

Corl Partners with Blocksale to Lead Token Presale

Leading Pre-ICO Investment Player Powers Venture Capital Growth on Blockchain

Montreal, Canada – January 29, 2018 [Blocksale](#), an AML/KYC compliant presale token acquisition platform, today announced they will be leading the [Corl Token \(CRL\)](#) presale of \$5 million USD. Corl is aiming to create the world's first regulatory-compliant securities and revenue-sharing token designed to support and participate in the growth of emerging companies, and this new partnership will surely help them make serious strides toward this goal.

“Corl is excited to partner with the talented team at Blocksale,” said Sam Kawtharani, co-founder and CEO of Corl. “Their deep expertise and network will increase Corl’s exposure to the crypto investment ecosystem, and present opportunities for deeper collaboration between the two companies. Corl is proud to be working alongside the best in the business.”

Corl Token is the world's first revenue-sharing token designed to support and participate in the growth of emerging companies. CRL is based on a profit-sharing model, whereby investors receive a continuous stream of dividends in the form of cryptocurrency, based on future earnings of Corl. Corl's token presale is offline and will be private for accredited investors. The token presale ends February 28th.

Blocksale has a deep global network of accredited crypto investors that focus in pre-ICO and pre-ITO investment into promising blockchain companies. Corl is seeking strategic and sophisticated crypto investors that would participate in the growth and governance of the company.

“Blocksale’s approach to pre-ITO investment is methodical, stringent, and proven,” said Darren Franceschini, CEO of Blocksale. “Corl meets our standards of a blockchain company that is truly innovating in the space, from both a product and regulatory standpoint. We are excited to be supporting Corl in their funding journey.”

Founded in 2016 by a team of financial technology nerds, Corl is making it easy for companies to access fast, fairly-priced, and entrepreneur-friendly growth capital while providing investors with greater peace of mind. Hassle free, and without giving up equity.

About Corl Financial Technologies Inc.

Corl aims to empower entrepreneurs and investors through the use of technology and innovative funding strategies. Corl combines two of the most recent disruptions in the online world: crowdfunding and blockchain. Through a straightforward investment method based on revenue, companies can grow on their own terms without any dilution, while providing investors with the opportunity to access robust revenue potential beyond stocks and bonds.
