

Celebrating the Power of Work Since 1919

**TIM MATTKE IS NEW CHAIRMAN OF THE BOARD
FOR GOODWILL INDUSTRIES**

February 25, 2019...Goodwill Industries of Southeastern Wisconsin, Inc. recently elected Tim Mattke as Chairman of the Board; he joined the Goodwill Board in 2010. Mattke will help oversee the largest Goodwill organization among 161 agencies in North America. Annually, Goodwill provides services to over 60,000 men and women with disabilities and disadvantages.

Mattke is Executive Vice President and CFO for MGIC Investment Corp. He joined MGIC in 2006, and after serving in various financial roles became CFO in 2014. Prior to joining MGIC, he served as an audit manager with PricewaterhouseCoopers LLP. In his current role he is responsible for all finance, accounting, treasury, claims and investment operations for MGIC.

“I’m particularly excited about starting my tenure as Chairman for Goodwill this year since 2019 is our 100th Anniversary,” Mattke said. “This organization has an amazing history and an even more amazing future!”

He has an MA in Accountancy and a BBA in Accounting from the University of Wisconsin-Madison and is a CPA. Giving back to his community is something Mattke believes strongly in serving as Treasurer for the United Performing Arts Fund, as well as sits on the fundraising committee of SecureFutures and the Advisory Board for the Accounting Department at the University of Wisconsin-Madison.
