PART I INTRODUCTION	1
Chapter 1 What Is Social Analytics?.....	3
The Meaning of “Social”	5
The Meaning of “Analytics”	7
Skills Required for Conducting Social Analytics	8
What Can We Do with Social Analytics?	9
The Focus of This Book	11
Works Cited	11
Chapter 2 Some Uses of Social Analytics	14
Social Analytics as a Listening Post	14
Social Analytics for Understanding Social Groups	16
Social Analytics for Benchmarking Organizational Strategies	17
Social Analytics for Managing Conflicts	20
Conclusions	25
Works Cited	26
PART II SOCIAL NETWORK ANALYSIS	29
Chapter 3 Introduction to Social Network Analysis	31
SNA Origins and Applications	31
Some Social Network Terms	33
Factors Accounting for Connections	35
Types of Social Networks	36
Setting Up Social Network Data	37
Visualizing Social Networks	37
Visualizing Node and Tie Properties	42
Tutorial 3.1. Does Pedagogy Change a Class’s Network Structure?	42
Social Network Metrics	44
Generating Network Metrics with NodeXL	49

	Tutorial 3.2. Who Are the Most Influential Students in My Class?	49
	Tutorial 3.3. Whose Friending Do We Imitate?	51
	Conclusion.	52
	Works Cited	54
Chapter 4	Visualizing Networks and SNA with R	56
	SNA Packages	56
	Opening, Preparing, and Inspecting SNA Data	56
	Tutorial 4.1. Setting Up the Social Network of Legislative Bills.	57
	Graphing Networks.	58
	Tutorial 4.2. Visualizing the Social Network of Legislative Bills.	60
	Graph Metrics.	62
	Ego Metrics.	62
	Tutorial 4.3. Obtaining Metrics on the Legislative Bills Network	62
	Conclusion.	66
	Works Cited	66
Chapter 5	Advanced SNA Concepts	68
	What Is Subgroup Analysis?	69
	Subgroup Metrics	70
	Visualizing Subgroups	70
	Tutorial 5.1. What Explains the Fragmentation of Our Class Network?	71
	Tutorial 5.2. How Do Students Tend to Aggregate?	72
	Distributional Properties of Network Data	74
	Gathering Social Network Data	76
	Tutorial 5.3. Benchmarking BSchool Reciprocity on Twitter	81
	Conclusion.	81
	Works Cited	83
Chapter 6	Subgroup Analysis with R	84
	Subgroup Analysis Packages	84
	Identifying Subgroups	84
	Visualizing Communities	85
	Community Metrics	85
	Tutorial 6.1. Understanding Communities in the Legislative Bills	87
	Conclusion.	91
	Works Cited	92
PART III	TEXT ANALYSIS AND MINING	93
Chapter 7	Introduction to Text Analysis.	94
	Origins and Applications of Text Analysis	94
	Vocabulary and Concepts	95

	Word Count–Based Approaches	97
	Tutorial 7.1. What Are the Key Terms in Talks about the Presidency?	99
	Dictionary–Based Approaches	100
	Text Analysis with LIWC	102
	Tutorial 7.2. Talking about Delta Flight Delays	105
	Tutorial 7.3. What Drives the Presidency Tweets?	107
	Conclusion	115
	Works Cited	116
Chapter 8	Basic Text Analytics with R	118
	Text Analysis Packages	118
	Text Data Objects in R	118
	Text Preprocessing in R	120
	Word Frequency and Weighted Word Frequency	122
	Tutorial 8.1. Surfacing the Content of the WhereIsRey Tweets	123
	Tutorial 8.2. What Do the Biggest Five Casinos Tweet?	127
	Word Clouds: Simple, Pictorial, and Comparison	130
	Sentiment Analysis	135
	Tutorial 8.3. Visualizing the #WhereIsRey Conversation	136
	Conclusion	145
	Works Cited	145
Chapter 9	An Introduction to Text Mining	146
	Text Mining Tasks	147
	Text Mining Methods	150
	Tutorial 9.1. Sentiment Analysis of Movie Tweets via Machine Learning	155
	Tutorial 9.2. Sentiment Analysis via Machine Learning and LIWC	162
	Conclusion	163
	Works Cited	165
Chapter 10	Information Extraction with R	166
	Information Extraction Packages	167
	Information Extraction with Natural Language Processing	167
	Named Entity Recognition	168
	Tutorial 10.1. People Named in the <i>Black Panther</i> Conversation	172
	Part-of-Speech Tagging	175
	Conclusion	178
	Works Cited	179
Chapter 11	Association Mining with R	181
	Packages Relevant to Association Mining	181
	Word-Pair Analysis	182
	Tutorial 11.1. Understanding the Different Meanings of Aadhaar	182

Overview of Topic Modeling Approaches	185
Topic Modeling via Cluster Analysis of Terms	186
Topic Modeling via Latent Dirichlet Allocation	188
Topic Modeling via Social Network Analysis of Terms	191
Tutorial 11.2. Surfacing Aadhaar Topics and Constituents' Contributions	194
Topic Modeling via Relational Class Analysis of Terms	196
Conclusion	200
Works Cited	201
PART IV CONCLUSION	203
Chapter 12 Ethical Social Analytics	204
What Data Do We (Not) Collect/Use?	205
We've Collected the Data—Now How Can We Analyze It?	207
What Should We Not Do with Insights Gleaned?	208
Conclusions	208
Works Cited	209
PART V APPENDICES	213
Appendix A Introduction to R	214
Interfacing with R	215
Understanding and Working with R Data Objects and Structures	215
Working with Dates	219
Loading Data from External Files and Other Data Sources	220
Exporting Data and Outputs from R	222
Tutorial A.1. Working with Data Files	222
Performing Rudimentary R Programming	225
Working with Packages	227
Reorganizing and Restructuring Data	227
Managing Memory and Outputs	229
Getting Help	230
Works Cited	230
Appendix B Statistical Analysis with R	231
Statistical Analysis Packages	231
Handling Missing Values	231
Performing Simple and Conditional Computations	232
Conducting Simple Exploratory Data Analysis	232
Generating Graphical Displays	235
Performing Correlation Analysis	238
Running T-Tests	240

Running Analysis of Variance and Ordinary Least Squares Regression	241
Tutorial B.1. Analyzing the Amount of Buzz about Two IT Innovations	245
Works Cited	258
Appendix C Scraping Twitter with R	259
Packages Relevant to Harvesting Tweets	259
Working with APIs	259
Getting Your Twitter Authorization Credentials	260
Using the Twitter Search API	260
Using the Twitter Streaming API	263
Appendix D Scraping Facebook with R	266
Packages Relevant to Harvesting Facebook Posts	266
Facebook Objects	266
Getting a Facebook Access Token	267
Obtaining Facebook Profile Information	268
Obtaining Facebook Page Information	269
Works Cited	270
Appendix E Advanced Visualization in R	271
Visualization Packages	271
Advanced Graphing	271
Creating Figure 8.13 (Chapter 8)	273
Creating Figure 8.14 (Chapter 8)	274
Mapping Geocoded Data	275
Works Cited	277
Appendix F Additional R Resources	278
Index	279
