# MEET OUR HORSES

*Our friends, our inspiration.*

Two of our favorite horses, Gertie and Sadie, are featured in our logo and our lakes are named in their memory. –Rod & Jean Ann

## Gertie

Gertie is a large mare, standing just over 16 hands tall with a dark brown bay coat and a striking white blaze on her face. She is a rock-solid, steady and strong Tennessee Walker and our go-to for longer trail rides. We can always count on Gertie to be steady for new riders or around other horses. She is almost 20 years old and has lived nearly all her life on the ranch. Gertie has always taken care of us, and she can count on us to always take care of her.

## Sadie

Sadie was also a Tennessee Walker. This beloved mare was 15.1 hands tall and had a beautiful brown and white paint coat. Sadie was all heart and “a little sassy.” Her special trick was that she could open any stall door all on her own. And she would do almost anything for her favorite treat: a fresh apple. Sadie was an incredibly loyal and fun horse that everyone enjoyed for nearly 20 years. She recently went to horse heaven and is buried on the ranch. Sadie is missed, a lot.
