LOOKING FOR MORE WAYS TO RAISE MONEY OR INCREASE SPONSORSHIPS?

Adding another contest increases the ability to raise funds and keep
excitement a big part of the event, all of this with very little effort.

Adding a Putting Contest before or after the event gives golfers another way to
stay engaged in the event. Selling raffles tickets or a closest to the pin to pick
the lucky contestant to putt for \$5,000 is always a big hit. No matter if it's the
beginning or the end of the day, you'll keep the excitement going.

Another easy option is to add a longest drive or closest to the pin contest to
sell more sponsorships! Sponsors love being associated with winners – and
both contests have a guaranteed winner and come with a custom sign
featuring your sponsor's name and logo.

Speaking of sponsors, if you don't have a sponsor for your hole in one, a
good place to go is your local auto dealer. They are approached often about
sponsoring and they are strong
supporters of grassroots advertising!
In case they need more incentive to
help, here's a \$25 off coupon to
take to them when you ask.
