

Leadership Training Strengthens Supervisors & Teams

Transform Supervisors into Successful Leaders

Develop People Skills in Your Supervisors

Reduce Turnover and Raise Morale

Lead Productive Teams

Transform Your Supervisors into Successful Leaders

The Alchemy of Leadership is the only leadership training program designed specifically for manufacturing supervisors. The multi-faceted program includes **interactive e-learning modules, coaching tools, reinforcement materials, and printable takeaways** to teach new and emerging supervisors the people skills they need to succeed. Available in English and Spanish.

Reduce Turnover & Raise Morale

Too often, top performers on the line are promoted without the necessary people-skills training. But the cost of untrained leaders is high. Alchemy's leadership training program gives supervisors the strategies they need to engage their team members, boost their performance, and reduce turnover.

Lead Productive Teams

The Alchemy of Leadership includes 20 short courses with expert instruction and real-life enactments of manufacturing scenarios to make a meaningful impact. Interactive knowledge checks ensure comprehension, and course completion is automatically recorded in the Intertek Alchemy training platform. And unlike generic leadership courses or expensive seminars, The Alchemy of Leadership is affordable, requires no travel or time off, and is laser-focused on manufacturing.

How does The Alchemy of Leadership compare?

The Alchemy of Leadership	Other Leadership Training
Complete English/Spanish libraries specific to manufacturing	Generic online leadership courses
Affordable, convenient eLearning	Expensive seminars
Quick courses available on site, 24/7	Travel costs and time away from facility
On-the-floor exercises and observations	Classes with hypothetical exercises
Digital records track progress	No accountability
