake does not promise a guaranteed placement and is therefore not held responsible for any specific salary awards, job placement, or designated companies. IT career jobs are abundant in many areas across Utah and the United States. Job placement is naturally determined based upon several factors, including but not limited to the student's past work experience, interviewing skills, certification program attended, program success and knowledge level, IT talent, student motivation for continued education, etc.

Authorized Prometric Testing Center

These centers are available for our students' convenience. Additionally, Prometric tests may be taken at hundreds of other locations locally. New Horizons Career Development Solutions is a Thomson/Prometric Authorized Testing Center which enables students to take Certification tests for Microsoft[®], Novell[®] CISCO[®], CIW[®] and Comptia[®]. The purchase of test vouchers and registration for exams must be made through the Prometric[®] website or via telephone at (800) 733-3926.

Class Repeat Privilege

Students may retake courses listed on the public schedule free of charge, on a standby basis. Students who are retaking classes must use original courseware or purchase new courseware if they desire.

INTEGRATED LEARNING

New Horizons Career Development Solutions offers a professional learning experience and the flexibility to fit your busy schedule. New Horizons Career Development Solutions Integrated Learning is a comprehensive approach to learning that guides you through all stages of your learning lifecycle, and allows you to choose convenient delivery methods for your training:

Live Instructor Led Training

- Classroom Learning: traditional instructor-led classroom learning.
- Instructor led labs with a hands on approach to assure students are mastering the technology they are learning
- Our Learn while doing approach increases retention
- Post-assessments track progress and return on investment.
- Certification Exam Preps included in all programs which train for Industry Recognized Certifications

Hands-On Instructor-Led Training

Our classroom training gives you hands-on training from professional, certified Instructors, who are constantly re-tested and evaluated by every student to keep our quality of instruction at the highest level. Our student to computer ratio is one-to-one.

To Obtain a Catalog

Individuals interested in obtaining a New Horizons Career Development Solutions Catalog can visit one of our campus, or may download our catalog by visiting our website at www.nhlearninggroup.com and refer to our UT Career Development Catalogue at <http://nhlearninggroup.com/careerdevelopmentcatalogs>

Individuals can also obtain a catalog by calling us at 801-952-4300 and request a catalog to be mailed to their home address.

Enrollment Requirements

All Classes taught at New Horizons Career Development Solutions are taught in English. We currently do not have an English as a Second Language Program

Students enrolling in programs and courses at New Horizons Career Development Solutions must be proficient in the English language and to qualify for certification programs, students must possess either a high school diploma, General Education Development (GED) Certificate, and be beyond the age of compulsory high school attendance, as prescribed by Utah law. New Horizons Career Development Solutions Learning Group reserves the right to refuse enrollment of students.

ACE – Adobe Certified Expert Web Specialist Program

CRM ID: P4Social

General Course Description

It can be difficult to get ahead in today's market. To stand out and be noticed, more than ever, you need a clear and focused way to tell the world about your expertise. The solution? Become Adobe Certified. Adobe certification is an industry standard of excellence, and it's the absolute best way to communicate your proficiency in leading products from Adobe.

An Adobe Certified Expert (ACE) is a person who has demonstrated proficiency with one or more Adobe software products. To become an ACE, you must pass one or more product-specific proficiency exams and agree to the ACE terms and conditions.

Adobe Certified Professionals (ACPs) set themselves apart from other IT professionals. They consistently demonstrate expertise with Adobe products and platforms, and add value to colleagues, managers, and their own career.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

An Adobe Certified Expert is a person who has demonstrated proficiency with one or more Adobe Software products. ACE is recognized as a worldwide standard of excellence in Adobe software knowledge. To become an ACE, one must pass one or more product-specific proficiency exams and agree to the ACE terms and conditions.

Adobe Dreamweaver Levels One and Two		64	
HTML5: Content Authoring Fundamentals / New and Advanced Features		32	
Adobe Illustrator Levels One and Two		64	
Adobe Photoshop Levels One and Two		64	
Adobe InDesign Level One and Two		64	
20480 Programming in HTML 5 with JavaScript and CSS 3		35	
10774 Writing Querying using Microsoft SQL Transact-SQL or 20461 Querying Microsoft SQL Server		35	
20486 Developing ASP.Net MVC Applications		35	
20487 Developing Windows Azure and Web Services		35	
*Three Adobe Exam Vouchers and Three Microsoft Exam Vouchers			
Total Program Cost			\$10,000.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

CompTIA A+ Certification

CRM ID: P14SoCal

General Course Description

CompTIA A+ is a program curriculum sponsored by CompTIA that increases the knowledge and technical competency of entry-level computer service technicians. A+ covers two main areas of competency: The Essentials class is followed by: IT Technician, Remote Support Technician, and Depot Technician. A+ is a non-vendor, non-product specific program. It provides industry-recognized valuable knowledge that may open doors with prospective employers or leads to job advancement opportunities. The program is supported by major computer hardware and software vendors, distributors, resellers and publications.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

CompTIA A+ program trains students to be able to identify different types of computers, hardware components, manipulate and control Windows desktop, files, and disks, and change system settings. In addition, students will gain an understanding of how software applications work and how to install and configure them. For every device and process students will have a conceptual and hands on troubleshooting experience.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Computer Repair Technician	PC / Network Support	Systems Support
Hardware Technician	Bench Technician	PC Field Technician

Program Information

Hours: 140	Approximately 8 weeks of instruction	Price	\$3,595.00
Course		Hours	
CompTIA A+ Training – Essentials – IT Tech/Remote Support/Depot Tech		140	
*Two CompTIA Exam Vouchers and Exam Preps			
Total Program Cost			\$3,595.00

*It is the student’s responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

CompTIA Network+ Certification

CRM ID: P17SoCal

General Course Description

CompTIA Network+ validates the knowledge and skills of networking professionals. It is an international, vendor-neutral certification that recognizes a technician's ability to describe the features and functions of networking components and to install, configure and troubleshoot basic networking hardware, protocols and services.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

Understanding networking and networking cabling, hubs, switches, routers, bridges, servers, workstations, IP subnetting, WAN/LAN typology, and firewalls.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

PC / Network Support

Systems Support

PC Field Technician

Program Information

Hours: 70	Approximately 4 weeks of instruction	Price	\$2,795.00
Course		Hours	
CompTIA Network+ Training		70	
*One CompTIA Exam Voucher and Exam Prep			
Total Program Cost			\$2,795.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

CompTIA A+, Network+

CRM ID: C47SoCal

General Course Description

CompTIA A+ is a program curriculum sponsored by CompTIA that increases the knowledge and technical competency of entry-level computer service technicians. Systems Support

PC Field Technician

Course Information

Hours:	210	Approximately 11 weeks of instruction	Price:	\$6,100.00
Course				Hours
CompTIA A+				140
CompTIA Network+				70
*Three CompTIA Exam Vouchers and Exam Preps				
Total Program Cost				\$6,100.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

A+, Network+, MCSA Windows

CRM ID: C10Social

General Course Description

The Microsoft Certified Solutions Associate credential proves that you have the skills to successfully support end-users and to successfully troubleshoot desktop environments that are running the Microsoft Windows operating system.

Audience

The MCSA credential is for IT professionals who are working in the typically complex computing environment of small, medium, or large organizations.

Prerequisites

A High School Diploma or equivalency is required

Acquired Skills

You will be supporting users, troubleshooting desktop applications and Windows 8 operating systems. You will acquire basic computer hardware and software skills and knowledge. Basic networking skills and knowledge will be achieved.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Help Desk

PC Technician

PC/Desktop Support Analyst

Course Information

Hours: 280	Approximately 14 weeks of instruction	Price:	\$6,995.00
Course		Hours	
CompTIA A+		140	
CompTIA Network+		70	
20687 Configuring Windows 8 or 20697-1 Implementing and Managing Windows 10		35	
20688 Managing and Maintaining Windows 8 or 20697-2 Deploying and Managing Windows 10 Using Enterprise Services		35	
*One Microsoft Exam Vouchers & Three CompTIA Exam Vouchers			
Total Program Cost			\$6,995.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education

CompTIA Security + Certification

CRM ID: P18Socal

General Course Description

This course will prepare students to pass the current **CompTIA Security+** certification exam. After taking this course, students will understand the field of network security and how it relates to other areas of information technology. This course also provides the broad-based knowledge necessary to prepare for further study in specialized security fields, or it can serve as a capstone course that gives a general introduction to the field.

Objective

Upon successful completion of this course, students will be able to: - identify fundamental concepts of computer security. - identify security threats. - harden internal systems and services. - harden internetwork devices and services. - secure network communications. - establish security best practices for creating and running web-based applications. - manage public key infrastructure (PKI). - manage certificates. - enforce organizational security policies. - monitor the security infrastructure. - manage security incidents.

Prerequisites

A High school diploma or equivalency is required.

At Course Completion

Upon successful completion of this course, students will be able to: - identify fundamental concepts of computer security. - identify security threats. - harden internal systems and services. - harden internetwork devices and services. - secure network communications. - manage public key infrastructure (PKI). - manage certificates. - enforce organizational security policies. - monitor the security infrastructure.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Security Management

Computer Security Specialist

Systems Support

Program Information

Hours: 70	Approximately 4 weeks of instruction	Price	\$2,795.00
Course		Hours	
CompTIA Security+ Training		70	
*One CompTIA Exam Voucher and Exam Prep			
Total Program Cost			\$2,795.00

*It is the student responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extension must be approved by the Director of Education.

CompTIA Linux+ Certification

CRM ID: P16Socal

General Course Description

This course provides what you need to prepare for the Linux+ exam, including key core elements of the Linux operating system - installation, file system, RPMs, network configuration, backup, restore, X Window, kernel configuration, application management.

Prerequisite

A High School Diploma or equivalency is required
CompTIA A+, CompTIA Network+

Acquired Skills

This course provides what you need to prepare for the Linux+ exam, including key core elements of the Linux operating system - installation, file system, RPMs, network configuration, backup, restore, X Window, kernel configuration, application management

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

			Total Program Cost	\$3,495.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

EC Council - CEH Certified Ethical Hacker

CRM ID: P20SoCal

General Course Description

This class will immerse the student into an interactive environment where they will be shown how to scan, test, hack and secure their own systems. Students then learn how intruders escalate privileges and what steps can be taken to secure a system.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

Students will learn about Intrusion Detection, Policy Creation, Social Engineering, DDoS Attacks, Buffer Overflows and Virus Creation. When a student leaves this intensive 5 day class they will have hands on understanding and experience in Ethical Hacking.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

IT Security Specialist

Systems Security Analyst

Network Administrator

Program Information

Hours: 70	Approximately 4 weeks of instruction	Price	\$3,995.00
Course		Hours	
Certified Ethical Hacker		70	
*One Exam Voucher and Exam Prep			
Total Program Cost			\$3,995.00

*It is the student responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extension must be approved by the Director of Education.

