

SCREEN USAGE FOR THE MOBIUS M210 MILL

The Mobius M210 is a continuous throughput mill with several screen options to customize output, ranging from ultra-coarse to ultra-fine. The chart below outlines the specifications and typical use for each screen, though many M210 operators vary their screen selection depending on the strain, moisture content, and proprietary preferences.

Colour-coded meanings:

- = included with each M210
- = recommended use
- = can be used depending on strain and moisture content
- = not recommended for this product

Rasp

Perforated

PART #	DESCRIPTION	HOLE SIZE (mm)	HOLE SIZE (in)	TYPE	PRE-ROLLS	CO2 EXTRACTION	ETHANOL EXTRACTION	HYDROCARBON EXTRACTION	FRESH FROZEN
