Passage Contract

Please review the Passage Contract carefully as it is binding and affects your legal rights. The Passage Contract is available on the Cruise Personalizer.

Document Requirements

Each guest is responsible for providing Princess Cruises with complete and accurate immigration information. The Guest Immigration Form should be completed online using the Cruise Personalizer, upon confirmation of your booking.

As you complete your immigration information, be sure to verify that your name appears exactly as shown on your passport or other proof of citizenship that you will be carrying with you to the cruise. If the name does not match, contact your travel consultant to correct this information. If you booked directly with Princess, contact us at 1-800-774-6237.

If you have purchased Princess EZair, please be sure to complete the Guest Immigration Information Form 60 days prior to your cruise. All others should complete this information no later than six days prior to your cruise.

If you do not have online access, please contact your travel consultant or call 1-800-774-6237.

Your failure to provide this information in advance will result in delayed check-in and possible denial of boarding.

Special note regarding cruises embarking in U.S. ports

U.S. law requires cruise lines to transmit their guest manifests to the U.S. Department of Homeland Security no later than 60 minutes prior to departure from the U.S.

To comply, all guest information must be processed at least 90 minutes prior to the scheduled sailing time. If you have not provided the required immigration information in advance, you should plan to arrive early to ensure you are checked in no later than 90 minutes prior to the scheduled departure time or you will be denied boarding. Ensure that your travel plans permit adequate time for arrival to the ship.

On cruises that depart from a U.S. port and call to a port within 24 hours, you are required to provide complete and accurate immigration information at least four days prior to sailing. U.S. Government regulations require us to submit our guest manifests to the Department of Homeland Security prior to sailing. This is required for all guests. Failure to provide immigration information may result in denial of boarding without refund of your cruise or cruisetour fare.

Travel Documents*

The countries visited during your cruise have specific document requirements for cruise ship guests.

These requirements include passport, visa and vaccination certificates where applicable. Requirements will vary based on the ports visited as well as on your citizenship.

Many countries require passports be valid for six months after the completion of your travel. Check your passport to verify it will be valid for this period of time. Please ensure the name on the passport matches the name on the booking. Additionally, make certain that your passport contains blank pages for entry and exit endorsements and any visas that may be required. If necessary, allow sufficient time to renew your passport and/or obtain additional pages. U.S. and Canadian citizens sailing on a domestic cruise should ensure passports or other travel documents are valid through the completion of travel.

Please note that it is your sole responsibility to obtain and have available the proper travel and health documents that are necessary for air travel, cruise check-in and disembarkation at the various ports of call and for re-entry into the appropriate country of origin. If you do not possess the proper documentation, you will be denied boarding without any refund of the cruise or cruisetour fare.

Preparing for Your Cruise

U.S. and Canadian passport holders may contact VisaCentral for assistance with expired passports, obtaining additional passport pages, and with visa requirements. For more information, visit VisaCentral at <http://princess.visacentral.com> or call 866-788-1100 in the U.S. or 888-665-9956 in Canada.

U.S. and Canadian citizens and permanent residents

Travel document requirements vary based on the cruise destination and whether international flights are required. Please review the section below to determine the requirements for your cruise. Cruise-specific information may also be found in the Cruise Personalizer under “Notifications” in the Travel Itinerary section.

Passports are required for all international air travel to and from the United States, regardless of age and citizenship. This includes air travel to and from Bermuda, Canada, the Caribbean, and Mexico.

Passports are required for all international cruises including: Africa, Asia, Australia, Central & South America, Europe, India, New Zealand, South Pacific, Tahiti and World Cruises.

Passports or Western Hemisphere Travel Initiative (WHTI) compliant documents are required for domestic cruises including: Alaska, Canada & New England, Caribbean, Hawaii, Mexico and Panama Canal. Neither oral nor written declarations of citizenship are accepted.

U.S. and Canadian citizens ages 16 and older traveling on domestic cruises must present one of the following valid WHTI-compliant documents:

- Passport Book (RECOMMENDED)
- U.S. Passport Card
- Enhanced Driver’s License (EDL)
- * Enhanced Identification Card
- Enhanced NEXUS Card (Air travel is limited to participating airports.)
- SENTRI and FAST Cards

For information regarding WHTI-compliant documents, please visit www.getyouhome.gov.

