## DAVID C. MILLER

Principal, Design & Construction Management

Dave Miller has been in the construction industry for 32 years and has completed projects in all market sectors including life sciences, healthcare, hospitality, government commercial, mission critical, education and tenant improvements. Miller manages the company's construction services and is also focused on expanding the business practice throughout the Mid-Atlantic.

Miller's career includes 13 years with Skanska and 13 years with Turner Construction Inc. He has experience with project management, field supervision, estimating, and business development. His focus was on delivering life science, health care, commercial and higher education buildings. Miller was instrumental in starting two Skanska USA Building Inc. business units, in Harrisburg, Pennsylvania and in Washington, D.C./Baltimore. He managed the D.C. office for more than six years.

Before joining Verity, Miller was the Vice President for Coakley & Williams Construction, Inc. where he managed preconstruction services focusing on government, education, healthcare, and life science projects.
