

CORPORATE ACCOUNTANT

SUMMARY OF JOB FUNCTIONS:

The Corporate Accountant will focus on analyzing and maintaining the organization's financial records, providing analysis to support the company's financial decisions, and accounting support to ensure financial integrity.

Responsibilities:

- Analysis of internal and external financial statements and reporting package for corporate reporting purposes
- Monitor monthly results including prior year comparisons, historical trend analysis and fluctuations
- Coordinate, review and analyze monthly/quarterly financial statements, including quarterly corporate and statutory reporting
- Assist in the preparation of period-end information to comply with internal and external audit requirements
- Support the improvement of workflow to enhance the reliability and accuracy of data input
- Mentor and act as a resource to junior accounting staff
- Contribute to special projects as assigned

Requirements:

- Post-secondary accounting/business degree/diploma and professional designation (CPA)
- 5 years of progressive accounting and reporting experience (Insurance industry experience is an asset)
- Advanced MS Excel skill, experience with Microsoft Dynamics is an asset
- Detail oriented with an ability to interpret and convey financial analysis and key metrics to management
- Strong analytical and problem solving skills
- Ability to effectively manage multiple responsibilities within a fast paced deadline-driven environment
- Demonstrated ability to take ownership of issues and tasks through to resolution
- Strong written and verbal communication skills
- Ability to ensure accuracy with a high attention to detail
- Work effectively as part of a team supporting other members of the group in achieving project/business objectives.

We appreciate all interested applicants; however, only those selected for an interview will be contacted.
