

Meet the Risk Control Team.

Brad Johnson, MS, ARM - Risk Control Manager / Eastern Region

bjohnson@ORaero.com

Brad is an aviation risk control professional with over 15 years of experience and is based in Nashville, TN. He is responsible for ensuring that ORAE insureds comply with safety and workers' compensation regulations. He provides onsite safety services for each client assigned and recommends methods by which the insured can improve their safety procedures.

Prior to joining Old Republic Aerospace in 2017, Brad worked as the director of safety and loss control at AIG Aerospace where he was responsible for providing loss control services in the areas of workers' compensation, general liability and property exposures.

His primary work consisted of ground handling, air cargo, airports, airlines, maintenance, FBO, manufacturing and corporate flight departments. Before that, Brad was a loss prevention consultant for Liberty Mutual where he specialized in workers' compensation for general industry, industrial hygiene, transportation and commercial liability.

Brad holds a Bachelor of Science in Biology and a Master of Science in Occupational Health and Safety from Middle Tennessee State University. He is a member of AOPA and is an Associate in Risk Management (ARM). In 2007, Brad was honored with the Flight Safety Foundation President's Citation Award for Outstanding Service for his work on their Ground Accident Prevention program. He also is an accredited NATA Safety 1st Ground Auditor and holds a private pilot certificate.
