

ASX Announcement

PERTH - 20 FEBRUARY 2017

FAMILY ZONE SIGNS DEAL WITH 7TH LARGEST MOBILE OPERATOR

- Family Zone signs agreement with major Indonesian carrier Telkomsel
- Agreement is to conduct joint development and user trials in contemplation of a commercial launch of embedded parental controls mid 2017
- Telkomsel is the largest carrier in Indonesia with 160m subscribers and is 35% owned by SingTel
- Opportunity introduced and facilitated by Family Zone sales agent Fidelio Partners

Family Zone Cyber Safety Limited (ASX: FZO) ("Family Zone" or "the Company") is pleased to announce the signing of an agreement with Telkomsel Indonesia, one of the largest Mobile Operators in the world.

The objective of the agreement is to launch Family Zone's cyber safety products in Indonesia embedded in the Telkomsel network and consumer offerings.

Over the course of the negotiations with Telkomsel, Family Zone has identified a significant opportunity to deliver not only parental controls but embedded digital experience services into Indonesia and specifically to Telkomsel's 160 million subscribers.

The agreement requires the parties to design and develop a solution for the purpose of completing user trials in the first half of 2017. The agreement includes terms within which the parties plan for a full commercial launch and contemplates offerings across both postpaid and prepaid market segments.

Commercial launch is subject to completion of successful trials and negotiation of a services agreement.

This is the second agreement Family Zone has achieved with a globally significant Telco coming not long after the launch of Family Zone services within the largest carrier in the Philippines, Philippines Long Distance Telecommunications Company.

Pleasingly, this is the first Tier 1 Telco opportunity introduced and managed by Family Zone's Singapore-based sales agent, Fidelio Partners Pte Ltd.

Tim Levy, Family Zone Managing Director, said:

"We are honoured and excited to be working with Telkomsel, one of the world's largest and most respected mobile carriers. This collaboration is further recognition that Family Zone is

quickly becoming the leading option for carriers seeking value-adding and embedded managed digital experience, cyber safety, parental control and filtering services.”

About Family Zone

Family Zone is an ASX listed technology company focused on cyber safety. Meeting a growing demand to keep kids safe online and manage digital lifestyles, Family Zone has developed a unique and innovative cloud-based solution which combines Australian innovation with leading global technology.
