

# **Meet Laminato**

# THE LAMINATE LEGEND

Laminato is a five star product combining the natural beauty of a wood veneer with the easy installation of a High Pressure Laminate. With a selection of beautiful timber veneers made exclusively by Plyco, Laminato is a ready-to-use laminate tailored for those seeking an instant makeover to any substrate or surface. From Particleboard to Plywood, this dynamic design enables our Laminato range to be laminated directly onto any product.

With a wide range of timber laminates available, Laminato is frequently used in the construction and restoration of decorative surfaces and interior furniture. Applications ranging from wall and ceiling panels to domestic and commercial furniture are all well suited for this dynamic product.

For a free Laminato sample, head directly to <u>our website</u> (plyco.com.au/samples).

# **Technical Specifications**

# Available Sizes

Laminato is available in 2400 x 1200mm sheets, with new stock soon to be available in 3000 x 1200mm. Both sizes will offer a product thickness of 1.2mm.

## **Design Details**

The dynamic design of our Laminato collection enables the product to be laminated directly onto any product or surface, such as Plywood, Particleboard and MDF.

## **Product Construction**

Bonding a natural timber veneer face against resin impregnated papers under extreme heat and pressure, Laminato is finely sanded and can be stained or polished to the required appearance.

#### **Custom Veneers**

If you're seeking a veneer beyond Plyco's standard selection of eight, we also have the capacity to use any commercially available veneer upon request.

# THE ELITE EIGHT

#### Blackwood

Rich golden browns commonly found with honey brown sections.

#### **American Oak**

Soft yellow grains often found with golden-brown hues.

#### Jarrah

Reddish brown to a terracotta, typically with a rough texture.

#### **Tasmanian Oak**

Light straw appearance with soft shades of pink.

## **American Walnut**

A gorgeous rich chocolate brown with dark, purplish streaks.

#### Natural Feature Grade Blackbutt

A soft, earthy brown with a slightly smokey appearance.

#### Eucalypt & Figured Eucalypt

Creamy white or off-white with a striking hazel grain.

#### **Product Benefits**

#### **Architectural Grade Veneers**

Constructed with only premium grade veneers, the selected A Grade face veneers offer a spectacular appearance no matter the application.

#### **Easy Application**

The one step process of applying Laminato makes it perfect for instant makeovers and renovations of existing surfaces.

#### **Australian Made**

Plyco's Laminato range is manufactured using the most innovative techniques and machinery entirely within our Melbourne production facility.