Network+ and Security+

CRM ID:C63SoCal

General Course Description

CompTIA Network+ validates the knowledge and skills of networking professionals. It is an international, vendor-neutral certification that recognizes a technician's ability to describe the features and functions of networking components and to install, configure and troubleshoot basic networking hardware, protocols and services. CompTIA Security+ validates the knowledge and skills of a professional in the field of security, one of the fastest-growing fields in IT. Security+ proves competency in system security, network infrastructure, access control and organizational security.

Prerequisites

A High School Diploma or equivalency is required and Individuals should have basic knowledge of computers and operating systems.

Acquired Skills

Students will be able to identify different types of computers, hardware components, manipulate and control Windows desktop, files, and disks, and change system settings. In addition, students will gain an understanding of how software applications work and how to install and configure them. For every device and process students will have a conceptual and hands on troubleshooting experience. Information Technology Network Support Specialist Certificate Program

CRM ID:

15-1151.00 -Computer User Support Specialists

General Course Description

Student will receive Basic Computer training to Networking to Cloud Administration. This program offers a rounded education in the IT World. This is a beginning course that will introduce the student to basic hardware and software with CompTIA A+ then introduce them to basic networking with CompTIA Network+. Students will round out their training with IT Security training. Training will be completed with an introduction to computing within the Cloud.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

Students will learn how networks function, network components and their functions, TCP/IP networking, addressing and routing, remote access services, LAN/WAN, VPN, and Cisco IOS (software language). A junior Hardware installation, configuring and troubleshooting, Software installation, configuring and troubleshooting, Networking basics, IP addressing and services, Monitoring network services, Names resolution, IP addressing and services, File and print services, Network and remote access. Basic IT Security fundamentals will be mastered along with the foundations of Cloud computing.

Certified Information Systems Security Professional (CISSP)

CRM ID: C41Social

General Course Description

This is a very in-depth, comprehensive class designed for security professionals. You will get to understand the “Common Body of Knowledge” which contains a common framework of security terms and principals used by security professionals worldwide. You will learn about the core information security triad and assurance tenets: confidentiality, integrity and availability Access control systems and methodology

Prerequisites

A High school diploma or equivalency is required

Acquired Skills

The training you receive will move you towards mastering the ten security domains as described by the (ISC)2. Main focus: Access Control Systems and Methodology, Application and systems development security, Cryptography, Law and Ethics, Operations Security, Physical Security, Security Management Practices and Telecommunications and Networking Security.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

PC / Network Administrator

Security Analyst

Certified Hacker

Security Professional Program

CRM ID: P60Socal

General Course Description

This high level security program is a combination of CompTIA Security +, Certified Ethical Hacker (CEH) or Computer Hacking Forensics Investigator (CHFI) and Certified Information Systems Security Professional (CISSP). These courses provide a very in-depth, comprehensive approach designed for security professionals. This program will take you from basic computer infrastructure security to learning how to prevent security threats from hackers in addition to learning the “Common Body of Knowledge” which contains a common framework of security terms and principals used by security professionals worldwide.

Prerequisites

The program is designed for experienced technology professionals who have knowledge of networks and server environments. Students should have some experience with Information Security concepts and practices. To earn the CISSP® certification, 4 years of full-time experience in information security or 3 years plus a B.S. degree is required.

Acquired Skills

Upon successful completion of this program, students will be able to: - identify fundamental concepts of computer security. - Harden internal systems and services - enforce organizational security policies. - monitor the security infrastructure- Scan, test, hack and secure their own systems- Master the ten security domains as described by the (ISC)2.

Cisco Certified Networking Administrator Program (CCNA) with Specialization

CCNA Routing and Switching

CRM ID: P12Social

General Course Description

Cisco Certified Network Associate Security (CCNA® Security) validates associate-level knowledge and skills required to secure Cisco networks. With a CCNA Security certification, a network professional demonstrates the skills required to develop a security infrastructure, recognize threats and vulnerabilities to networks, and mitigate security threats. The CCNA Security curriculum emphasizes core security technologies, the installation, troubleshooting and monitoring of network devices to maintain integrity, confidentiality and availability of data and devices, and competency in the technologies that Cisco uses in its security structure

The Cisco Certified Network Associate Voice (CCNA® Voice) validates associate-level knowledge and skills required to administer a voice network. The Cisco® CCNA Voice certification confirms that the required skill set for specialized job roles in voice technologies such as voice technologies administrator, voice engineer, and voice manager. It validates skills in VoIP technologies such as IP PBX, IP telephony, handset, call control, and voicemail solutions

The Cisco Certified Network Associate Wireless (CCNA® Wireless) validate your ability to configure, implement and support wireless LANs using Cisco equipment. Join that growing number of IT professionals who can manage a wireless LAN configuration across all access points and stations by becoming CCNA Wireless certified.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

Students will learn how networks function, network components and their functions, TCP/IP networking, addressing and routing, remote access services, LAN/WAN, VPN, Cisco IOS (software language).

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Network Administrator

Support Engineer

LAN/WAN Administrator

Network Technician

Course Information

Hours: 175	Approximately 9 weeks of instruction	Price	\$8,400.00
Course		Hours	
Implementing Cisco IOS Network Security (IINS) or Implementing Cisco Wireless Network Fundamentals (WIFUND) or Implementing Cisco Collaboration Devices (CICD)		35	
Interconnect Cisco Network Devices-ICND Part 1		70	
Interconnect Cisco Network Devices-ICND Part 2		70	
*Three Cisco Exam Vouchers and Exam Preps			
		Total Program Cost	\$8,400.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

Cisco Professional Program (CCNP)

CRM ID: P13SoCal

General Course Description

The CCNP Program (Cisco Certified Network Professional) indicates advanced or journeyman knowledge of networks. A CCNP validates the network professional can install, configure, and troubleshoot local and wide area networks for enterprise organizations with networks from 100 to more than 500 nodes.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

The CCNP certifies an individual's networking skills at the advanced level. A CCNP certification shows that you can install, configure, and operate LAN, WAN, and dial access services for larger (100- to 500-node) multiprotocol networks.

Job Titles (Job Titles related to IT Training stretch Horizontally, so job titles can vastly vary, the list below is a sampling but not limited to)

Network Administrator

Level 2 Support Engineer

Network Technician

Support Engineer

Deployment Engineer

LAN/WAN Administrator

Course Information

Hours: 210	Approximately 11 weeks of instruction	Price	\$11,300.00
Course		Hours	
Implementing Cisco IP Routing (<u>ROUTE</u>)		70	
Implementing Cisco IP Switched Networks (<u>SWITCH</u>)		70	
Troubleshooting and Maintaining Cisco IP Networks (<u>TSHOOT</u>)		70	
*Three Cisco Exam Vouchers and Exam Preps			
Total Program Cost			\$11,300.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education

Cisco Certified Network Professional Security Professional Program (CCNP Security)

CRM ID: C26SoCal

General Course Description

Cisco Certified Network Professional Security (CCNP® Security) validates advanced knowledge and skills required to secure Cisco networks. With a CCNP Security certification, a network professional demonstrates the skills required to secure and manage network infrastructures to protect productivity, mitigate threats, and reduce costs.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

The CCNP Security curriculum emphasizes Cisco Router IOS (ISR) and Catalyst Switch security features, Adaptive Security Appliance (ASA), secure VPN connectivity, Intrusion Prevention Systems (IPS), Cisco Security Agent (CSA), Security Enterprise and Device Management, Network Admission Control (NAC) as well as techniques to optimize these technologies in a single, integrated network security solution. In addition, CCSP leverages the new CCNA Security certification as a prerequisite.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Network Administrator

Support Engineer

Network Technician

LAN/WAN Administrator

Course Information

Hours: 140	Approximately 7 weeks of instruction	Price	\$19,000.00
Course		Hours	
Implementing Cisco Secure Access Solutions (SISAS)		35	
Implementing Cisco Edge Network Security Solutions (SENSS)		35	
Implementing Cisco Secure Mobility Solutions (SIMOS)		35	
Implementing Cisco Threat Control Solutions (SITCS)		35	
*Four Cisco Exam Vouchers and Exam Preps			
		Total Program Cost	\$19,000.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

Cisco Certified CCNP Wireless Certification

CRM ID: C44SoCal

General Course Description

CCNP Wireless certification addresses the need for designing, implementing, and operating Cisco Wireless networks and mobility infrastructures. CCNP Wireless certification emphasizes wireless networking principles and theory. It also recognizes the expertise and technical acumen of wireless professionals who can assess and translate network business requirements into technical specifications that in turn, are incorporated into successful installations.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

Plan and conduct a wireless site survey, to design the RF network and to conduct a post installation assessment to ensure compliancy. Integrate VoWLAN services into the wireless network, implement QoS, as well as support multicast, video and high bandwidth applications into the wireless network. . Integrate mobility services into the network; tune and troubleshoot the WLAN and implement indoor enterprise mesh networks

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Network Administrator

Support Engineer

Network Technician

LAN/WAN Administrator

Course Information

Hours: 140	Approximately 7 weeks of instruction	Price	\$19,000.00
Course		Hours	
Designing Cisco Wireless Enterprise Networks (WIDESIGN))		35	
Deploying Cisco Wireless Enterprise Networks (WIDEPLOY)		35	
Troubleshooting Cisco Wireless Enterprise Networks (WITSHOOT)		35	
Securing Cisco Wireless Enterprise Networks (WISECURE))		35	
*Four Cisco Exam Vouchers and Exam Preps			
		Total Program Cost	\$19,000.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education

Microsoft Junior Server Administrator with Linux and CompTIA Security+ Specialization

MCSA Windows Server 2012/2016

CRM ID: P25SoCal

General Course Description

Student will receive Basic Computer training to Networking to Server Administration. This program offers a rounded education in the IT Networking Server World. The Microsoft Windows Server 2012 Junior Server Administrator Program at New Horizons Career Development Solutions is designed to give you in-depth, current skills on network infrastructure using Windows Server 2008. Prerequisites student should be familiar with personal computers and the Windows operating system and have a good idea of how to use basic computer applications. This is a beginning course that will introduce the student to the network world starting with the basic hardware of A+ and network world with Net +.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

Students will learn how networks function, network components and their functions, TCP/IP networking, addressing and routing, remote access services, LAN/WAN, VPN, and Cisco IOS (software language). A junior Hardware installation, configuring and troubleshooting, Software installation, configuring and troubleshooting, Networking basics, IP addressing and services, Monitoring network services, Names resolution, IP addressing and services, File and print services, Network and remote access.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Computer and Network Support Specialist

Network and Computer Systems Administrators

Course Information

Hours:	560	Approximately 28 weeks of instruction	Price:	\$14,000.00
Course			Hours	
CompTIA A+ Training – Essentials IT/Remote/Depot/Technician			140	
CompTIA Network+ Training			70	
CompTIA Linux+			70	
20410 Installing and Configuring Windows Server 2012 or 20740 Installation, Storage, and Compute with Windows Server 2016			70	
20411 Administering Windows Server 2012 or 20741 Networking with Windows Server 2016			70	
20412 Configuring Advanced Windows Server 2012 or 20742 Identity with Windows Server 2016			70	
CompTIA Security+			70	
*Six CompTIA Exam Vouchers, Three Microsoft Exam Vouchers and Exam Preps				
			Total Program Cost	\$14,000.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

MCSA – Microsoft Windows Server Junior Server Administrator

CRM ID: C12SoCal

General Course Description

The Microsoft Windows Server Junior Server Administrator Program at New Horizons Career Development Solutions is designed to give you in-depth, current skills on network infrastructure using Windows Server. Learn to troubleshoot hardware and software problems that may affect network processing and routing operations. Analyze immediate networks issues, and apply solutions.

