

Polarcirkel Cabin

Polarcirkel Workboats are offered in three versions with inboard engines from 130hp to 435hp and lengths of 785, 845 and 910 cm.

Polarcirkel Cabin Workboat can also be delivered in a popular outboard version. A smart solution with large deck space.

Rugged, flexible workboats

Polarcirkel's tough and reliable hand-crafted Cabin Workboats benefit from great design values, high quality build, unique flexibility and extremely low maintenance. They are self-bailing, and in contrast to a conventional RIB, have rigid pontoons filled with polystyrene for ultimate safety. Combined with the 21° V-shaped hull, this design makes a virtually unsinkable boat with unique stability and excellent handling properties. Polarcirkel boats are tested in extreme weather conditions all over the world.

All our models are loaded with smart details and unique features for safe operation in all conditions and we ensure that our products have an emphasis on safety and the environment. Indeed, Polarcirkel Cabin Workboats are a unique choice for the discerning professional and being made from PE-100 plastic, which is LNG-based great for recycling recycling properties. Although don't expect to be doing this for decades!

Smart details such as sloping aft pontoons with built-in steps and handholds make it easy to get back onboard from the water.

Polarcirkel Cabin

Polarcirkel Workboats are specially designed for maritime industries, coast guard, diving and other professional activities.

A compact optional life-raft can also be offered to ensure your safety.

Polarcirkel offers an open outboard and inboard series with workboat models from 5.6 to 8.45 metres (18.5ft - 27.7ft).

AKVA group is the world's largest supplier of aquaculture technology, promoting well known brand names such as: Wavemaster, Polarcirkel, Fishtalk and Akvasmart.

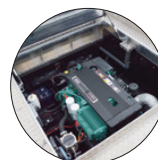

New hull design

The Polarcirkel Cabin 785 and 845 models have got a new improved bow design. The bow is raised with 25cm. Due to this the boat rides the sea much better, and there are less spray from the sea.

Volvo Penta inboard turbo-diesels from 130hp to 435hp. Useful options like hydraulic winch and search lights.

Cabin Workboats, inboard	785	845	910
Length (LOA):	785cm (25,8')	845cm (27,7')	910cm (30")
Beam (BOA):	270cm (9')	270cm (9')	300cm (10')
Displacement:	2400kg/5290 lbs	2600kg/5730 lbs	3600kg/7940 lbs
Max Hp:	260hp	310hp	435hp
Recommended HPS:	From 225hp	From 225hp	From 370hp
Max load:	1600kg/3530 lbs	1400kg/3090 lbs	1400kg/3090 lbs
Max persons:	5	5	5
Material, Polyethylene:	12mm	12mm	15mm
Shaft (Outboard versions):	X-long	X-long	—
V-bottom 21° :	•	•	•

Standard equipment:

- 4 pcs mooring cleats
- Extra protective hull strips
- Stowage space with hatch in bow
- Manual bilge pump
- Self-bailing deck
- Red gunwales
- Fire extinguisher
- Hydraulic steering wheel
- Dashboard mounted controls
- Electric bilge pump with sensor
- Insulated engine hatch with pneumatic lifters
- Battery, main switch & ignition lock
- Insulated cabin
- 3-passenger bench seat
- RPM gauge, temperature gauge, oil pressure gauge, voltmeter and tilt indicator
- Built-in diesel tanks 2 x 220 litres
- Head available on the 860 model
- Non-skid rubber deck mat outside
- Red PE rub rail on pontoons
- Built-in steps in aft pontoons
- CE approved, category C

Optional equipment:

Search lights, work lights, hydraulic installation, capstan, bow platform with pulpits, marine electronics, etc.
