

A close-up photograph of a person's hand holding a pen, writing on a document on a wooden desk. The person is wearing a watch with a black face and a light-colored strap. The background is blurred, showing another person and a window.

Getting to Know Paperless

As you consider partnering with Paperless Transactions, please take a few minutes to read this company overview to discover what we're all about.

Who We Are

Paperless Transactions started in 1998 and has been solely dedicated to serving nonprofits, charities, & churches for the past 13 years.

What We Do

We empower your mission by combining front-end donor capture software with the most secure, streamlined donor processing gateway in the nonprofit market (thereby raising more funds all while automating your back end donor management process).

How We Can Help

We build a custom set of software solutions just for you, migrate your donors, give you mass communication tools/a mobile app to spread the word, and then train your staff the best practices to automate the back end donor management. We love making your lives easier!

How We're Unique

Fundraising software/payment processing companies are a dime a dozen, Paperless goes against the grain as we recognize that every organization needs a personal touch.

A Note from Our President

"It's rare to serve God in the business world as we do at Paperless. We are businessmen born with a God given desire to excel, to provide for our families and the satisfaction of a race well run. To do all of those things while helping spread the Gospel cannot be matched in any way. It's our duty and responsibility to give of ourselves to our clients so that their job is easier and more effective. May God bless the work of our hands and those of the people we touch."

George Reich

Working with the Paperless Transactions Team

Employees at PTC share a love of the Gospel, a commitment to ethical Christian principles and a servant attitude. They treasure their role in providing web-based fundraising solutions that assist ministries and churches in spreading the Gospel and alleviating suffering throughout the world.

PTC continues to be encouraged by countless stories of how their web-based fundraising software has helped grow ministry and church donations by as much as 60%. Read more about our team [here](#).

We look forward to meeting you.

My name is Patrick Moraw and I'd like to have a 15 minute discovery call with you to understand how we might help your organization.

I make it a point to be the team lead for every new org that we work with. On our call, you do the talking and I'll do the listening. I'll take notes from our conversation & deliver a customized services proposal directly to your email inbox (and introduce you to your direct point person on our team should you choose to come aboard!).

To schedule a 15 minute discovery call, just click on the button below & select a time that works for you. I'm looking forward to our call together.