Audience

The goal of this program is to prepare you to provide support for IT systems including day-to-day operations, monitoring, and problem resolution for network problems. Windows 2012 Junior Server Administrators assist in administration, troubleshooting, and support of operating systems, servers, and applications.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

A junior hardware installation, configuring and troubleshooting, Software installation, configuring and troubleshooting, Networking basics, IP addressing and services, Monitoring network services, Names resolution, IP addressing and services, File and print services, Network and remote access.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Network Administrator Network Technician PC/Network Support Desktop Support

Course Information

Hours: 420	Approximately 21 weeks of instruction	Price:	\$9,900.00
Course		Hours	
CompTIA A+ Certification		140	
CompTIA Network + Certification		70	
20410 Installing and Configuring Windows Server 2012 or 20740 Installation, Storage, and Compute with Windows Server 2016		70	
20411 Administering Windows Server 2012 or 20741 Networking with Windows Server 2016		70	
20412 Configuring Advanced Windows Server 2012 or 20742 Identity with Windows Server 2016		70	
Three Microsoft and Three CompTIA Exams and Exam Prep			
		Total Program Cost	\$9,900.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

MCSA – Microsoft Certified Solutions Associate

CRM ID: C23SoCal

General Course Description

The Microsoft Certified Solutions Associate (MCSA): Windows Server certification shows that you have the minimum set of skills needed to hit the ground running, and differentiates you as better able to work with Windows Server in a real-world business context. This certification validates a set of primary Windows Server skills that are relevant across multiple solution areas. MCSA: Windows Server certification is a prerequisite for earning an MCSE: Private Cloud.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

A typical MCSA will support from 200 to 26,000 or more users at two to 100 physical locations. Typical network services and resources include messaging, database, file and print, proxy server or firewall, Internet and intranet, remote access, and client computer management. Connectivity needs include connecting branch offices and individual users in remote locations to the corporate network and connecting corporate networks to the Internet.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Network Administrator Network Technician PC/Network Support Desktop Support

Course Information

Hours: 210	Approximately 11 weeks of instruction	Price	\$7,860.00
Course		Hours	
20410 Installing and Configuring Windows Server 2012 or 20740 Installation, Storage, and Compute with Windows Server 2016		70	
20411 Administering Windows Server 2012 or 20741 Networking with Windows Server 2016		70	
20412 Configuring Advanced Windows Server 2012 or 20742 Identity with Windows Server 2016		70	
*Three Microsoft Exam Vouchers and Exam Preps			
Total Program Cost			\$7,860.00

*It is the student responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extension must be approved by the Director of Education.

MCSA– Microsoft Certified Solutions Associate for SQL Server

CRM ID: C33SoCal

General Course Description

MCSA DB Administrator for SQL Server prepares the student to install or configure Microsoft SQL Server and manage, maintain databases or multidimensional databases it includes development of strategies for data archiving, consolidation, distribution, and recovery. The course stresses capacity analysis and emphasizes the tradeoffs that need to be made during design. In addition, the course emphasizes that students should think about the whole environment, which includes business needs, regulatory requirements, network systems, and database considerations during design.

Prerequisites

Before attending this course, students must have basic knowledge of security protocols, have working knowledge of network and database architectures and technologies, Active Directory service, have experience creating Microsoft Office Visio drawings or have equivalent knowledge or have a Microsoft Certified Technology Specialist: Microsoft SQL Server credential and a High School Diploma or equivalency is required.

Acquired Skills

After completing this course, students will be able to manage and automate databases and servers. Manage supporting services, analyze storage, CPU, memory, and network capacity needs, design a strategy for Database Administration. Establish database conventions and standards in a Microsoft SQL Server environment.

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Database Administrator

Sr. Database Administrator

Course Information

Hours: 105	Approximately 6 weeks of training	Price	\$7,860.00
Course		Hours	
20461 Querying Microsoft SQL Server		35	
20462 Administering Microsoft® SQL Server Databases		35	
20463 Implementing a Data Warehouse with Microsoft SQL Server		35	
*Three Microsoft Exam Vouchers and Exam Preps			
Total Program Cost			\$7,860.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

MCSA – Microsoft SQL Database Administrator with Business Intelligence (Entry Level)

CRM ID: C11SoCal

General Course Description

Program is designed as an entry level into the Microsoft SQL environment. Students will begin with Access and Crystal Reports training then will take the T-SQL coding along with XML syntax. Students will earn a Database Administration Certification and a Business Intelligence Certification. Business Intelligence uses Analysis, Integration, Data Warehousing and Reporting Services to produce knowledge and company planning.

Prerequisites

A High school diploma or equivalency is required.

Acquired Skills

Select SQL Server services to support an organization's business needs, plan for source control, unit testing, and deployment to meet an organization's needs. • Evaluate advanced query techniques. • Evaluate advanced XML techniques. Approach database design from a systematic perspective, gather database requirements, and formulate a conceptual design. • Analyze and evaluate a logical database design. • Design a database access strategy. • Design a normalized database, Optimize a database design by demoralizing

MCSE – Microsoft Certified Solutions Expert Server/Cloud with VMWARE

CRM ID: C17SoCal

General Course Description

The Microsoft Certified Solutions Expert (MCSE) credential is the leading certification for Windows Server, providing widely recognized, objective validation of your ability to perform critical, current IT job roles by using Microsoft technologies to their best advantage. This course provides details on how to deploy and manage Hyper-V and Remote Desktop Services on Windows Servers Hyper-V and Remote Desktop Services on Windows Server. The course also provides details on how to manage a server virtualization environment by using System Center products. The VMWare explores installation, configuration and management of VMware vSphere.

Audience

The MCSE program is appropriate for Network Administrators, Network Engineers, Systems Administrators, IT Professionals, IS Administrators, Network Technicians, and Technical Support Specialists.

Prerequisites

It is expected that candidates pursuing this certification have a minimum of one year experience working as a Network or Systems Administrator. A high school diploma or equivalency is required.

Acquired Skills

The MCSE Server 2012 Administrator is an advanced certification for Windows Server. Network Administrators. Individuals who successfully complete this program will be able to design and implement infrastructure systems using the Microsoft Windows platform and Microsoft server software, based on analysis of business needs, install, configure, and troubleshoot network systems. Deploying and managing Hyper-V and Remote Desktop Services on Windows Servers Hyper-V and Remote Desktop Services on Windows Server. Managing a server virtualization environment by using System Center products. The VMWare explores installation, configuration and management of VMware vSphere.

MCSD– Microsoft Certified Solutions Developer Web Applications

CRM ID: C54Social

General Course Description

In this course, students will learn how to design and develop services that access local and remote data from various data sources. Students will also learn how to develop and deploy services to hybrid environments, including on-premises servers and Windows Azure.

Prerequisites

A High school diploma or equivalency is required. To achieve this certification you must have a foundation of web programming skills using HTML5 with JavaScript and ASP.NET MVC 4. This course is intended for both novice and experienced .NET developers who have a minimum of six months programming experience, and want to learn how to develop services and deploy them to hybrid environments

Acquired Skills

Overview of HTML and CSS. Exploring the Contoso Conference Application. Creating and Styling HTML5 Pages. Introduction to JavaScript. Creating Forms to Collect Data and Validate User Input. Creating a Form and Validating User Input. Communicating with a Remote Data Source. Module 6: Styling HTML5 by Using CSS3. Creating Objects and Methods by Using JavaScript. Creating Interactive Pages using HTML5 APIs, Describe the Microsoft Web Technologies stack and select an appropriate technology to use to develop any given application. •Create MVC Models and write code that implements business logic within Model methods, properties, and events. Describe what a Web API is and why developers might add a Web API to an application. Secure WCF services using transport and message security. Implement federated authentication by using ACS with ASP.NET Web API services Monitor and log services, both on-premises and in Windows Azure.

MCSA – Microsoft SQL Database Administrator / Business Intelligence Analyst / Healthcare

CRM ID: P40Socal

GENERAL COURSE DESCRIPTION

Healthcare information technology (HIT) provides the umbrella framework to describe the comprehensive management of health information across computerized systems and its secure exchange between consumers, providers, government and quality entities, and insurers. Health information technology (HIT) is in general increasingly viewed as the most promising tool for improving the overall quality, safety and efficiency of the health delivery system. Broad and consistent utilization of HIT will: Improve health care quality; Prevent medical errors; Reduce health care costs; Increase administrative efficiencies Decrease paperwork; and Expand access to affordable care. Emphasis is placed on the Microsoft SQL environment. Students will take the T-SQL coding along with XML syntax. Students will earn a Database Administration Certification and a Business Intelligence Certification. Business Intelligence uses Analysis, Integration, Data Warehousing and Reporting Services to produce knowledge and company planning.

Audience

Intermediate-level database training for career changers and career enhancers.

Prerequisites

Before attending this course, students must have basic knowledge of objected oriented programming, relational databases and basic knowledge on PC's .

