To the extent they are applicable, this Purchase Order incorporates the stated Federal Acquisition Regulation (“FAR”) and US Federal Code of Regulations and other federal agency regulations and requirements upon the Seller. Failure to comply with these provisions not only exposes the Seller to typical damages for breach, but it may also expose the entity to civil and criminal penalties imposed by statute. The terms and conditions stated herein are fully incorporated into the Purchase Order. If the Purchase Order contains terms that vary from the terms and conditions stated herein, the terms of the Purchase Order shall control.

2. **Delivery/Delays.** Time is of the essence for deliveries to Buyer, and shall be made in accordance with the Delivery Schedule. Delivery dates and quantities shown on the Purchase Order are dates the Goods and/or Services are required at Buyer’s facility, unless otherwise stated. Seller shall promptly notify Buyer of any actual or anticipated delay in shipment or delivery.

   (a) Deliveries are to be made both in quantities and at the time specified in this Contract or modification thereof. Contractor shall strictly adhere to this Contract's promise date(s), Schedule Delivery Date(s), or completion schedule(s). Contractor shall not deliver articles more than five (5) calendar days prior to these dates unless authorized in writing by Buyer through its cognizant Procurement Representative. Articles delivered to Buyer more than five (5) calendar days in advance of schedule may be returned at Contractor's expense and without any obligation to Buyer. Deliveries will be made even in the event of a strike at either the Buyer's or Seller's location, unless prior written consent is obtained from the other party, which shall not be unreasonably withheld.

   (b) In the event of any anticipated or actual delay in the performance of this Contract, Contractor will promptly notify the cognizant Buyer Procurement Representative in writing of the reasons for the actual/anticipated delay and the actions being taken to overcome or minimize the delay and will provide Buyer with a written recovery schedule. If Buyer requests, Contractor shall, at Contractor's expense, ship via air or other expedited routing to avoid the delay or minimize it as much as possible. Contractor agrees to flow this provision down to its Subcontractors, and notify Buyer when there are anticipated or actual delays at its Subcontractors that could affect performance under this Contract. Notification shall not be construed to relieve Contractor of its obligation to comply with Contract delivery requirements.

   (c) Acceptance of delayed deliveries or shipment or inadequate quantities from Seller does not constitute a waiver of Buyer’s right to demand strict compliance with the ordered quantity or Delivery Schedule set forth on the Purchase Order with respect to all other deliveries, and Buyer shall specifically have the right to recover from Seller any damages caused Buyer by Seller’s delay. Buyer shall be entitled to: (1) an equitable price reduction for late or partial deliveries, or (2) termination of the Purchase Order for default. Failure of the Parties to reach an agreement on an equitable price reduction shall be a dispute under the “Disputes and Governing Law”, Section 20, under this Purchase Order. Seller has a duty to continue performance under the Purchase Order pending resolution of the dispute.

3. **Payment.** Payments for Goods and/or Services under the Purchase Order shall be made by Buyer within net sixty (60) days after the Goods and/or Services have been received, inspected and preliminarily approved by Buyer and receipt by Buyer of Seller’s proper
invoice with appropriate Bill of Lading and inspection and conformance certificates attached thereto. Buyer shall pay only for goods inspected and accepted and in the quantity requested. No payment shall be due for non-conforming items. Buyer shall have no liability for payment for materials or items delivered in excess of the quantity specified in the Purchase Order, unless Buyer agrees in writing to pay for such excess amount.

Seller shall certify on all invoices rendered to Buyer that it has complied with all applicable state, federal, county and municipal laws, regulations, and ordinances. In addition, Seller shall certify that the amounts requested for payment are only for the Goods and/or Services supplied to Buyer in accordance with the terms and conditions of this Purchase Order.

In the event of a payment dispute, Buyer shall deliver a written statement to Seller no later than 10 days prior to the date payment is due on the disputed invoice listing all disputed items and providing a reasonably detailed description of each disputed item. Amounts not so disputed are deemed accepted and must be paid, notwithstanding disputes on other items, within the period set forth in Sections 3 and 20. The parties shall seek to resolve all such disputes expeditiously and in good faith. Seller shall continue performing its obligations under the Purchase Order notwithstanding any such dispute.

4. **Setoff.** Without prejudice to any other right or remedy it may have, Buyer reserves the right to set off at any time any amount owing to it by Seller against any amount payable by Buyer to Seller.