Passport requirement when minors travel with one adult on voyages governed by the U.S. Western Hemisphere Travel Initiative (includes travel within Bermuda, Canada, Caribbean, Mexico & United States).

When minors (any guest under the age of 18) are traveling with only one adult 21 years of age or older, Princess requires that all guests possess a valid passport. Carrier has implemented this requirement so that your party remains

together should an emergency arise that requires one or more in your party to disembark in a non-U.S. port. Carrier cannot guarantee that all members of your party are allowed to disembark with just a WHTI-compliant document or birth certificate. Failure to present a valid passport for all guests traveling together results in denial of boarding without refund of the of the cruise or cruisetour fare.

U.S. citizens traveling on U.S. roundtrip or “closed-loop” voyages may also travel with an original certified birth certificate presented together with a valid government-issued photo identification.

These voyages include:

- Alaska roundtrip from San Francisco or Seattle (roundtrip Seattle cruisetour excluded)
- Canada/New England roundtrip from New York
- Caribbean roundtrip from Ft. Lauderdale, New York or Houston
- Hawaii roundtrip from Los Angeles or San Francisco
- Mexico roundtrip from Los Angeles or San Francisco
- Panama Canal roundtrip from Ft. Lauderdale

Please be aware that even if your cruise does not require a passport to sail, in the event of an emergency should you be required to unexpectedly depart a vessel prior to the end of the cruise, a passport would be required to disembark the ship in a foreign country and re-enter the U.S. by air. We therefore strongly recommend that all guests are in possession of a valid passport.

U.S. permanent residents are required to present a valid permanent resident document. See below for acceptable documents:

- Permanent Resident Card (ARC/I-55 card)
- Temporary ARC/I-55 card and valid government-issued photo identification
- Expired ARC/I-55 card and form I-797 and valid government-issued photo identification
- Passport with “ARC” stamp in the passport

Canadian permanent residents are required to provide a valid passport and valid Permanent Resident Card. Additionally, permanent residents must have a non-immigrant visa unless the permanent resident is a national of a country that participates in the Visa Waiver Program (VWP), and meets the VWP requirements.

Non-U.S. and non-Canadian citizens

Passports are required for all cruises, regardless of destination.

*This information is provided as general guidance. Because governmental travel requirements change periodically, you must check with your travel consultant or the government authorities for all countries you will visit to determine or verify the actual requirements at the time of sailing. Princess assumes no responsibility for advising guests of such requirements.

Preparing for Your Cruise

Visas

Visa requirements for U.S. and Canadian citizens are listed on the guest's Travel Summary under Important Notices, if applicable. All other nationalities, including those with U.S. or Canadian resident status, are responsible for verifying visa requirements for each port visited during the cruise.

We have indicated below the ports in which visas can be provided upon arrival. Unless noted otherwise, visas must be obtained in advance of your cruise. Visa requirements apply regardless of whether you choose to stay on board or go ashore.

The following information is provided as general guidance. Preparing for Your Cruise

Age Requirements/Traveling with Children

Age requirements

Princess reserves the right to restrict the number of those between the ages of six months and 17 years aboard the vessel. All guests under the age of 21 years must be accompanied by a guest who is 21 years or older. For family groups booking multiple staterooms, children may sail in a cabin without their parents or guardians, provided one child in the stateroom is a minimum of 16 years of age or older.

Please note that notarized written consent for guests under the age of 18 is no longer required by Princess. However, several countries require special documentation for children traveling without both parents; these requirements are subject to change without notice. It is your responsibility to ensure that you possess the proper documents for all of the countries that you will visit. Please verify requirements with the immigration offices prior to your cruise.

Guests under the age of 18 are not permitted in the disco/ nightclub after 11 p.m. Be sure to check with the Youth Centers and Teen Lounges for special disco events designed for kids and teens.