Acquired Skills

Select SQL Server services to support an organization's business needs, plan for source control, unit testing, and deployment to meet an organization's needs. • Evaluate advanced query techniques. • Evaluate advanced XML techniques. Approach database design from a systematic perspective, gather database requirements, and formulate a conceptual design. • Analyze and evaluate a logical database design. • Design a database access strategy. • Design a normalized database, Optimize a database design by de-normalizing. Electronic Medical Records

CERTICATION for Certified Electronic Health Records Specialist (CEHRS) Exam Voucher not included

Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Healthcare Analysts

Vendor/Data Analysis

Database Administrators

Medical Front Office
Medical Records Manager

Certifications

CMAA

CEHRS

CBCS

CPHT

Course Information

Hours: 848		Approximately 43 weeks of instruction	Price:	\$9,995.00
Course			Hours	
HI-1011	Medical Office Procedures and Administration		40	
MS-2000	Microsoft Office Series I		80	
HI-1014	Human Anatomy, Physiology & Medical Terminology		160	
HI-1015	Insurance and Billing, and Coding Essentials: Series		120	
HI-1017	Pharmacy Technician Principles and Practices		160	
HI-1018	Electronic Health Records		160	
	Outlook Levels One and Two		32	
	Access Levels One and Two		64	
	PowerPoint Levels One and Two		32	
*CMAA, CBCS, CEHRS, CPHT and MOS Exam Voucher and Exam Preps				
			Total Program Cost	\$9,995.00

*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

INDIVIDUAL COURSE ENROLLMENT

New Horizons Career Development Solutions offers our students many training options.: individual classroom learning and Club memberships.

CLASSROOM LEARNING

As the foundation of Integrated Learning, the classroom experience is enriching, dynamic, and valuable for our students. Our traditional classroom delivery method includes instructor lecture and demonstration, followed by student practice through hands on labs.

DESKTOP APPLICATIONS

Class	Days	Hours	Price
Business Skills			
Grammar Skills	1	8	\$395
Business Writing	1	8	\$395
Effective Presentations	1	8	\$395
Time Management	1	8	\$590
Advanced Business Writing	1	8	\$395
Advanced Communication Skills	1	8	\$395
Business Etiquette	1	8	\$395
Effective Business Writing	1	8	\$395
Email Etiquette	1	8	\$395
Interviewing Skills	1	8	\$395
Managerial Leadership	1	8	\$395
Negotiating	1	8	\$395
Organizational Skills	1	8	\$395
Project Management Fundamentals	1	8	\$395
Six Sigma White Belt	1	7	\$700
Six Sigma Yellow Belt	2	14	\$1400
Six Sigma Green Belt	3	21	\$2100
Six Sigma Black Belt	5	35	\$3500
Contact Management			
ACT! 6.0 - Level 1	1	8	\$295
Databases			
Access 2013/2016 - Level 1	2	16	\$590
Access 2013/2016 - Level 2	2	16	\$590
Access 2013/2016 - Level 3	2	16	\$590
Crystal Reports XI - Level 1	2	16	\$990

TECHNICAL TRAINING CLASSES

Class	Days	Hours	Price
CISCO			
Building Cisco Multi-Layer Switched Networks (BCMSN)	5	35	\$3,395
Implementing Secure Converged Wide Area Network (ISCW)	5	35	\$3,395
Building Scalable Cisco Internetworks (BSCI)	5	35	\$3,395
Optimizing Converged Cisco Networks (ONT)	5	35	\$3,395
Securing Networks with PIX and ASA (SNPA)	5	35	\$3,395
Interconnecting Cisco Network Devices (ICND) Part 1	5	35	\$2,995
Interconnecting Cisco Network Devices (ICND) Part 2	5	35	\$2,995
Cisco Implementing Cisco Unified Wireless Networking Essentials (IUWNE)	5	35	\$3,395
Cisco Securing Networks with PIX and ASA (SNPA)	5	35	\$3,395
Cisco Implementing Cisco IOS Unified Communications (IUC)	5	35	\$3,395
Implementing Cisco IOS Network Security (IINS)	5	35	\$3,395
Implementing Cisco IP Routing (ROUTE)	5	35	\$3,395
Implementing Cisco Switched Networks (SWITCH)	5	35	\$3,395
Interconnecting Cisco Networking Devices Accelerated (CCNAX)	5	35	\$3,395
Securing Networks with ASA Fundamentals (SNAF)	5	35	\$3,395
Troubleshooting and Maintaining Cisco IP Networks (TSHOOT)	5	35	\$3,395
Citrix			
CTX-1259 CI Citrix XenApp 5 for Windows Server 2003: Administration	5	35	See Website
CTX-1264 BI Citrix Presentation Server 4.5 and XenApp 5.0 for Windows Server 2003: Support	3	21	See Website
CTX-1308AI Citrix Access Gateway 4.5 Advanced Addition: Administration	2	14	See Website
CTX-1327AI Citrix Password Manager 4.5: Administration	2	14	See Website
CTX-1456 AI Citrix Access Suite 4.0: Build/Test	2	14	See Website
CTX-1256BI Citrix Presentation Server 4.0: Administration	4	28	See Website
CXS-200-11 Implementing Citrix XenServer Enterprise Server 2008	2	35	See Website
CMB-200-aa Implementing the Citrix Desktop Delivery	5	35	See Website
CXA-300-1I Advanced Administration for Citrix XenApp 5.0 for Windows Server 2008	5	35	See Website
CAG200-1I Implementing Citrix Access Gateway 9.0 Enterprise Edition	2	14	See Website
CMB-200-2I Implementing the Citrix Desktop Delivery Infrastructure	5	35	See Website
CMB-201-1I Implementing Citrix XenApp Platinum Edition Components	5	35	See Website
CNS-200-1I Basic Administration for Citrix NetScaler 9.0	5	35	See Website
CTX-1259CI Citrix XenApp 5 for Windows Server 2003: Administration	5	35	See Website
CTX-1264 BI Citrix Presentation Server 4.5 and XenApp 5.0 for Windows Server t	3	21	See Website
CXA-100-1I Providing Help Desk Support for Citrix XenApp	2	14	See Website

CXA-300-11 Advanced Administration for Citrix XenApp 5.0 for Windows Server 08	5	35	See Website
CXS-200-11 Implementing Citrix XenServer Enterprise Edition 5.0	2	14	See Website
Hardware			
A+ Certification – Essentials-IT /Remote/Depot Support Technician	10	70	
Network+ Certification	5	35	
Information Security			
Certified Ethical Hacker	5	35	\$2,895
Computer Hacking Forensics Investigator	5	35	\$2,895
New Horizons Career Development Solutions Training for CISSP Certification	5	35	\$2,995
Security+ Certification	5	35	\$2,475
Linux/Unix			
Linux+ Certification	5	35	\$2,475
Microsoft Applications			
2030 Creating Reporting Solutions Using Microsoft SQL Server 2000 Reporting Services	2	14	\$990
2124 Programming with C Sharp	5	35	\$2475
Microsoft Exchange Server			
2011 Troubleshooting Microsoft Exchange Server 2003	3	21	\$1,485
2400 Implementing and Managing Microsoft Exchange Server 2003	5	35	\$2475
10135 Configuring, Managing Microsoft Exchange Server 2010	5	35	\$2475
10233 Designing and Deploying Messaging Solutions with Exchange Server 2010	5	35	\$2475
2008 Designing and Planning Exchange Server 2003 Organization	2	14	\$990
5047 Introduction to Installing and Managing Microsoft Exchange Server 2007	3	21	\$1,485
5049 Managing Messaging Security using Microsoft Exchange Server 2007	2	14	\$990
5050 Recovering Messaging Servers and Databases using Exchange 2008	1	7	\$990
5053 Designing a messaging Infrastructure Using Exchange 2007	3	21	\$1,485
5051 Monitoring and Troubleshooting Exchange Server 2007	2	14	\$990
3910 Getting Started with Microsoft Exchange Server 2007	1	7	\$490
10233 Designing and Deploying messaging Solutions with Microsoft Exchange Server 2010	5	35	\$2475
5054 Designing a high Availability Messaging Solution Using MS Exchange Server	2	14	\$990
3938 Updating Your Skills from Microsoft Exchange 2000 Server or Microsoft Exchange Server 2003 to Microsoft Exchange Server 2007	3	21	\$1,485
5054 Designing a High Availability Messaging Solution Using Microsoft Exchange Server 2007	2	14	\$990
Microsoft Office - Technical			
10174 Configuring, Managing SharePoint 2010	5	35	\$2475
10175 SharePoint 2010 Application Development	5	35	\$2475
10231 Designing and Deploying Microsoft SharePoint 2010	5	35	\$2475
10232 Designing and Developing Microsoft SharePoint 2010 Applications	5	35	\$2475
50046 Introduction to Development Using Windows SharePoint Services 3.0	2	14	\$990
50352 SharePoint 2010 Overview for Developers	2	14	\$990
50353 SharePoint 2010 Overview for End Users	3	21	\$1,485
5060 Implementing Windows SharePoint Services 3.0	2	14	\$990
5061 Implementing Microsoft Office SharePoint Server 2007	3	21	\$1,485
Microsoft SharePoint Designer 2007 Level 1	1	7	\$490
Microsoft SharePoint Designer 2007 Level 2	1	7	\$490
SharePoint Fundamentals	3	21	\$1,485
Windows SharePoint Services 3.0 –Level 1	2	14	\$990
Windows SharePoint Services 3.0 –Level 1	2	14	\$990
50047 Advanced IT pro Course for MS Office Sharepoint 2007	5	35	\$2475
50051 Architecting Portals and Collaboration Solutions with MS office Sharepoint 2007	2	14	\$990
50064 Advanced Sharepoint Development 5 days	5	35	\$2475

