## Goals and Dreams

*“What is not started today is never finished tomorrow.” Johann Wolfgang von Goethe*

What is the #1 goal that you would like to accomplish in the next 30 days?

My life would be radically different if this one thing happened over the next 12 months.

This one obstacle is holding me back from pursuing my dreams.

For me to accomplish my goals, I need to stop doing this?

Briefly, describe the top two dreams of your personal life.

Share the ultimate goal in your career space.

If I had one opportunity to do this, I would register today.

This one personality trait I have is a huge hindrance in chasing my dreams and goals.

---

My dream location to live.

---

*You see things; and you say, 'Why?' But I dream things that never were; and I say, 'Why not?'* George Bernard Shaw

## **Faith**

*"Faith is believing in something when common sense tells you not to."*

Do I consider myself a person of faith? If yes, what does being a person of faith mean to you?

---

This one thing distracts me from pursuing my faith, or any faith for that matter.

---

I'm committed to my faith because....

---

I've had distractions and or failures in my life that block my ability to engage in my faith, they are listed here.

---

I understand that bitterness can stifle creativity. I need to apologize to the following people.

---

It would aid in my spiritual development if this person apologized to me.

---

I would like to know more about faith and how it could impact my life.

---

*“God didn’t promise days without pain, laughter without sorrow, or the sun without rain, but He did promise strength for the day, comfort for the tears, and light for the way. If God brings you to it, He will bring you through it.”*

## **Family**

*“No family is perfect... we argue we fight. We even stop talking to each other at times. But in the end, the family is family... The love will always be there.”*

Honestly, do you feel that your #1 priority is family?

---

If I only had one chance to teach my children this trait, it would be...

---

Your children will eulogize you with one sentence. Finish this sentence. My dad/mom was...

---

*“The most important thing a father can do for his children is to love their mother.”*

Henry Ward Beecher

As of today, my personal legacy in one sentence would be.

---

I want my personal legacy to be this.

---

We only get one go through with our children. How are you showing them that they are important?

---

I would like very much to remove this one family dynamic.

---

I would implement this tomorrow with my family if I could.

---

*“I have found the best way to give advice to your children is to find out what they want and then advise them to do it.”* Harry S. Truman

## Career

*“If you want to achieve greatness stop asking for permission.”*

If I woke up tomorrow with no limitations both geographically or financially, what would I do with the rest of my life?

---

Am I giving 110% to my current career? Why?

---

No question about it, I would leave my current career today if I could do this....

---

*“Go where you are celebrated—not tolerated. If they can’t see the real value of you, it’s time for a new start.”*

I feel without question I’m directly in the center of what I’m called to do. Why?

---

To excel in my current career, I need to do these two things sooner than later.

---

My career gives me so much gratification and purpose in my life. This is mainly what I gain as a result of this career.

---

I want to accomplish this before the end of my career.

---

*“Risk something or forever sit with your dreams.” Herb Brooks*

## **Finances**

*“Rich people believe I create my life; poor people believe life happens to me.”*

Right now today this is my greatest financial challenge.

---

If I had the opportunity, I would make this long-term investment.

---

I have two main reasons that I want to make more money. Here they are.

---

*“Whoever loves money never has enough; whoever loves wealth is never satisfied with their income. This too is meaningless.” Ecclesiastes 5:10*

This financial obligation(s) has me sidetracked for years to come. I feel trapped.

---

If I only had a few extra minutes a week, I would do this to improve my financial position, maybe a side hustle.

---

*“Rich people play the money game to win. Poor people play the money game not to lose.”*

## **Relationships**

*“When we love, we always strive to become better than we are. When we strive to become better than we are, everything around us becomes better too.”*

Paulo Coelho, *The Alchemist*

If I could provide this one thing for my spouse, it would be amazing.

---

If I could undo this one mistake and forget about it, I would.

---

It may just be my personality, but I seem most understood about this topic.

---

Someday I hope to have the chance to meet these two people.

---

These two boundaries need to be implemented into my life to better protect my main relationships.

---

There are givers and takers in relationships. I consider myself a .....

---

To better my relationship with my spouse, I need to start....

---

Don't be humble. The #1 reason you would want me to be your friend?

---

*“And now here is my secret, a very simple secret: It is only with the heart that one can see rightly; what is essential is invisible to the eye.”* Antoine de Saint-Exupéry
