

FOAMY TIRE & MOTOR

Tire & Motor Cleaner

DESCRIPTION

This alkaline detergent creates a bright green foam and comes with a pine fragrance. This product is a fantastic self-serve product that combines great cleaning with awesome show. Use it through the wand or through a foaming tire scrub applicator, either way customers will love it.

USAGE INSTRUCTIONS

This product should be applied under low pressure using soft water. It is ideally suited for self-serve applications. When being applied through a wand or scrub brush begin at 24-48:1 and adjust as necessary. For scrub brush applications adjust air to control foam profile. When being applied in automatic or tunnel applications begin at 17-36:1 and adjust as necessary.

FEATURES

- Safe on aluminum
- Pine scented with green foam
- Flexible product application
- Brightens white walls and raised letters