50149 Sharepoint 2007 Operations 5 days	5	35	\$2475
50227 Sharepoint 2007 End User 3 days	3	21	\$1,485
50351 Sharepoint 2010 for Developers 2 days	2	14	\$990
50354 Sharepoint 2010 for Designer			
Microsoft.NET			
2072 Administering a Microsoft SQL Server 2000 Database	5	35	\$2475
2073 Programming a Microsoft SQL Server 2000 Database	5	35	\$2475
2310 Developing Microsoft ASP.NET Web Applications Using Visual Studio.NET	5	35	\$2475
2349 programming with the Microsoft.NET Framework (Visual C Sharp.NET)	5	35	\$2475
2373 Programming with Microsoft Visual Basic .NET	5	35	\$2475
2389 Programming with Microsoft ADO.NET	3	21	\$1,485
2415 Programming with the Microsoft.NET Framework (Microsoft Visual Basic.NET)	5	35	\$2475
2524 Developing XML Web Services Using Microsoft ASP.NET	3	21	\$1,485
2526 Developing Distributed Applications with Microsoft.NET Remoting	2	14	\$990
2546 Core Windows Forms Technologies with Microsoft Visual Studio 2005	3	21	\$1,485
2547 Advanced Windows Forms Technologies with Microsoft Visual Studio 2005	2	14	\$990
2555 Developing Microsoft.NET Applications for Windows (Visual C Sharp.NET)	5	35	\$2475
2565 Developing Microsoft .NET Applications for Windows (Visual Basic.NET)	5	35	\$2475
2557 Building COM+ Applications Using Microsoft .NET Enterprise Services	5	35	\$2475
2558 Programming with Managed Extensions for Microsoft Visual C++ .NET	3	21	\$1,485
2559 Introduction to Microsoft Visual Basic .NET Programming with Microsoft.NET	5	35	\$2475
2565 Developing Microsoft .NET Applications for Windows (Visual Basic.NET)	5	35	\$2475
2609 Introduction to C Sharp Programming with Microsoft .NET	5	35	\$2475
2640 Upgrading Web Development Skills from ASP to Microsoft ASP.NET Daytime Classes	3	21	\$1,485
2657 Programming Microsoft Access 2002	3	21	\$1,485
2663 Programming with XML in the Microsoft.NET Framework	3	21	\$1,485
2667 Introduction to Programming	3	21	\$1,485
2733 Updating Your Database Administration Skills to Microsoft SQL Server 2005	3	21	\$1,485
2734 Updating Your Database Development Skills to Microsoft SQL Server 2005	3	21	\$1,485
4994 Introduction to Programming Microsoft .Net applications	5	35	\$2,475
4995 Programming with Microsoft .Net Framework	5	35	\$2,475
6463 Visual Studio 2008 ASP.NET 3.5	2	14	\$990
6464 Visual Studio 2008 ADO.NET 3.5	2	14	\$990
10266 Programming with C# using Microsoft .NET Framework 4	5	35	\$2,475
2710 Analyzing Requirements and Defining Microsoft .NET Solution Architectures	5	35	\$2,475
Microsoft Windows			
2087 Implementing Microsoft Windows 2000 Clustering	3	21	\$1,485
2152 Implementing Microsoft Windows 2000 Professional and Server	5	35	\$2475
2153 Implementing a Microsoft Windows 2000 Network Infrastructure	5	35	\$2475
2154 Implementing and Administering Microsoft Windows 2000 Directory Services	5	35	\$2475
2207 Windows Server 2003 Upgrade Workshop for MCSE on Windows 2000	5	35	\$2475
2208 Updating Support Skills from Microsoft Windows NT 4.0 to Microsoft Windows Server 2003	3	21	\$1,485
2209 Updating Systems Administrator Skills from Microsoft Windows 2000 to Windows Svr. 2003	2	14	\$990
2261 Supporting Users Running the Microsoft Windows XP Operating System	3	21	\$1,485
2262 Supporting Users Running Applications on a Microsoft Windows XP Operating System	2	14	
2272 Implementing and Supporting Microsoft Windows XP Professional	5	35	\$2475
2710 Analyzing Requirements and Defining Microsoft .NET Solution Architectures	5	35	\$2475
2717 Introduction to Microsoft .NET Development	2	14	\$990

2732 Planning, Deploying and Managing an Enterprise Project Management Solution	5	35	\$2475
2810 Fundamentals of Network Security	4	28	\$1,980
10159 Updating Your Windows Server 2008 Technology Specialist Skills to R2 (Beta)	3	21	\$1,485
10262 Developing Windows Applications with Microsoft Visual Studio 2010 (Beta)	5	35	\$2475
10263 Developing Windows Communication Foundation Solutions, Ms Visual Studio 2010 (Beta)	3	21	\$1,485
Microsoft Other - Technical			
2723 Microsoft SQL Server 2000 for Experienced Database Professionals	3	21	\$1,485
2823 Implementing and Administering Security in a Microsoft Windows Server 2003 Network	5	35	\$2475
2824 Deploying and Managing Microsoft Internet Security and Acceleration Server 2004	4	28	\$1,980
Microsoft Server 2003			
2273 Managing and Maintaining a Microsoft Windows Server 2003 Environment	5	35	\$2475
2274 Managing a Microsoft Windows Server 2003 Environment	5	35	\$2475
2275 Maintaining a Microsoft Windows Server 2003 Environment	3	21	\$1,485
2276 Implementing a MS Windows Server 03 Network Infrastructure - Network Hosts	2	14	\$990
2277 Implementing Managing and Maintaining a Microsoft Windows Server	5	35	\$2475
2278 Planning and Maintaining a MS Windows Server 2003 Network Infrastructure	5	35	\$2475
2279 Planning, Implementing, and Maintaining a MS Server 2003 Active Directory	5	35	\$2475
2282 Designing a MS Windows Server 03 Active Directory and Network Infrastructure	5	35	\$2475
2285 Installing, Configuring, and Administering Microsoft Windows XP Professional	2	14	\$990
Microsoft SQL			
2072 Administering a Microsoft SQL Server 2000 Database	5	35	\$2475
2073 Programming a Microsoft SQL Server 2000 Database	5	35	\$2475
2733 Updating Your Database Administration Skills to Microsoft SQL Server 2005	3	21	\$1485
2734 Updating Your Database Development Skills to Microsoft SQL Server 2005	3	21	\$1485
2778 Writing Queries Using Microsoft SQL Server 2008 Transact-SQL	3	21	\$1485
2779 Implementing a Microsoft SQL Server 2005 Database	5	35	\$2475
2780 Maintaining a Microsoft SQL Server 2005 Database	5	35	\$2475
2781 Designing Microsoft SQL Server 2005 Server-Side Solutions	3	21	\$1485
2782 Designing Microsoft SQL Server 2005 Databases	2	14	\$990
2783 Designing the Data Tier for Microsoft SQL Server 2005	1	7	\$495
2784 Tuning and Optimizing Queries Using Microsoft SQL Server 2005	3	21	\$1485
2786 Designing Microsoft SQL Server 2005 Infrastructure and Services	2	14	\$990
2787 Designing Security for Microsoft SQL Server 2005	2	14	\$990
2788 Designing a High Availability Database Solutions Using MS SQL Server 2005	3	21	\$1485
2789 Administering and Automating MS SQL Server 2005 Databases and Servers	2	14	\$990
2790 Troubleshooting and Optimizing Database Servers using MS SQL Server 2005	3	21	\$1485
2791 Implementing and Maintaining Microsoft SQL Server 2005 Analysis Services	3	21	\$1485
2792 Implementing and Maintaining Microsoft SQL Server 2005 Integration Services	3	21	\$1485
2793 Implementing and Maintaining Microsoft SQL Server 2005 Reporting Services	3	21	\$1485
2795 Designing an ETL Solution Architecture Using MS SQL 05 Integration Services	2	14	\$990
2796 Designing an Analysis Solution Architecture Using SQL 05 Analysis Services	3	21	\$1485
2797 Designing a Reporting Solution Architecture Using MS SQL05 Reporting Services	2	14	\$990
6231 Maintaining a Microsoft SQL Server 2008 Database	5	35	\$2475
6232 Implementing a Microsoft SQL Server 2008 Database	5	35	\$2475
6234 Implementing and Maintaining Microsoft SQL Server 2008 Analysis Services	3	21	\$1485
6235 Implementing and Maintaining Microsoft SQL Server 2008 Integration Services	3	21	\$1485
6236 Implementing and Maintaining Microsoft SQL Server 2008 Reporting Services	3	21	\$1485
Oracle Database 10g: Program With PL/SQL	5	35	\$2475
Oracle Database 11g: SQL Fundamentals I	5	35	\$2475
2546 Core Windows Forms Technologies with Microsoft Visual Studio 2005	2	14	\$990
2547 Advanced Windows Forms Technologies with Microsoft Visual Studio 2005	5	35	\$2475
2555 Developing Microsoft .NET Applications for Windows (Visual C Sharp .NET)	5	35	\$2475

2823 Implementing and Administering Security in a MS Windows Server 2003 Network	5	35	\$2475
2853 Developing and Maintaining Applications on Windows XP Service Pack 2	3	21	\$1485
50046 Introduction to Development Using Windows SharePoint Services 3.0	5	35	\$2475
50047 Advanced IT Pro Course for MS Office SharePoint Server 2007 and Windows SharePoint Services 3.0	5	35	\$2475
50331 Windows 7, Enterprise Desktop Support Technician	5	35	\$2475
5060 Implementing Windows SharePoint Services 3.0	2	14	\$990
5115 Installing and Configuring the Windows Vista™	3	21	\$1485
5116 Configuring Windows Vista Mobile Computing and Applications	2	14	\$990
5118 Supporting Windows Vista and Applications in the Enterprise	5	35	\$2475
5119 Supporting Windows Vista Computers with Desktop Images and Application	2	14	\$990
6292 Installing and Configuring Windows 7 Client	3	21	\$1485
6293 Troubleshooting and Supporting Windows 7 in the Enterprise	3	21	\$1485
6416 Updating your Net Infrastructure and Active Directory Technology Skills Server 2008	5	35	\$2475
6417 Updating your Applications Infrastructure Technology Skills to Server 2008	3	21	\$1485
6418 Deploying Windows Server 2008	3	21	\$1485
6419 Configuring, Managing, and Maintaining Windows Server 2008 Servers	5	35	\$2475
6420 Fundamentals of Windows Server 2008 Network and Applications Infrastructure	5	35	\$2475
6421 Configuring and Troubleshooting a Windows Server 2008 Network Infrastructure	5	35	\$2475
6422 Implementing and Managing Windows Server 2008 Hyper-V	3	21	\$1485
6423 Implementing and Managing Windows Server 2008 Clustering	3	21	\$1485
6424 Fundamentals of Windows Server 2008 Active Directory	3	21	\$1485
6425 Configuring Windows Server 2008 Active Directory Domain Services	5	35	\$2475
6426 Configuring and Troubleshooting Identity and Access Solutions with Windows Server 2008 Active	3	21	\$1485
6427 Configuring and Troubleshooting Internet Information Services 7.0 in Windows Server2008	3	21	\$1485
6428 Configuring and Troubleshooting Windows Server 2008 Terminal Services	2	14	\$990
6429 Configuring and Managing Windows Media Services for Windows Server 2008	2	14	\$990
6430 Planning for Windows Server 2008 Servers	3	21	\$1485
6431 Managing and Maintaining Windows Server 2008 Network Infrastructure Servers	2	14	\$990
6432 Managing and Maintaining Windows Server 2008 Active Directory Servers	2	14	\$990
6434 Automating Windows Server 2008 Administration with Windows PowerShell	3	21	\$1485
6435 Designing a Windows Server 2008 Network Infrastructure	5	35	\$2475
6436 Designing a Server 2008 Active Directory Infrastructure and Services	5	35	\$2475
6437 Designing a Windows Server 2008 Applications Platform Infrastructure	3	21	\$1485
6460 Visual Studio 2008 Connected Systems: Windows Presentation Foundation	5	35	\$2475
6461 Visual Studio 2008 Connected Systems: Windows Communication Foundation	3	21	\$1485
6462 Visual Studio 2008 Connected Systems: Windows Workflow Foundation	2	14	\$990

GENERAL RULES AND POLICIES

Non-Discrimination Policy

New Horizons Career Development Solutions is committed to providing a learning environment that is free of discrimination. Equal opportunity will be extended to all persons in all aspects of our Program. New Horizons Career Development Solutions will not discriminate against a student because of race, color, religion, sex, sexual orientation, pregnancy, national origin, ancestry, age, marital status, physical or mental disability, or medical condition. If a student believes they are being discriminated against, they should report the facts of the incident to the Instructor, the Education Consultant, or the Site Manager in writing (see Grievance Procedures)

Drug Free Campus

In accordance with the Drug-Free Schools and Communities Act, Public Law 101-226, New Horizons Career Development Solutions is a drug and alcohol free school. Student use of alcohol or the manufacture, distribution, dispensing, or use of a controlled substance on school property, or while participating in school related activities, is prohibited. Students who violate this policy are subject to disciplinary action, which could include termination from the program. A detailed copy of this policy is provided to all current students.

