April Staffings

The following participants have a scheduled annual staffing this month. If you are not able to attend, please contact Tina.

- Bob E. – Tuesday, April 3 at 9:00 am
- Karen W. – Wednesday, April 11 at 2:00 pm

April Birthdays

Happy birthday this month to the following participant

- Christopher D. – Monday, April 23

Good-Bye

Thursday, March 15 was Laurie's last day with our program. While we are all sad to lose such a great team member, friend and support we won't have to go too far to catch up with her. Laurie accepted a recreation assistant position with the COC West program, which is located in the front section of our building. Laurie has been a Goodwill employee for 25 years so we are extremely happy that her employment change is only a couple feet away! All the staff and participants wish her well in this new chapter at Goodwill.

Looking Ahead

We are gearing up for a couple major events happening in the next few months. The first big thing is our tri-annual CARF survey. CARF (the Commission on Accreditation of Rehabilitation Facilities) accreditation ensures we are constantly monitoring and improving the quality of our services and meeting industry standards. It's like getting the Good House Keeping seal of approval. The next big thing happening is a face lift to our restrooms. Automatic faucets and soap dispensers will help with independence and be a welcome addition.

DUET Bike

It's that time of year again when we will dust off the DUET bike and journey outside. Each year we need to obtain new consents allowing participants to ride on the bike. The DUET bike is a specially adapted bike which allows a participant to sit in a front bucket seat (buckled in wearing a bike helmet) while a staff person peddles them around. It is a fun and freeing experience. Consent forms have been sent to guardians. If you have questions or concerns about the DUET Bike and whether it would be appropriate for your participant, please call either Tina or Jenny.
