September Birthdays

We wish the following three participants a very happy birthday this month. Marlene R. (September 1), Ken Sz. (September 19) and Kristy S. (September 21). May each of your birthdays be as special as each one of you are!

New Faces

Last month we welcomed one new participant and two new employees. Participant Lori S. started programming with us two days per week at the beginning of August. She has quickly acclimated not only to Wisconsin weather (previously living in Florida) but also to our program. Tajhera Madison joined our team of Recreation Assistants on August 14; she has experience in supporting individuals with disabilities as well as the elderly in both a community and residential setting. Kaela Simmons joined our team of Recreation Assistants on August 28; she holds a B.A. in Sociology from UW-Milwaukee and has experience as a special education aide as well as an in-home autism therapy provider for children.

Transportation Reminder

Please do not allow your participant to enter/exit the vehicle prior to being pulled up to our front door. If you would rather park in the lot and assist your participant into the building please make sure you are parked in a designated parking spot and not at the front curb or across several parking spots. Waiting in line for pick up/drop off can take time however, this is the safest way. Please do NOT back up your vehicle while waiting in line in an attempt to exit the line. This is extremely dangerous and could cause a serious accident!

National Adult Day Service Week

Thirty four years ago, President Ronald Reagan proclaimed the third week in September to be National Adult Day Service Week - a chance to highlight and celebrate the diversity and benefits of our programs and those that benefit from them. During the week we will take a look back at the history of adult day service programs, see who benefits (and how) from the services we offer, as well as recognize all of our diverse and special participants, staff and families.
