

A Slideways Solution

SLIDEWAYS COMPONENT UPGRADE SAVES TIME & MONEY COMPARED TO NEW

Slideways provides complete conveyor retrofit services from design to installation. We are able to offer components from top to bottom with custom fabricated tracks and wear strips to leveling feet.

The Slideways retrofit provides lower cost upgrades

We offer shorter installation times that provide shorter down time windows.

Engineering & Design:

- What track and wear strip materials are best suited to the application for long life and quiet operation?
- Are there nose bar and return options that are more efficient?
- What chain or belt design and material is best suited for the application?

Precision Machining:

- Components machined to exact specifications for each applications
- Machining allows for mixing materials to provide longer life and superior performance.

Standard Parts:

- Bearings, guide rail, levelers, brackets, adjusting rods and any other component required for complete assembly
