

Polarcirkel Fisher

Polarcirkel Fisher boats are tailor-made and designed in close co-operation with active sport fishers.

The Polarcirkel Fisher is the perfect boat for sports fishing, and excellent directional stability makes it perfect for trolling.

Rugged leisure boat designed for heavy duty sports fishing

The Polarcirkel Fisher has been designed in close co-operation with active sport fishers. The boat is highly stable which is essential for successful fishing; four people can safely stand on one side of the boat to land the fish. The seats are moveable; when driving to the fishing grounds they can be positioned forwards and while fishing can be turned at right angles to provide comfortable seating for the sport fishers.

The safety and stability of the boat, combined with a self bailing deck and materials that do not need maintenance, make these boats perfect choice for sports fishing. A 21° V-shaped hull provides excellent directional stability and seaworthiness, while the pontoons are filled with expanded polystyrene to ensure a virtually unsinkable boat. It can be beached more or less anywhere and while trolling there is no need to worry about hitting sunken rocks due to the robust construction.

Polarcirkel Fisher

Smart details such as sloping pontoons with integrated steps, make it easier to get back onboard from the water.

Powerfull searchlights may be installed on the Polarcirkel Fisher to assist fishing and navigation during night time.

The backrest at the saddles in front of the console, can be altered for better comfort under fishing sessions.

AKVA group is the world´s largest supplier of aquaculture technology, promoting well known brand names such as: Wavemaster, Polarcirkel, Fishtalk and Akvasmart.

Polarcirkel boats are made of polyethylene, a very strong and flexible material suitable for all weather conditions.

The custom RBB (Rigid Buoyancy Boat) design with its 21 degree V-shaped hull provides exceptional sideways and directional stability when fishing.

The unique design makes the boats virtually unsinkable.

Non-skid removable rubber deck mat (optional).

Fish box with fish identification poster (optional).

Polarcirkel Fisher, standard equipment:

- 4 pcs mooring cleats
 - 2 pcs lifting points
 - Stowing space in bow
 - Extra protective hull strips
 - Self bailing deck
 - Fuel tank 103 or 210 litres
 - Fuel gauge
 - Fuel filter / water separator
 - Battery compartment under bench
 - Fender strips along pontoons
 - Seat with extra stowage place
 - Grab rails around aft bench seat and forward pulpit
 - Red gunwales
 - Manual bilge pump
 - Fire extinguisher
 - Built-in steps in aft pontoons
 - Seats along pontoons
 - CE approved, category C
 - Console mounted lighting
 - Saddle with cushion and backrest for 2 persons in front of console
 - Saddle with cushion for 1 person behind console.
 - Hydraulic steering
 - Centered steering console with wind-screen inside aluminium grab rail
 - Non skid tape on deck
 - 4 pcs rod holders
- Optional equipment:**
Search/work lights, fish box, marine electronics, fishing rod bracket, antenna arch with nav-lights, radio/CD etc.
