ABOUT US

It is easy to learn about us...

Since 1980, C&FD has been working closely with children and families, pediatricians, specialists, schools and others in the community.

Our offices are inviting places. The space is casual and family-friendly. We want you to feel welcome and comfortable. Our lobbies are cozy and our therapy rooms are fun. It is not uncommon to find moms, dads, siblings or other caregivers taking it easy on the lobby sofa or getting involved in the therapy rooms. We've found the balance of a professional office and an enjoyable place for all.

Just spend some time here. You will be surrounded by a dynamic group of people - those who work here and those who visit us.

Our experienced therapists assist families with a wide variety of concerns and questions. Expertise and training enables us to help many people in extraordinary ways- from newborns to college age.

WE ARE UNIQUE!

- 5 core services at both locations
- Clinical collaboration amongst our 30+ child development experts
- Our knowledgeable client support team will assist you in understanding benefits
