

Polarcirkel boats

The rugged and reliable work boats from Polarcirkel are known for their practical design, hand-made quality, great flexibility and low maintenance needs.

Polarcirkel is preferred by professional users for its robust construction and loading capabilities. Helgeland Plast AS has produced Polarcirkel boats for different purposes through decades. The boats are made of environmentally friendly Polyethylene, a very strong and flexible material that gives the boats a unique ability to perform. The combination of practical solutions, unique design and minimal maintenance need makes Polarcirkel perfect for any use.

Polarcirkel RBB (Rigid Buoyancy Boat) are self-bailing and has unlike an ordinary RIB (Rigid Inflatable Boat) rigid pontoons filled with Polystyrene for optimal safety.

DESIGNED FOR EXTREME CONDITIONS

AKVAGROUP™
HELGELAND PLAST

Polarcirkel boats come in a variety of models and can be customized for any need

Polarcirkel RBB (Rigid Buoyancy Boat) hulls are self-bailing and have rigid pontoons filled with polystyrene, making the boat practically unsinkable

Smart details such as sloping pontoons with integrated steps and handgrip ensures optimal safety