For cruises on ships operating in Australia:

For cruises departing from Australian ports between 1 November and 7 January, any guest under 19 years of age on the day they board the cruise, must travel in the same stateroom as a responsible adult 19 years or older. In addition, from 8 January to 31 January, there is a limit on the number of guests under 19 years of age who can travel unaccompanied. Once the limit is reached, a responsible adult 19 years or older must travel in the same stateroom. We can advise you at the time of booking whether the limit applies to your booking. Princess Cruises can waive the responsible adult requirement at its discretion. The responsible adult is accountable for guests under 19 years of age in their stateroom for the duration of the cruise, and the "Rights of the Captain" will be applied to anyone who displays disruptive behavior.

For cruises on ships operating in Japan, China and Singapore:

All guests under the age of 20 must travel with a guest age 20 or older. Additionally, for groups and families booking multiple staterooms, the minimum age for each stateroom is 16 years, provided they are travelling with a parent or legal guardian. We are unable to accept group reservations for student and youth groups that do not conform to our minimum age requirements. Each guest agrees that they will supervise any guests in their care at all times to ensure all policies are strictly adhered to by all guests under their supervision.

Infants must be at least 6 months of age at the time of embarkation in order to sail. Infants must be at least 12 months of age at the time of embarkation to sail on the following:

- Transocean crossings (Atlantic, Pacific, Indian, Antarctic, Arctic etc.)
- Any other itinerary which may in the opinion of the Medical Department present a significant risk to infants between 6-12 months of age requiring emergency medical care.
- This would include World Cruises (excluding coastal segments), South America, Panama Canal, crossing the Tasman Sea (Australia-New Zealand), South Pacific Islands, including Hawaii-Tahiti (excluding fly cruising to French Polynesia with local cruising only).

The minimum age for escorted cruisetours is 5 years old.

Car seats

U.S. and Canadian regulations require that children up to the age of 8 years old may be required to travel in a car seat, booster seat or other child restraint system. When being transported by car, taxi, limo, van or shuttle, it is your responsibility to know the regulations and provide the applicable child restraint system.

Preparing for Your Cruise

Documents for guests under the age of 18

Many countries require special documentation for children traveling with only one parent or with neither parent; these requirements are subject to change without notice. It is your responsibility to ensure that you possess the proper documents for all of the countries that you will visit. Please verify requirements with the consulates of the countries visited prior to your cruise.

For cruises on Dawn, Diamond, Emerald, Golden, Sea and Sun Princess operating in Australia: For cruises departing from Australian ports between 1 November and 7 January, any guest under 19 years of age on the day they board the cruise, must travel in the same stateroom as a responsible adult 19 years or older. In addition, from 8 January to 31 January, there is a limit on the number of guests under 19 years of age who can travel unaccompanied. Once the limit is reached, a responsible adult 19 years or older must travel in the same stateroom. We can advise you at the time of booking whether the limit applies to your booking. Princess Cruises can waive the responsible adult requirement at its discretion. The responsible adult is accountable for guests under 19 years of age in their stateroom for the duration of the cruise, and the 'Rights of the Captain' will be applied to anyone who displays disruptive behavior.

For cruises on Diamond and Sapphire Princess operating in Japan, China and Singapore: All guests under the age of 20 must travel with a guest age 20 or older. Additionally, for groups and families booking multiple staterooms, the minimum age for each stateroom is 16 years, provided they are traveling with a parent or legal guardian. We are unable to accept group reservations for student and youth groups that do not conform to our minimum age requirements. Each guest agrees that they will supervise any guests in their care at all times to ensure all policies are strictly adhered to by all guests under their supervision.

Vaccinations*

Vaccination requirements vary by destination and change periodically. You are responsible for determining and verifying the actual requirements at the time of sailing. Princess assumes no liability for the guest's failure to obtain the necessary vaccinations.

We strongly recommend routine seasonal influenza vaccination for all guests. You are urged to seek health advice from your family and travel doctor and visit reputable public health websites to identify any specific vaccination or health

precautions required for each port of call such as the World Health Organization (WHO) (who.int/ith/en) or the United States Centers for Disease Control and Prevention (CDC) (wwwnc.cdc.gov/travel). Some health requirements are an international requirement such as Yellow Fever and are strictly enforced. You may be required to present an original and valid vaccination certificate at embarkation and failure to do so may result in denied boarding.

*This information is provided as general guidance.

