➤ Cancer & Heart Attack/Stroke Insurance, as part of the Critical Advantage<sup>SM</sup> Portfolio, may help fill the gap between existing health care coverage and the costs of treatment.

## Simple & Direct

With the diagnosis of a covered condition comes the reality of medical bills, time off for treatments, monies for living expenses, and for many, the cost of high deductibles. Critical Advantage helps you to focus on your treatment, not your finances.

Should you be diagnosed with any of the conditions covered, a check is sent to you, not the health care provider. No receipts or medical bills necessary. Payment is to you, for you.

## Cost of Treatment

If something happens to you or a member of your family, your health insurance will help pay doctor and hospital bills. Serious health conditions, like those covered in by the Critical Advantage Portfolio, often include other factors to consider, from lost income to keeping up with ongoing living expenses.

Choose the coverage for whatever concerns you the most and complete your coverage plan.
