## David Feild, CCIM

### Area of Expertise

I was elected President of Colliers South Carolina in January 2024 and also assumed the role of CEO in January 2025. I am responsible for the administration of the firm, including finance and human resources, client development, and our service platforms, including commercial real estate brokerage and management services, corporate solutions, project management and healthcare solutions. I also devote considerable time to client development. I lead Colliers | South Carolina's statewide management group and specialize in developing and implementing strategic and tactical plans to utilize the resources of Colliers.

I have 25 years of experience in the commercial real estate industry and served as the Market President of Colliers | South Carolina for the Greenville-Spartanburg market for over 10 years.

I enjoy seeing the development of talent and growth within the company which is measured in many ways including repeat business with clients, the overall client satisfaction with our services and the growth in sophistication of the transactions that we are involved in. Attracting fresh, talented minds to our team, combined with the wealth of experience that many of our brokers possess, enables us to stay ahead of the changing markets and remain as a top third-party commercial real estate service provider in the state of South Carolina.

### Professional Accomplishments

I served as the 2010 President of the Greater Greenville Association of REALTORS® (GGAR) Commercial Steering Committee and was the 2010 Commercial Realtor of the Year.

### Business and educational background

I am a 1995 graduate of Furman University. Prior to joining Colliers in 2013, I was one of the leading office brokers in the Upstate commercial real estate market for over 11 years.

### Community Involvement

I love South Carolina and am passionate about being involved in the Upstate community. I am the Immediate-Past Chair of the Board of Directors for Ten at the Top, an organization dedicated to creating opportunities for collaboration on issues facing ten counties that make up the Upstate of South Carolina. I currently sit on the Greenville Chamber of Commerce Board of Directors. I am in the Class of 2024 of Leadership South Carolina which provides an opportunity to advance leadership qualities while broadening an understanding of issues facing the state.

I have been a past board member of the Furman University Alumni Association, Mental Health Association, Communities in Schools, United Way Palmetto Society, Greater Greenville Association of REALTORS® and South Carolina Association of REALTORS®. I am a graduate of Leadership Greenville, the flagship leadership program for the Greenville Chamber of Commerce, and I volunteer for the Big Brothers Big Sisters program.
