

Winter

Brrrr! Winter in Pittsburgh is **COLD**. But it's also really **COOL**! Did you know that some people live their whole lives without ever seeing snow? It's important to bundle up, but once you do, Pittsburgh's parks are waiting for you. Enjoy new views thanks to fallen leaves and the quiet calm of nature in winter. Here's some ideas for how to make your winter the **COOLEST**!

If it's snowy...

Examine SNOWFLAKES

Notice how they're all different? There's no such thing as matching ones, Every one is **UNIQUE**

Build a FORT

Start with walls and build up, or a giant mound, and dig out!

Make snow ANGELS

First, fall on your back, then wave your arms and legs back and forth. Get up gently and take a look at your creation

If not...

Catalog CONIFERS

How many different kinds of evergreens can you identify in the park or around town?

Find FOWL

Some birds are visible primarily in winter, and all of them are easier to spot because of the fallen leaves.