Because governmental and vaccination requirements and recommendations change periodically, you must check with your travel consultant, government authorities and/or medical professionals to determine or verify the actual requirements and recommendations at the time of sailing. Princess assumes no liability for the guest's failure to obtain any necessary vaccination.

Pregnancy

Princess medical centers do not carry neonatal specialists, supplies or equipment. As the health and safety of mother and child are so important to us, we do not accept pregnant guests who have entered the 24th week of estimated fetal gestational age at any time during the cruise. Pregnant women who are less than 24 weeks of pregnancy, should ensure their obstetrician confirms that mother and baby are in good health, the pregnancy is not high-risk and mother is considered fit to travel to remote locations. Pregnancy related questions should be emailed to guestmedical@princesscruises.com no later than 10 business days prior to the start of the cruise.

Preparing for Your Cruise

Accessible Cruising

Princess makes every effort to accommodate our guests with disabilities. You can help ensure a successful trip by working with us in advance.

All Princess ships have a designated ADA Shipboard Officer (ADASO) or the Customer Relations Manager, who is responsible for responding to accessibility issues and/or handling disability-related claims onboard the ship during the duration of the cruise. Guests who require assistance may contact the Customer Relations Manager by visiting the Front Desk. We highly recommend you travel with a collapsible mobility device for easier access. You may bring your own, or you can pre-reserve a mobility device and have it and other medical equipment delivered to the ship by contacting Special Needs at Sea at 800-513-4515 (outside the U.S. 954-585-0575) or by visiting specialneedsatsea.com. Alternatively, you can contact CareVacations at 877-478-7827 or www.carevacations.com. Some areas on some ships are not wheelchair accessible.

To ensure the safety of guests and crew, all personal items including mobility devices (wheelchairs, scooters, walkers, etc.) must be placed inside your stateroom when not in use. In order to enter a standard stateroom, your mobility device cannot exceed a width of 22 inches. Any electrical plugs, extension cords or recharging devices must be provided by the guest. Please be sure that your mobility equipment is no wider than 22" if booked in a standard cabin or no wider than 31" if booked in an accessible cabin.

Guests utilizing mobility devices with batteries are advised that the batteries must be a dry cell type, and must be stored and recharged in the stateroom. Because of staffing limitations, we recommend you be accompanied by someone who is physically able to assist you both on board and onshore.

Travelers with disabilities should check in with the onboard Tour Office to ensure all shore excursions can accommodate them. Not all port facilities are accessible for those using mobility devices. Ports may be accessed by a variety of methods including a ramped gangway, a series of steps or by tender. In some cases, you may be able to access the tender, but the shoreside facility will not be accessible. Many ports of call use a mechanism known as a "stair climber" to assist guests up and down the gangway. Guests must transfer to a Princess wheelchair, which is connected to the stair climber and operated by the ship's personnel. If you cannot transfer or your personal mobility device cannot be

easily disembarked, you may be precluded from going ashore. With your safety and comfort in mind, the decision to permit or prohibit guests from going ashore will be made on each occasion by the ship's Captain, and the decision will be final. Ports that normally use tenders to access the shore are noted on the itinerary.

The maximum weight of the wheelchair including the guest cannot exceed 600 lbs. on transportation lifts. If you have purchased a Princess Transfer at the start or end of the cruise, please contact the Access Office to request lift-equipped transportation 30 days in advance of transfers. Please note the Access Office will be able to advise availability at your port of embarkation or disembarkation.

Entry regulations for service animals vary by port. It is the guest's responsibility to consult authorities at each port prior to departure for more information. Princess does not have food on board for animals. The choice of dog litter material is limited and varies by ship. Please submit your request to sail with a service animal to the Princess Access Office in writing 30 days prior to sailing for review. Approval by the Princess Access Office must be received in order for your service animal to travel with you.

Princess ships are equipped with "All-in-One Kits" with TTY that can be used in most guest cabins and at Princess Alaska Lodges. Most televisions on board provide closed captioning and most onboard theaters have assisted listening devices. Electric outlets in most staterooms are limited to one and it is helpful to travel with an extension cord for electrical equipment. Princess also offers JAWS Professional software with a KOSS-TD/80 headset on one terminal in each Internet Café on every ship.

