

VUE[®] DISTRIBUTION MANAGEMENT PLATFORM

Multi-Channel Distribution Modernization
for the Global Insurance Industry

MODERNIZE AND THRIVE

A SINGLE SCALABLE PLATFORM TO DRIVE GROWTH WITH ROBUST AUTOMATION

This new technology is leading the way to modernize distribution, innovation, and growth for Life & Annuity, P&C, and Health insurers. VUE Distribution Management Platform is the most flexible, scalable, and configurable solution available that seamlessly integrates electronic onboarding including recruiting, licensing, contracting, appointing, compliance, self-service and performance management, as well as, compensation management into a single platform.

VUE Onboarding & Compliance, VUE Distribution Compensation, and VUE CRM for Insurance modules are tightly integrated in the VUE Distribution Management Platform.

Life & Annuities

Health Insurance

Property & Casualty

VUE ONBOARDING & COMPLIANCE

VUE Onboarding & Compliance easily modernizes Life & Annuity, P&C, and Health insurers' administration of producers. VUE's once-and-done workflow automates the entire producer lifecycle management process including licensing, contracting, appointing, and compliance. Digital processing delivers real-time onboarding of new producers, ensuring regulatory compliance with self-service automation of additional appointments, renewals, and terminations.

FEATURES

- Producer Licensing
- Producer Contracting
- Producer Compliance
 - Appointing
 - Eligibility
 - Compliance Processes
- Producer self-service automation
- Dashboards, reports and VUE Analytics
- Once-and-done workflow
- Tools to simplify the work

35%

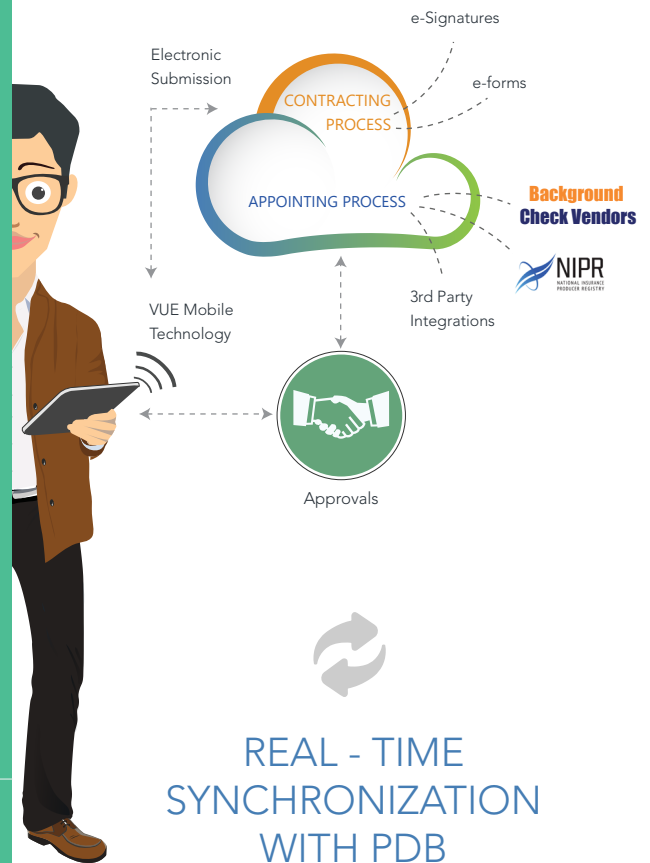

of Companies consider having a streamlined distribution process a "High Priority"

“This partnership with VUE will allow NORCAL Group to better serve its agency partners in an ever-changing MPLI industry while remaining compliant and providing our team access to important, real-time data. NORCAL Group looks forward to working with the VUE team to achieve shared success”

Michael Roque,
VP of Sales & Business Development

“I want to thank each member of the VUE Software team for their exceptional effort. We knew we were pushing the envelope to implement this solution so quickly. Each team member went above and beyond expectations to make this happen.

Janet Fosdick, Vice President

“The technology of VUE Software demonstrated rich feature functionality with tremendous flexibility. The deciding factors were VUE's financial strength and the fact that they were built for insurance. From the initial sales contact to the product demonstrations, the VUE team was efficient, professional, and timely. Their industry knowledge and domain expertise are a perfect fit for Aflac's need for an enterprise-wide distribution system.

Jeff Arrington, Vice President,
Sales Contracting & Compensation

“Previously, we spent 40 hours per month on error adjustments, but with VUE Software's Producer Compensation solution we only spend two hours a month, “Implementing VUE Software's solution saved me close to a half million dollars. My VP loves to say, ‘VUE Software has already paid for itself.

Modernize and Thrive

Backed by over 27 years of insurance industry experience, VUE provides flexible, configurable solutions that improve efficiency, reduce costs, and increase revenue. 400+ team members solely focused on distribution technology. VUE Software is the only vendor to offer a highly configurable platform – without having to write code – that can quickly modify infrastructure to execute distribution and sales strategies. Insurance Carriers, MGAs, IMO's, and Distributors are able to implement modules incrementally as required.

VUE Software is a DBA of Computer Solutions & Software International, LLC.

CARRIERS ARE INCREASINGLY FACED WITH RAPIDLY SHIFTING AND COMPLEX DISTRIBUTION CHANNELS THAT HAVE ESCALATING EXPECTATIONS FOR SERVICE LEVELS.

CELENT

VUE'S FLEXIBLE AND MODERN DISTRIBUTION TECHNOLOGY IS THE STRATEGIC DIFFERENTIATOR IN DISTRIBUTION MANAGEMENT.