5. **Changes.** Buyer may at any time by a written Purchase Order issued by an authorized Buyer Representative and without notice to sureties, if any, make changes within the general scope of this Purchase Order, in anyone or more of the following: (1) drawings, designs, or specifications; (2) method of shipment or packing; (3) time or place of performance, inspection, delivery, or acceptance; (4) reasonable increases or decreases in quantities; (5) reasonable changes in delivery schedules; and (6) issue additional instructions or require modification in the work or services. Seller shall proceed immediately to perform this Purchase Order as changed. If any such change causes an increase or decrease in the cost of or the time required for performance of this Contract, or otherwise affects any other provisions of this Contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the purchase price, delivery schedule, or in such other provision of the Contract as may be so affected, and the Contract modified in writing accordingly. Any claim by the Seller for adjustment under this clause must be asserted in writing within twenty (20) days from the date of receipt by the Seller of the notification of change; provided, however, that Buyer, if it decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under the Purchase Order.

Contractor shall provide advanced notification in writing to Buyer of any changes to tooling, facilities, materials or processes at the contracting supplier or their sub-tier suppliers that could affect Buyer’s product. This includes but is not limited to fabrication, assembly,
handling, inspection, acceptance, testing, facility relocation, or introduction of a new manufacturer. Contractor shall notify Buyer of any pending or contemplated future action to discontinue articles purchased pursuant to a Purchase Order and shall allow Buyer to submit a forecast of expected annual usage prior to Seller finalizing its decision to discontinue the articles. Seller shall provide Buyer with a "Last Time Buy Notice" at least twelve months prior to the actual discontinuance. Seller shall extend opportunities to Buyer to place last time buys of such articles with deliveries not to exceed twelve months after the last time buy date.

Nothing in this Section shall excuse Seller from proceeding immediately with the performance of the Purchase Order as changed.

6. **Superseding Specifications.** All references in any Buyer or Government specification incorporated herein shall be deemed to include all specifications supplementary to or superseding the specifications so referenced, to the extent that such supplementary or superseding specifications are in effect at the date of Seller's latest quotation, if the Seller was furnished or otherwise notified of the existence of such supplementary or superseding specifications at the time of said quotation.

Nothing in this Paragraph shall excuse Seller from proceeding immediately with the performance of the Purchase Order as changed.

7. **Warranties.** Seller represents and warrants that the Goods and/or Services furnished in response to this Purchase Order shall:

   (a) Be merchantable and free from defects in design, workmanship and materials, and fit for the particular purpose intended and shall be of the kind and quality described;

   (b) Conform to all applicable specifications, drawings, samples, symbols or other descriptions furnished by Buyer;

   (c) To the extent the Goods are not manufactured pursuant to detailed designs and specifications furnished by Buyer, the Goods shall be free from design and specification defects;

   (d) Be free and clear of all liens, security interests or other encumbrances and not infringe or misappropriate any third party’s patent or other intellectual property rights.

Seller further represents and warrants that packing and method of shipment of such supplies shall conform to the requirements of this Purchase Order.

These warranties survive any delivery, inspection, acceptance or payment of or for the Goods and/or Services by Buyer. These warranties are cumulative and in addition to any other warranty provided by law or equity. Any applicable statute of limitations runs from the date
of Buyer’s discovery of the noncompliance of the Goods and/or Services with the foregoing warranties. If Buyer gives Seller notice of noncompliance with this Section, Seller shall, at its own cost and expense, promptly replace or repair the defective or nonconforming Goods and/or Services and pay for all related expenses, including, but not limited to, transportation charges for the return of the defective or nonconforming goods to Seller and the delivery of repaired or replacement Goods and/or Services to Buyer.

8. **Title and Risk of Loss.** SELLER AGREES TO INDEMNIFY BUYER, AND/OR THE GOVERNMENT FOR ANY DEFECTS OR ENCUMBRANCES UPON TITLE TO THE GOODS AND/OR SERVICES PROVIDED UNDER THIS PURCHASE ORDER. Buyer agrees that, so long as Seller is not in default, Buyer will not use the drawings for such manufacture. Upon completion and acceptance by Buyer of the work required to be performed hereunder, Buyer shall redeliver to Seller such manufacturing data package.