For any special accessibility requests, we ask that all requests be in writing and either mailed, emailed or faxed to the Princess Access Office at least 30 days prior to your travel. If applicable, please complete the Mobility Questionnaire available online and return to the Access Office via email at accessofficeprincess@princesscruises.com or fax at 661-284-4408. Or if you have questions about the program in general, please call Princess Reservations at 1-800-744-6237.

Preparing for Your Cruise

Guests with Medical Conditions

Guests are responsible for ensuring that they are fit to travel and do not pose a danger to themselves or others onboard. Guests unable to care for their activities of daily living such as dressing, eating, and attending safety drills, must travel with a capable and responsible companion to assist. The medical staff on board are not available to provide daily care needs unless the guest is a patient admitted into the ship's Medical Center.

Guests who anticipate requiring support or accommodation for medical needs during their cruise must notify Princess Health Services at guestmedical@princesscruises.com no later than 10 business days prior to the start of their cruise.

Oxygen

If you are arranging for supplemental oxygen to be delivered to the ship for your cruise, we require notification to guestmedical@princesscruises.com no later than 10 business days prior to sail date. We may be unable to load large numbers of oxygen tanks onboard as they require special storage conditions. Guests bringing portable oxygen to the ship for use during the cruise are responsible for carrying and completing any necessary documentation required by airlines or customs officials.

Dialysis

Guests planning to perform peritoneal dialysis or self-hemodialysis during their cruise must notify us prior to sailing. Please email your request to guestmedical@princesscruises.com no later than 10 business days prior to sailing. You will receive a dialysis information package to complete and the decision to allow sailing will be made following a review. Guests are responsible for arranging the delivery of their dialysis supplies to the ship. Unfortunately we are unable to accept guests who will require traditional hemodialysis services onboard.

Princess Cruises recommends all guests purchase a cancellation protection plan to protect their investment in the event of unforeseen circumstances. Guests are also encouraged to obtain travel medical insurance which includes pre-existing medical conditions, as Medicare and many health insurance plans do not cover the cost of medical care at sea, in foreign countries, or for air evacuation.

Princess Vacation Protection

You never know what might put your vacation investment at risk. The last thing you want to think about is what would happen if you became ill or injured while away from home.

Put your mind at ease with Princess Vacation Protection

Fortunately, Princess Vacation Protection can protect you from unforeseeable losses stemming from an array of circumstances, and even allows you to cancel your vacation for any reason at all.

Princess Vacation Protection is a package of benefits comprised of the following: the Princess Cancellation Fee Waiver, the Princess Travel Insurance Program and the Princess Worldwide Emergency Assistance Programs.

Princess Vacation Protection is available for purchase on all Princess Cruises, Princess Land and Sea Vacations, Princess Alaska Land Tours and Princess Canadian Rockies Land Tours, and is available at two levels: Princess Vacation Protection and Princess Platinum Vacation Protection.

The Princess Vacation Protection package of benefits, like many travel protection programs, will refund 100% of your otherwise nonrefundable cancellation fees in the event of an emergency. Yet unlike similar programs, Princess Vacation Protection allows you to cancel your vacation no matter what the reason.

Even if the reason for your cancellation does not qualify you for a full refund under the Special Cruise Enhancement Feature of the Princess Cancellation Fee Waiver Program, you will receive 75% of the non-refundable fees in the form of a credit toward your next Princess vacation. That's a service provided by Princess Cruises.

And for those wanting additional benefits, Princess Platinum Vacation Protection doubles the limits of benefits for Emergency Evacuation/Repatriation, Accident & Sickness Medical Expense and Baggage/Personal Effects coverage under the Princess Travel Insurance Program and also increases the Special Cancellation Enhancement Feature of the Princess Cancellation Fee Waiver Program's cancellation credit to 100% of the non-refundable fees.

With Princess Vacation Protection/Platinum Vacation Protection, if guests are delayed pre-cruise for a covered reason, they are eligible for up to \$500 per person to cover costs associated with catching up to the cruise. If they're delayed post-cruise for a covered reason, they are eligible for up to \$1,500 per person to cover associated costs. Alternatively, if guests opt to cancel their cruise after being delayed, under the Princess Cancellation Fee Waiver Program's Special Cancellation Enhancement they are eligible to receive cruise credits of 75% for Standard Vacation Protection and 100% for Platinum Vacation Protection.