“Notice Concerning Transferability Of Credits And Credentials Earned At Our Institution”

“The transferability of credits you earn at New Horizons Career Development Solutions is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the Course, or Certification you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the Course, Certificate or Certification that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending New Horizons Career Development Solutions to determine if your Course, Certificate or Certification will transfer.”

Articulations Agreements with Universities or Colleges

New Horizons Career Development Solutions does not have an articulation or transfer agreement with any other college or university.

Registration under the Utah Postsecondary Proprietary School Act

a) REGISTERED UNDER THE UTAH POSTSECONDARY PROPRIETARY SCHOOL ACT (Title 13, Chapter 34, Utah Code).

b) Registration under the Utah Postsecondary Proprietary School Act does not mean that the State of Utah supervises, recommends, nor accredits the institution. It is the student's responsibility to determine whether credits, degrees, or certificates from the institution will transfer to other institutions or meet employers' training requirements. This may be done by calling the prospective school or employer.

c) The institution is not accredited by a regional or national accrediting agency recognized by the United States Department of Education.

Student Records Reporting and Confidentiality

Students have a right to any and all of their personal records which our school maintains for the sole purpose of monitoring progress during their enrollment at New Horizons Career Development Solutions. This includes attendance, personal information, and entrance testing results. New Horizons Career Development Solutions is obligated by various government regulatory entities to use the student records as a whole to report performance statistics related to enrollments. Because of the confidentiality of student records, New Horizons Career Development Solutions does not give out student information without proper authorization. The only individuals who have proper authorization without written permission from the student are as follows:

- New Horizons Career Development Solutions Staff
- Authorized Consumer Affairs representatives
- Authorized CSAAVE representatives
- The student

If a student wishes a printout of their transcript, they will need to visit the school in person and fill out a REQUEST FOR STUDENT RECORD FORM. The student will also need to return in person in order to pick up a copy of their transcript. The school does not mail any transcripts or certifications directly to the student. All student records are stored in a location only assessable by approved staff of New Horizons Career Development Solutions. Student transcripts are saved and permanently maintained electronically at our main campus permanently.

New Horizons Career Development Solutions is a Non-Resident Campus

New Horizons Career Development Solutions does not assist a student in finding housing. There are no dormitory facilities under New Horizons Career Development Solutions control. The cost range of housing in the area of the school is between \$700 and \$1200 per month for a one bedroom apartment. New Horizons Career Development Solutions takes no responsibility to find or assist a student in finding housing.

FACILITY, FACULTY AND EQUIPMENT

New Horizons Computer Learning Center's facility has 5 classrooms and is located at 4516 S 700 E, Ste 190, Murray, UT 84107. Being within just a few miles of downtown Salt Lake City its location is ideal for computer training. Ample parking is available for over 100 automobiles, and the building is within a few minutes drive to numerous eating establishments and a major mall. The New Horizons building is fully ADA compliant.

All instructors at New Horizons are Certified New Horizons Instructors, which represents completion of a stringent course approved by Microsoft and New Horizons. They also are certified further through vendor certifications programs (i.e. Certified Novell Instructor, Microsoft Certified Trainer, etc.)

At New Horizons, every student is trained on at least one of New Horizons' 250+ computers. The center owns \$1million of Cisco routers and switches, as well as two full T-1 ground lines. A tour of the New Horizons facility is encouraged and available for anyone requesting to do so.

registration and disclaimer statements

- a) REGISTERED UNDER THE UTAH POSTSECONDARY PROPRIETARY SCHOOL ACT (Title 13, Chapter 34, Utah Code).**
- b) Registration under the Utah Postsecondary Proprietary School Act does not mean that the State of Utah supervises, recommends, nor accredits the institution. It is the student's responsibility to determine whether credits, degrees, or certificates from the institution will transfer to other institutions or meet employers' training requirements. This may be done by calling the prospective school or employer.**
- c) The institution is not accredited by a regional or national accrediting agency recognized by the United States Department of Education.**

ADMISSIONS PROCESS

- "As a prospective student, you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the "School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement"
- When a prospective student contacts New Horizons Career Development Solutions to inquire about our training, an Education Advisor will discuss our offerings with the student and an invitation is extended to attend an evaluation class and a tour. This evaluation class is generally a 4-hour Software Applications class. The evaluation class allows the student to sample a half a day of training without any further obligation.
- An Education Advisor will meet with the student to discuss their individual training interests. An appointment will be made to take the entrance exam. The Education Advisor will discuss the exam results with the candidate. It is determined at this time whether a student has the required prerequisite knowledge, and ability to be successful in the chosen program.
- An interview may also be used to determine the viability of a candidate. A member of our management team conducts interviews. *Additional interviews may be required in certain situations.* Student interviews assess employment history, educational background, and relevant skills. Interview results are used to determine the candidate's ability to be successful in the desired program. Upon successful completion of assessments and interviews, a candidate may request enrollment.
- All enrolling students will read and sign a *Contractual Enrollment Agreement*, and the *Students Right to Cancel Notification along with reviewing the School Performance Fact Sheet*. These documents outline the items included in the program, cost, cancellation grace period, withdrawal, and refund policies.
- Each program has requirements listed for the given program
- A High School Diploma or equivalency is required for enrollment
- Students enrolling in Distance Learning Modalities will be required to pass an assessment class prior to enrolling in courses.
- Students enrolling in Distance Learning Online Anytime Classes will receive Learning Materials within SEVEN days of enrollment
- All instructor evaluations and response will be made within FIVE business days.
- Pursuant to the Rehabilitation Act of 1973 (Section 504) and the 1990 Americans With Disabilities Act (ADA), New Horizons Learning Centers will provide reasonable and individualized academic modifications for students who have provided proper documentation outlining their disabilities and have requested reasonable and appropriate accommodations.
- Classroom accommodations are not retroactive, but are effective only after the request has been made, the documentation has been received and the school has had an opportunity to address the request and/or accommodation. Therefore, if you have a disability, it is your responsibility to seek available assistance and make your needs known at the time of enrollment or as the need arises due to disability. Students are encouraged to request accommodations as early as feasible with the school to allow for time to gather necessary documentation and consider reasonable accommodations. Students cannot wait until after completing a course or activity or receiving a poor grade to request services and then expect a grade change or opportunity to retake the course.
- Although accommodations cannot be provided which would fundamentally alter the nature of the program, cause undue hardship on the school, or jeopardize the health, safety or learning environment of others, reasonable accommodations can be provided to specifically address the fundamental limitations of the student's specific disability.

Course Hours

New Horizons Career Development Solutions courses are scheduled conveniently. Classes are available during the weekdays, and some evenings and Saturdays. Classes are scheduled frequently to allow students the flexibility to take daytime classes or to arrange classes around their work schedule. Class schedules vary based on location. New Horizons Career Development Solutions distributes class schedules via our website, www.nhlearninggroup.com. Schedules should be reviewed for specific class dates and times. New Horizons Career Development Solutions schedules class times and frequency based on consumer demand. All classes necessary to complete a program may not always be available Evenings and Saturdays. New Horizons Career Development Solutions reserves the right to add or cancel class scheduling based on enrollment and consumer demand.

Standard Class Hours:

Class Type	*Day	*Eve
Cohorts	7:00 AM – 11:30 AM 12:00 PM – 4:30 PM	5:30PM – 10:00 PM
Instructor Led Technical Courses (Microsoft®, CompTIA®, CISCO®)	7:00 AM – 3:00PM 8:00 AM – 4:00PM	
Application Courses	7:00 AM - 3:00 PM 8:00 AM – 4:00 PM	

*Start and end times may vary by location

Breaks are as follows:

First 20 minute break - Starts approximately two hours from class start time, Lunch Period – Starts approximately two hours from first break, Second 20 minute break – Starts at 2 hours from the lunch period.

2017 Holidays

School is closed for the following holidays

New Year's Day Holiday	01/01/17 and 01/02/2017

Labor Day	09/04/17
Thanksgiving	11/23/17 and 11/24/17
Christmas	12/25/17 and 12/26/17
New Year's Eve	

2018 Holidays

New Year's Day Holiday	01/01/18
Memorial Day	05/28/18
Independence Day Holiday	07/04/18
Labor Day	09/03/18
Thanksgiving	11/22/18 and 11/23/18
Christmas	12/24/18 and 12/25/18
New Year's Eve	12/31/18

Enrollment Policy

Student may enroll on any day school is in session. Student may not begin course or program until enrollment agreements are completed and signed by both student and Career Consultant. Student must pay required fees prior at time of enrollment. Student must meet prerequisites for the course he or she is enrolling. Prerequisites for each course and program are listed in course outlines and program descriptions. Each course and program has a maximum enrollment of 36 per cohort.

Three-business-day cooling-off Period

A three-business-day cooling-off period during which time the student may rescind the contract and receive a refund of all money paid. The cooling-off period may not end prior to midnight of the third business day after the latest of the following days:

- (i) the day the student signs an enrollment agreement
- (ii) the day the student pays the institution an initial deposit or first payment toward tuition and fees; or
- (iii) the day that the student first visits the institution, if the program lasts more than 30 consecutive calendar days.

