

Full Stack RPO

A fast, economical and fully integrated RPO solution for fast growing companies. Hub recruiters come with free, mobile ATS technology (Hub.jobs) and HR University training.

Features and Benefits

Entirely integrated and durable out-of-the-box

- Recruiters, a mobile ATS app, and online training all integrated from Day 1.
- Inter-changeable and customizable at any time.

Built by Hub Recruiting

- Hub Recruiting designed, built and launched the Full Stack RPO solution around the three most impactful and common difficulties in recruiting—Talent, Technology and Training.

The Hub pedigree:

- Designed in collaboration with Hub clients
- Always innovating and improving.

Cost effective

- Get three for the price of one. Use a Hub recruiter and/or sourcer, and get a mobile-first applicant tracking system/ATS (Hub.jobs) and a recruiting training platform (Hub Recruiting University) for FREE.
It is all-inclusive in the hourly fee.
- Transition your hiring costs from surprise per-hire to predictable hourly.

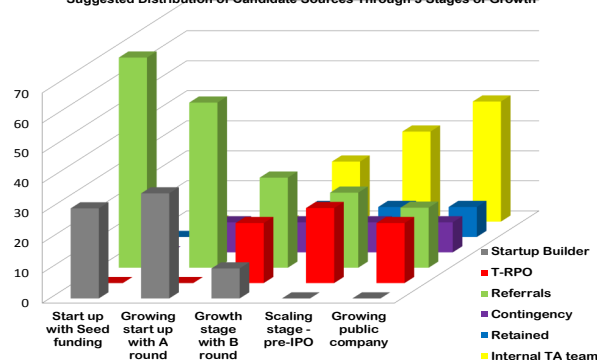

Easy to use

- No need to piece together a complicated, expensive and disjointed recruiting solution. Hub's Full Stack makes it easy to grow.
- Hub.jobs** helps with reviewing candidates, scheduling interviews, interview feedback, a question library and overall pipeline analytics.
- Hub Recruiting University** helps with online training across recruiting and interviewing.

Flexible and scalable

- Adapts as you grow and your needs change.
- Guides you through Recruiting Best Practices.

Suggested Distribution of Candidate Sources Through 5 Stages of Growth

Full Stack RPO top use cases:

- After Series A or B funding.
- Sudden burst in hiring.
- Transitioning off contingency agencies
