# MOBIUS CLEANING & STORAGE ACCESSORIES

To complete your Mobius installation, consider adding the following items to your sanitation and storage areas.

## HEAVY DUTY WIRE CART

### SUPPLIER:

**Uline** Item H-1521

**Overall Dim.** 60 x 24 x 41"  
**Shelf Dim.** 48 x 24"

### APPLICATION:

- Use cart to move Mobius parts from trim room to sanitation area
- Remove Mobius lid and place upside down on top shelf
- Remove helical blades and bed knives and place them on the other shelves

## WIRE SHELF LEDGE

### SUPPLIER:

**Uline**

Two Sizes:

1. Long edge: Item H-1765C (48 x 4")
2. Short edge: Item H-1763C (24 x 4")

### APPLICATION:

- Install on lower shelves to prevent items from rolling off.

## PLASTIC SHELF LINER

### SUPPLIER:

**Uline** Item H-2440

**Size** 48" x 24"

### APPLICATION:

- Use to line shelves of carts so that blade edges don't get damaged and small pieces of equipment and/or plant resin don't fall through
- Removable for cleaning

## S-HOOKS

### SUPPLIER:

**Uline** Item H-1205S

Used with wire shelves.

### APPLICATION:

- Add to stock picker cart to hang spray bottles of cleaners, cleaning rags

**SUPPLIER:**

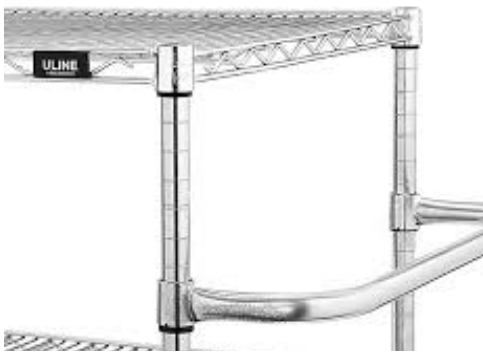

**Uline** Item H-1790

**Dim.** 48 x 24 x 69"

Recommend ordering one cart + cart accessories per Mobius machine

**APPLICATION:**

- Use to store and/or move clean Mobius parts
- Shelf liners and shelf ledges described above are also available for this cart

**SUPPLIER:**

**Uline** Item H-2929

Used with wire shelves.

**APPLICATION:**

- Add to stock picker cart to make moving easier

**SUPPLIER:**

**Uline** Item H-4841C

Used with wire shelves as utility basket.

**APPLICATION:**

- Add to stock picker cart to store spray bottles of cleaners, cleaning rags
- Add to stock picker cart to store small Mobius accessories, such as extra tandem locks, conveyor sensor override pucks or trim tote gaskets

**SUPPLIER:**

**Order direct from Eteros**

**Part #** 00-02-001579

**Dim.** 48 x 15 x 11"

Recommend ordering four Soak 'n Store tubs per Mobius machine

**APPLICATION:**

- Use to soak and/or store tumblers, helical blades and bed knives
- Note, helical blades and bed knives should not be stacked on top of one another. Rather, they should be cleaned and stored in a single layer.

**SUPPLIER:**

**Uline** carries both electric and gas pressure washers. Note, these do not have steam options. For optimal results, select a pressure washer with a hot water/steam option.

**Electric:** Item H-3049

**Gas:** Item H-7358

**APPLICATION:**

- Use to spray down removable parts of the Mobius, including the separator housing, fan housing, trim totes, blades, brush and screens.
- Do not use a pressure washer on the main body of the Mobius.

**SUPPLIER:**

**Uline** Item S-20860

**APPLICATION:**

- Fill the tank with warm water and degreaser and spray any plant-touching parts of the Mobius that are not soaked

**SUPPLIER:**

Available at most home, hardware and auto retailers

**APPLICATION:**

- Dilute with hot water and use to soak and/or spray plant-touching parts to remove resin.

**SUPPLIER:**

Isopropyl can be purchased at most home hardware stores and online.

**APPLICATION:**

- After cleaning, we recommend using a diluted isopropyl solution for sanitizing.
- Note: Isopropyl **can't be used** on the AirThread Tension Tumbler, as it can weaken the ABS plastic on the end caps.