Notice of Student Rights and Cancellation

1. You have the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later, as described in the Notice of Cancellation which you are given at the time of enrollment.
Read the Notice of Cancellation form for an explanation of your cancellation rights and responsibilities. If you have lost your Notice of Cancellation form, ask your New Horizons Career Development Solutions Education Consultant for a sample copy.
2. After the end of the cancellation period, you also have the right to stop your training at any time; and you have the right to receive a refund for the portion of the course you have not yet taken. Your refund rights are described in your contract and dependent upon your funding terms. If you have lost your contract, ask your New Horizons Career Development Solutions Education Consultant for a description of the refund policy.
3. Student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, which is later.
4. If you have any complaints, questions, or problems, which you cannot work out with New Horizons Career Development Solutions call or write to:

Division of Consumer Protection
160 East 300 South, 2nd Floor
P.O. Box 146704
Salt Lake City, Utah 84114-6704
OR by fax to: (801) 530-6001

Program Refund information

You may withdraw from a program after instruction has started and receive a pro-rata refund for the unused portion of the tuition and other refundable charges. To determine your refund you would deduct a registration fee of seventy-five dollars (**\$75.00**) from the tuition charge. You would then divide this figure by the number of hours in the program. The rate is the hourly charge for the program. The amount owed by the student for the purpose of calculating a refund is derived by multiplying the total hours attended by the hourly charge for instruction plus the amount of the registration fee and the documented costs of any books or equipment that were not returned. *For example if the student completes only 10 hours of a 40 hour course and paid \$400.00 tuition, and a registration fee of \$75.00, the student would receive a refund of \$300.00. (\$475.00 total fee, less the registration fee of \$75.00, divide this by the 40 hours of the program, this will give you the hourly rate of \$10.00 per hour). Multiply this rate times the hours completed 10 hours completed x \$10.00 per hour, totaling the \$100.00 for the tuition charge. This charge plus the registration fee would be deducted from the amount paid. Total paid \$475.00, less registration fee \$75.00, less tuition charge \$100.00 refund paid \$300.00.*

Individual Class Refund Information

You may withdraw from a class after instruction has started prior to completing more than 60% of a course and receive a pro-rata refund, less a \$75.00 application fee, based on the percentage of the course that you completed.

If New Horizons Career Development Solutions provided supplies, manuals, or other equipment for classes not attended, you must return these items within Five days of the date of the cancellation notice. If you do not return these items within this Five day period, New Horizons Career Development Solutions will withhold an amount equal to the cost of the items not returned. New Horizons Career Development Solutions is required to refund any amount remaining as provided in the Refund Agreement.

If you have any questions or need further clarification, please contact your Education Consultant at New Horizons Career Development Solutions.

Veteran's Refund Policy

New Horizon CLC's Veterans Refund Policy complies with CFR 21.4255. In the event the veteran or eligible person fails to enter the course, withdraws, or is dismissed at any time prior to completion, any unused portion of tuition, fees, and other charges is refunded. Any amount in excess of \$10 of the application/registration fee is subject to a 100% pro-rata refund policy. The amount charged will not exceed the exact pro-rata portion of total charges. The length of the completed portion of the course will be prorated over its total length, and the exact proration will be determined by the ratio of the number of days of instruction completed by the student, to the total number of instructional days in the course. Refunds are made within 40 days of the last date of the student's attendance.

Grievance Procedures

If you encounter any problems concerning the education or administration of this program, please contact your Instructor Immediately and state your grievance in writing to allow us to help you. The issue will not be addressed until a written grievance has been submitted to the following New Horizons Career Development Solutions staff:

- | | |
|---|---|
| <ul style="list-style-type: none">• 1st level - Your Guidance Counselor• (Please Allow 3 Business Days)• 2nd level - Your Campus Education Advisor• (Please Allow 3 Business Days) | <ul style="list-style-type: none">• 3rd level - Director of Career Development• (Please Allow 3 Business Days)• 4th level – Vice President of Career Development• (Please Allow 3 Business Days) |
|---|---|

If the 1st level staff (Guidance Counselor) has not responded to your grievance issue in a satisfactory manner, please proceed to the next level of authority.

How to file a Complaint with the Division

Please read through the following instructions before downloading the Consumer Complaint Form.

1. Determine that your complaint is properly before the division. In general, the division has been given the authority to address the following types of cases:
 - a. Claims based on deceptive business practices; and
 - b. Claims against a business that is regulated by the division, i.e. Charitable Organizations, Credit Service Organization (Credit Repair). Debt-Management Service Provider, Health Spas, Post Secondary Proprietary Schools, Sellers of Business Opportunities or Franchises, or Telemarketers.

By contrast, the division does not have the authority to address the following types of cases:

- c. Transactions that are not consumer transactions;
- d. Contract disputes that do not involve deceptive practices; and
- e. Complaints that are based on credit terms of a transaction.

If you are unable to determine what type of case you have, click on [Utah Consumers' Resource Guide](#). This guide will direct you to those agencies that may best be able to help you. Or, you may contact us with your questions by mail or telephone. However, please be aware that we cannot give you legal advice regarding your rights. You should contact an attorney for that advice.

2. The Consumer Complaint Form can be completed on your computer and then printed or you can download the blank form and write or type the requested information. Please make sure that the information you provide to us is accurate and complete. In particular, please make sure your contact information is complete so that we are able to contact you.
3. Copies of supporting documents **must be enclosed** with the completed Consumer Complaint Form. These documents include your contract, warranties, invoices, cancelled checks or other documentary evidence that you may have. If you fail to provide us with these copies, our ability to help you will be delayed if not undermined.

Send your completed Consumer Complaint Form with your supporting document to:

Division of Consumer Protection
160 East 300 South, 2nd Floor
P.O. Box 146704
Salt Lake City, Utah 84114-6704
OR by fax to: (801) 530-6001

Surety Bond Posted with Department of Consumer Protection

As required by Utah Code Title 13, Chapter 34, Utah Postsecondary Proprietary School Act, New Horizons Computer Learning Center maintains a surety bond which is held by the Department of Consumer Protection. New Horizons' bond is posted in our lobby, a copy of which is available upon request.

Reimbursement to Veterans and Eligible Persons

For information or for resolution of specific payment problems, the veteran should call the DVA Nationwide toll free number at 1-800-827-1000

Credit Evaluation Policy

Students who enter New Horizons Career Development Solutions with previous training in the course to be pursued will be tested upon enrollment and when appropriate, be given credit for prior educations and/or experience. Evaluation will be based upon a written exam, an oral exam, official documentation or certificates or a combination of the above criteria. Credit will be recorded on enrollment record and the length of the course shortened proportionately. Tuition will be adjusted accordingly. In addition the student and the Department of Veteran's Administration (DVA) shall be notified. All prior training is subject to evaluation.

STUDENT POLICIES

Attendance

Attendance & Tardiness:

We require students to arrive to class on time. If a student arrives more than 30 minutes late, we may allow another student to take their place in class. If students arrive more than 30 minutes late, they will not be admitted to class. If the class is a multiple day class and the student is more than 30 minutes late or the seat is relinquished due to tardiness, the seat is relinquished for the entire length of the class. The student will need to reschedule the class. If a student misses more than 20% of a certified program, a certificate of completion will not be awarded. If an absence or tardy is absolutely necessary, we require that you notify us by calling The Customer Service desk at your local campus on or before the date(s) in question.

VA Attendance Policy

Students must attend 80% of their program hours, this time includes accumulated approved absences and class cuts. Students will be allowed three absences during the duration of their program. **THE 80% RULE TAKES PRECEDENCE OVER THE THREE ABSENCE RULE IN THE CASE WHERE THREE ABSENCES WOULD BE LESS THAN 80% OF A PROGRAM** A student will be placed on a 30 day attendance probation if he or she is below 80% in attendance. The student must bring his/her attendance above 80% within in 30 days to be removed from probation. If at the end of the probation period, the student's attendance is not raised to 80% of scheduled classes, the Department of Veterans Affairs will be notified and benefits will be interrupted.

A student can be placed on a maximum of Two probation for attendance prior to academic dismissal.

Make Up Work

Students will work directly with instructor for make-up work. Students will have two weeks from the date of missed class to submit make up work

Program Interrupt-Extension Policy / Leave of Absence / Withdrawal

All written requests for a "Leave of Absence", "Training Extension", or "Reinstatement" will be considered. These are granted to students at the discretion of the School. These interruptions or reinstatements into a program are subject to space availability. Students who interrupt from one class and transfer to the next available class will be responsible for any cost incurred due to any change or upgrade made in course kits or books. If an upgrade occurs, the added cost will be the sole responsibility of the student. New Horizons Career Development Solutions will not incur any of the additional costs.

Suspension or Dismissal

It is the intention of New Horizons Career Development Solutions to provide the most effective learning and training environment for our students. Therefore, it is imperative that our staff maintains and enforces guidelines that will ensure the best possible educational atmosphere for the students. The following are general examples of behaviors and actions that may lead to a student's suspension and/or dismissal:

1. Inappropriate and/or violent conduct displayed by the student.
2. Inappropriate clothing, or improper clothing attire, and/or indecent exposure.
3. Disrespect for New Horizons Career Development Solutions property and equipment.
4. Software piracy or violating copyright rules and regulations.
5. Recurring attendance problems despite continuous meetings with the Education Consultant and/or Site Manager to rectify the issues.

SUSPENSION OR DISMISSAL

The general levels of reprimand are as follows:

The student will meet with the Education Consultant or Site Manager to discuss the inappropriate conduct and the respective consequences.

The second level, if the problem persists after the primary level of reprimand has been exhausted is to suspend the student [no longer than thirty (30) days] from the training facility. A mutual plan will be discussed and agreed upon by the Education Consultant, Site Manager and the student. Once all parties agree upon this mutual plan, then the student will be reinstated.

If the primary and secondary levels do not resolve the inappropriate behavior, then the student will be terminated from the training program. However, if the inappropriate behavior displayed violated any section of the federal, state, and local penal codes, then it is under the discretion of New Horizons Career Development Solutions to terminate the student from the training program and facility.

Appeal of Academic Probation, Disciplinary Action, Dismissal

Students have the right to appeal academic probation, dismissal, and disciplinary actions taken against them, as well as final decisions regarding any other dispute resolution procedure. Students who believe they have extenuating circumstances regarding a particular matter should submit an appeal in writing to the CAO. The appeal will be mailed to:

New Horizons Career Development Solutions CAO
1900 S. State College Blvd. Suite 100
Anaheim, CA 92806

The Board of Directors will review the appeal within 10 days of the student's submission. A decision to the appeal will be made within 30 days of the day the appeal was received.

