

EVERY DAY

and in **EVERY WAY**

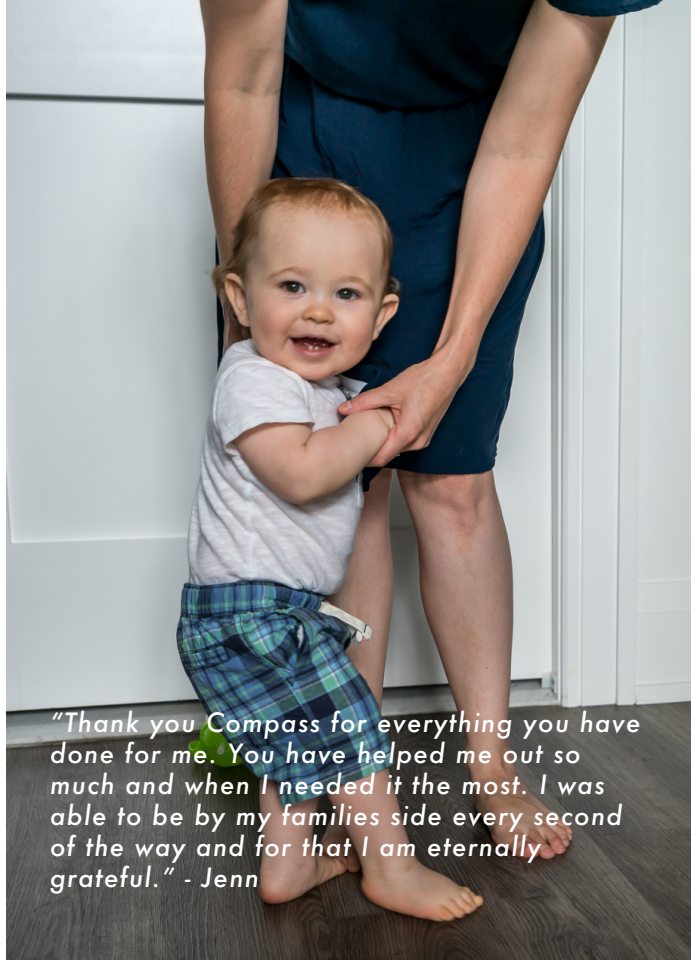

We are passionate about keeping patients and their families close and providing them with the comforts of home when they need it most.

Compass Cares, an initiative of Compass Furnished Apartments, was born from a desire to address the needs of patients and their families outside of medical treatment by providing affordable furnished apartments near hospitals 365 days a year.

Compass Cares also raises funds for patient services at local hospitals, secures in-kind donations for meals and transportation, and lends support when we can.

Proud to help patients and their families
EVERY DAY and in **EVERY WAY**.

"Thank you Compass for everything you have done for me. You have helped me out so much and when I needed it the most. I was able to be by my families side every second of the way and for that I am eternally grateful." - Jenn