Preparing for Your Cruise

Princess Vacation Protection is available for purchase up to the final payment due date of the voyage, even if your booking is already paid in full. So protect your investment with Princess Vacation Protection or Princess Platinum Vacation Protection!

Princess Vacation Protection FAQ

Q: Am I protected by my Princess Vacation Protection plan if my mother, who is not traveling with me, develops pneumonia and I have to cancel my trip to care for her?

A: Yes! Princess will refund the cancellation fees (up to the full value of the cruise vacation) if you have to cancel your trip because of a specified reason such as illness, injury or death of yourself, a traveling companion or either of your immediate family members.

Q: If I have a heart condition and am on continuing medication, am I protected if my heart condition flares up during my vacation?

A: Yes! Princess Vacation Protection provides reimbursement for conditions that are stable during the 60-days prior to purchase, so if you have had no changes in your health (even if you are on continuous unchanged medication), you would be protected.

Q: What if my condition did change prior to purchasing Princess Vacation Protection?

A: Rest assured, emergency evacuation benefits are still provided in the event of a medical emergency. Also, if you cancel your cruise vacation and do not qualify for cash reimbursement due to an unstable medical condition prior to purchase, you will have the benefit of cancel-for-any-reason protection from Princess.

Q: If my pet becomes ill and I have to cancel my trip as a result, will Princess Vacation Protection reimburse me?

A: Although you would not qualify for cash reimbursement, as an added feature for purchasing Princess Vacation Protection, Princess will provide a credit toward a future cruise equal to 75% of the cancellation fees imposed (100% if Platinum Vacation Protection is purchased) if you choose to cancel for an ineligible reason. This benefit is provided by Princess Cruises and/or Princess Land and Sea Vacations*.

- Valuables
- Restricted Items
- Alcohol Policy

Now that you've done all the necessary planning before you go, we'll review the items you may need to make your time with Princess the best vacation ever! Visit the Cruise Personalizer and download the pre-cruise checklist to make sure you have all the important documentation you need before you depart on your Princess vacation!

Clothing Recommendations

You should dress for a cruise with Princess the same way you would for any stylish land-based resort.

Casual sportswear, including shorts, lightweight pants and jogging suits, is the order of the day both at sea and ashore in hotter climates.

We recommend you bring a sweater, a jacket or an all-weather coat for cool evenings, and for shore excursions, depending on your destination. Due to unpredictable weather, don't forget a hat or visor and a collapsible umbrella. Please be sure to bring proper clothing for visits to religious sites. You'll also want low-heeled, rubber-soled shoes for strolling on deck, as well as comfortable walking shoes or sandals to wear.

Princess makes it easy to know what to pack and what to wear when you're dining on board our spectacular ships. There are two designations for dress codes: Smart Casual and Formal.

Smart Casual

Guest attire should be in keeping with what they would wear to a nice restaurant at home.

- Skirts/dresses, slacks, and sweaters for women
- Pants and open-neck shirts for men

Inappropriate dinnerwear, such as pool or beach attire, shorts, ball caps and casual jeans (with fraying and/or holes) are not permitted in the dining rooms. Shoes must be worn.

Formal

When formal nights are held, please observe the dress code in the Traditional Dining and Anytime Dining venues for the enjoyment of all our guests.

- Evening gown, cocktail dress, or elegant pant suit for women
- Tuxedo, dark suit or dinner jacket and slacks for men

Length of Cruise	Number of Formal Evenings	Number of Smart Casual Evenings
1 - 4 Days	None	All
5 - 6 Days*	1†	4 - 5
7 - 13 Days	2	5 - 11
14 - 20 Days	3	11 - 17
21 - 28 Days	4	17 - 24
29+ Days	5 minimum*	24+

*For full World Cruises, there are approximately 9 formal nights, of which 2 - 3 are scheduled per cruise segment.

† Some short cruises do not have formal nights.

Formal Wear Rentals

Princess offers formal wear rental on all cruises; this can be arranged prior to embarkation.

Dress with an elegance and style that is perfect for all the formal activities on your cruise with Princess. Cruiseline Formal Wear delivers beautifully tailored clothing directly to your stateroom.