Grading Standards

New Horizons Career Development Solutions does not issue letter grades. We are a pass/fail school. A Completion Certificate is granted when a student completes 80% attendance and passes the New Horizons Career Development Solutions mid-term and final assessments at a score of 70% or better. A Completion Certificate is not issued when a student is absent more than 20% of the course or does not pass the post class assessment.

Reentrance

Conditions for re-enrollment will be approved only after evidence is shown to the School Directors satisfaction that the condition, which caused the interruption for unsatisfactory progress, has been rectified.

Certification Testing

New Horizons Career Development Solutions Programs does include the cost of certification exams unless noted in the program. Each student is financially responsible for the cost of exam registrations. Exam registration fees vary and are established individually by each certifying body (Microsoft, Novell, CIW, CompTIA etc.). Appointments for exams are registered and purchased from Pearson VUE. Exam appointments may be made via the Pearson Vue website at <https://home.pearsonvue.com/test-taker.aspx> or via telephone at (855) 542-6924. If you schedule an exam with Prometric and fail to make that appointment, Pearson VUE will charge you for that exam.

Vouchers / Exam Policy

All unused vouchers for exams expire 18 months from the date of purchase. When student is issued exam voucher it is the students responsibility to schedule and complete the exam before the expiration date of the exam voucher.

Completion Requirements

Completion requires a minimum of 80% course attendance and a passing score on all New Horizons Career Development Solutions post class assessments.

Equipment

Manuals and equipment for application classes will be distributed at the beginning of each individual course. The materials (Student courseware and labs) are given to each student at the beginning of each course. These Courseware and labs become the property and responsibility of the student; by no means should any student material or property be left in a classroom unattended. As a note, replacement costs for some of these kits are as much as \$700 plus tax. For security reasons, the classrooms will be locked at the noon break and students will not be allowed to stay and study. *Be advised:* The photocopying or reproduction of any copyrighted material (books, computer data, files, etc.) may be a violation of governing laws and will not be allowed. This, along with any theft of New Horizons Career Development Solutions' or other student's hardware, software, books or personal belongings may lead to immediate dismissal from the program.

Student Conduct

Students must abide by all school policies and regulations. This includes the proper use of software, hardware, classroom behavior, dress code, respect for the instructor's authority, completion of courses in the designated time frame, and adherence to attendance policies.

New Horizons Career Development Solutions believes that no student has the right to interfere with another student's ability to learn. If any student exhibits behavior that hinders that right, they will be asked to leave the classroom. Children are not allowed to accompany parents into any class or to labs. Students are prohibited from unlawful possession, use, or distribution of illicit drugs, alcohol, or weapons of any kind. No student will be allowed to use any verbal, physical, or discriminatory threats or abusive language towards another student, or member of the staff. The use of profanity is strictly prohibited. Discriminatory remarks of any kind will not be tolerated and may result in termination from the program. Any violation of this conduct policy should be brought to the attention of the Instructor immediately. These concerns can be made verbally, or in writing as stated in the grievance procedures described in this catalog.

Any student who violates this student conduct policy may be placed on advisement, suspension, or dismissed from the program. Any courses that are missed due to violations of the conduct policy must be made up, and are the student's responsibility.

Mobile Phone Policy

Students will always have Mobile Phones on silent. Talking on mobile phones in class is prohibited. Talking on phones in classrooms will result in student being asked to leave for the day. **NO EXCEPTIONS**

Student Dress Code

New Horizons Career Development Solutions is “business casual.” New Horizons Career Development Solutions is a corporate client-based atmosphere. You may encounter a future employer in the hallway or break-room. Therefore, students are requested to wear clothing that is clean, and appropriate. It is further requested that students refrain from wearing the following articles of clothing: sandals, shorts, sweats or any shirt that may expose your midriff. Please use your best judgment in this matter. If you are observed in inappropriate attire, you may be asked to go home and change

Veterans Addendum

The following policies are for students receiving veteran educational benefits as required to meet the minimum standards of federal law.

Standards of Progress

Progress will be monitored for all students receiving veterans’ educational benefits. All students will take assessment exams at approximately the 30% and 60% point of completion of each course. If a student’s assessment is below 70% the student will be put on academic warning and re-assessed in 15 days or the next 15% of the course, whichever is sooner. If at the end of the warning period, the student’s assessment is not raised to 70%, the student will be placed on academic probation and re-assessed in 15 days or the next 15% of the course, whichever is sooner. If at the end of the probation period, the student’s assessment is not raised to 70%, the student will be dismissed from the program and the Department of Veterans Affairs will be notified which could interrupt your benefits.

Software Piracy and Personal Items

In accordance with copyright laws, all New Horizons Career Development Solutions students are prohibited from copying any of the software loaded on the school’s machines. Please understand that any student found doing so may be terminated from the program.

Students are not allowed to bring any of their personal computers or related software and hardware items on any New Horizons Career Development Solutions campuses to be connected or used with the school’s equipment. New Horizons Career Development Solutions shall not be held responsible for any lost or stolen items belonging to any student while on any New Horizons Career Development Solutions campus.

Student Loans

New Horizons Career Development Solutions is not a Federal Department of Education school. Therefore, students cannot use attendance during this program to defer a student loan. New Horizons Career Development Solutions does not participate in Federal or State Financial Aid Programs and students are not eligible for federal financial aid.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest less the amount of any refund, and that if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds.

Payment Policy

Programs of four months, or less, may require payment of all tuition and fees on the first day of instruction.

Programs designed to be four months or longer, require 50 percent for tuition along with courseware cost for payment at the time of enrollment. When 50 percent of the program has been completed the remaining payment is due.

The limitations in this section shall not apply to any funds received by an institution through federal and state student financial aid grant and loan programs, or through any other federal or state programs.

(An institution that provides private institutional loan funding to a student shall ensure that the student is not obligated for indebtedness that exceeds the total charges for the current period of attendance.)

At the student's option, an institution may accept payment in full for tuition and fees, including any funds received through institutional loans, after the student has been accepted and enrolled and the date of the first class session is disclosed on the enrollment agreement.

New Horizons Career Development Solutions is currently not pending any petition in bankruptcy nor operating as a debtor in possession nor has New Horizons Career Development Solutions filed a petition with the preceding five years and has not had a petition in bankruptcy filed against us within the preceding five years that resulting in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S. C. EXPERIENCE & QUALIFICATIONS

Diane Nelson

Microsoft Office Master and Applications Instructor

Bachelor of Arts – San Diego State University

Diane Nelson is an Applications Instructor with Career Development Solutions, LLC. Diane has over 25 years of experience in the design industry, both as a commercial designer and trainer. Diane has worked with the Adobe Creative Suite for multiple generations and has assisted organizations on the latest version of the Adobe Creative Suite 6. She is certified in Adobe and proficient in most applications within the Suite, including Photoshop. Diane has always enjoyed training others and has done so in various capacities. She spent 25 years as a commercial designer, creating training manual documents, as well as handling new hire training. Diane also served as a Peace Corps volunteer, where she taught art in the primary school and computer courses to adults who had never touched a computer before.

Jessica Brown

Microsoft Office Specialist and Applications Instructor

Bachelor of Arts – UNC Wilmington

Jessica Brown is an Applications Instructor with Career Development Solutions, LLC. She has over eight years of experience in the training industry, both with Career Development Solutions, LLC and as an in-house corporate trainer. Jessica has worked with the Microsoft Office suite for multiple generations and has assisted organizations on the latest roll-outs of Windows 8 and Office 2013. She is certified in Microsoft Office and proficient in all versions of MS Office applications, including Access, Excel, Outlook, PowerPoint and Word. Jessica uses a combination of theoretical and real-world examples to inform her teaching method, although she leans towards real-world examples most, as it has more relevance to utilizing concepts in the working environment. In 2015, Jessica walked stage as a Top 25 Instructor in the Worldwide Network.

Patrick Galligan

Microsoft Office Specialist and Applications Instructor

Bachelor of Arts – Columbia College Masters in Education – Loyola University

After the chilly seasons in Chicago, Patrick decided to move to sunny San Diego and continue his teaching passion. After eight years in high school and adult education, technology found his niche. As a hands on trainer, Patrick connects to the real world. "I have always maintained that no matter what I am teaching, there must be an application outside the classroom. Patrick's background as a video producer, project manager and media coordinator, give him the ability to connect the classroom to the real world. Past experience professionally using Microsoft Office products influences his teaching, from organization, to orders, to pitching a new project to a client. The best teaching moments for Patrick come when students see that "aha" moment and can immediately begin to improve their daily activities

Genaro L. Moran

Applications Instructor

Microsoft Office Specialist: Word, Excel, PowerPoint, Access, Outlook. Quickbooks, Great Plains

Bachelor of Arts in Finance- Cal State University Fullerton, MBA Liberty University, Doctoral Candidate in Organizational Management- Jones International University

Genaro Moran is both an Applications instructor with over 30 years of Business and Educational field experience, working with various office applications. As a trainer, he holds more than 15 years, using real world situations to help his students understand. Genaro trains via all three of our training modalities; the traditional classroom environment, Online LIVE virtual training and On- sites. His teaching is based on both theoretical and real-world examples. Genaro specializes in Excel and Spanish based deliveries.

In that time he has trained thousands of students on many different Microsoft Server products included SQL Server, SSIS, SSRS, SSAS, SharePoint BI, PowerShell, Windows Server, IIS, ISA Server, SMS, SCOM, SQL Server, VB Scripting and Exchange Server. He is highly ranked by students and focuses on providing real-world examples and practical knowledge.

Patrick Shafer

CompTIA A+, CompTIA Network+.

Associates Degree in Communications – Sierra College - Rocklin, CA

20 years of building and maintaining computer systems. For the past year, I have been mentoring students who are looking to get certifications of their own. Certifications: CompTIA A+, CompTIA Network+.

Jason Burton

A.S. Networking Services Technology; CompTIA A+, Network +, Security +, Server +; MCSA: Windows 8, MCPx2 Windows Server 2012R2. 5 years of professional IT experience, 3 years of Teaching experience.

I have always had a passion for IT industry, in fact, my first jobs paycheck went to building my first PC. I was in the U.S Navy and used the G.I bill to pursue a degree in IT. After college, I became a student at New Horizon here in Las Vegas to finish my certifications and then went out to the IT workforce. Eventually, I was called back to New Horizons to work as IT / Instructor and I have been here for going on 3 years. While at New Horizon I have taught multiple CompTIA and Microsoft courses. My favorite topic and primary focus is Windows server. The best part of my job is seeing the knowledge start to make sense to students, also troubleshooting issues then being able to bring these examples to students.
