About Data Trace

Data Trace Information Services, LLC provides advanced real estate title search technology and support services that enable title and settlement services companies to quickly access and search historic documents in hundreds of regional databases through a secure and intuitive interface.

Flexible Service Plans

DTS2 offers flexible service levels and the option to automatically upgrade levels anytime you want with No Up-Front Buy-In Necessary

DTS2: Speed, Depth and All-In-One Convenience

DTS2 fully integrates online document retrieval with advanced title and tax search capability, all in a single platform, allowing you to conduct searches faster and work more efficiently. As your operation expands, DTS2 will expand with you, ensuring that you can order title and tax data for multiple counties and states anywhere in our growing network, all from one intuitive application.

Complete Title Services

Get in-depth chain information on property ownership transfers, including items from the present and back to the original owner; a powerful solution to research the condition of any mortgage.

General Name Services

Access an index of recorded documents associated with the buyer, seller or other party with ties to the property, that may affect the process for a sale, refinance or foreclosure. Easily check names associated with aliases, DBAs, SSNs and marital status
