Sage Intacct is #1 in Customer Satisfaction for ERP Systems Software

As of 1/8/2018

sage Intacct

“Sage Intacct has been the most user-friendly accounting information system that I have used to date. With consistent system updates and seamless fluidity throughout, it's the only way to go.”

-- Paul Stuart, Associate Staff Accountant
at Janrain, Inc.

“Intuitive, easy to use financial system! Productivity has skyrocketed after implementing Intacct for our non-profit organization.”

-- Jessica Grimes, Accountant at Home
School Legal Defense Association

“The automation of data entry cut down on our bookkeeper's time by 25% - 50%; allowing her to take on additional duties. The ability to customize reports EXACTLY how you want/need is limitless and provides an in depth look at your company with a click of a button....”

-- Laura Iserman, Director of Finance at
Streamline Publishing
