

PROJECT: feed

Your leftovers can make a big impact!

Leave your leftover food with us, and we'll donate it to our local food bank.

We are partnering with our friends in the vacation rental industry to make a major impact on our community food banks through the PROJECT: feed initiative.

All you need to do is **leave any unopened cans or pantry staples in the bag provided before you leave.** And, that's it! Our team will pick up the bag and deliver it to our local food bank.

Thanks for joining forces with us to make a difference!