To order your formal wear, please visit cruiselineformal.com, call 800-551-5091 or 305-252-8572. For questions, email: custservice@cruiselineformal.com.

Packing for Your Vacation

En Route Delays

If you encounter unforeseen flight- or weather-related delays on sailing day, we suggest you immediately advise an airline representative at the airport that you are a cruise guest destined for sailing that day. Typically, airlines are able to arrange alternative flights at the airline counter for guests to continue with their travel to the point of embarkation. It is the airline's responsibility to make alternate flight arrangements resulting from a delay or cancellation.

In the event costs are incurred, you are responsible for out-of-pocket expenses. If you have purchased travel protection, costs incurred as a result of trip delay are likely to be covered by Trip Delay protection. Please be sure to keep all receipts for submission and contact your travel plan administrator for assistance and clarification.

If your delay involves missing the ship in the port of embarkation, you must immediately contact the En Route Desk to confirm that you will be permitted to join the vessel at the next port of call. In certain instances, you will not be permitted to join the vessel at the next port if the late embarkation will result in a violation of the Passenger Vessel Services Act (PVSA), or if you do not have the proper documentation (such as a passport or visa) to continue travel.

Travel & Transportation

Upon learning your new flight arrangements, we ask that you immediately contact Princess with your new flight information for our records. You may call us toll-free at 800-545-0008. This special number is operational only in the United States and Canada.

If you are outside of the United States and Canada, you can reach us at 13 24 88 (within Australia), 0800 780 717 (within New Zealand), 0843 373 0333 (within the United Kingdom), or 661-284-4410 (all other countries). Princess representatives are available to answer this en route line 24 hours a day, 7 days a week.

After-hours support is available in the event of en route delays. These calls will be routed to our customer service centers in Australia or the United Kingdom, subject to the time of call. Our representatives will record your new flight information into your booking record.

If you have purchased Princess EZair®, we offer Next Port Protection to the next appropriate port of call should you miss your cruise embarkation due to an airline delay or service disruption. Contact the En Route Desk for assistance. Note that Next Port Protection covers air costs only and you are responsible for the cost of accommodations, meals and other incidentals. If you have purchased travel insurance, please keep your receipts and contact the plan administrator for possible reimbursement of these expenses.

If you have purchased Princess Vacation Protection and Princess EZair® and experience a delay reaching your cruise or land package, and you require assistance booking accommodations and transfers, please contact On Call International toll-free at 866-509-7712, or from outside the U.S. or Canada call collect at 603-894-9386. Payment is required up front for these arrangements, but can be submitted to the plan administrator for reimbursement of eligible expenses after your trip. Once your new arrangements are confirmed, the representative at On Call International will contact the En Route Desk to provide us with the details.

If your checked baggage is delayed or misdirected by a common carrier, immediately report this to the carrier. Once you arrive on board, report this delay to the Guest Services Desk, providing the claim number and bag description.

As a courtesy, the onboard staff will assist in following up with the airline; however, any costs incurred in forwarding the luggage to the ship is at the guest's expense. Guests who have purchased travel protection should verify with their policy carrier regarding Baggage Protection, which may include baggage delay coverage. Please keep all receipts for submission and contact your travel plan administrator for assistance.

Important: The En Route numbers provided above are for unforeseen delays. If you have any other questions, please contact your travel consultant. Princess is not responsible for any airline delays.

Travel & Transportation

Safety Ashore

Our primary concern at Princess is your safety and security. We are in continuous contact with authorities concerning any travel advisories that might impact our cruises.

If the U.S. State Department advises against travel to specific locations we visit, we will make the necessary changes to the published itinerary. Although such itinerary changes occur infrequently, please understand that these changes are for your own safety and security and are beyond our control.

We remind all of our guests that they must ultimately assume responsibility for their actions while ashore. In this regard, we would like to remind you of some common sense precautions when visiting ports of call:

- Travel with others and stay in open public places.
- Dress down conservatively and minimize the amount of jewelry you wear.
- Take care of handbags, cameras and valuables.
- Be aware of your surroundings and the people around you.
- Use discretion when handling cash publicly. Separate money for small and large purchases to avoid showing a large amount of cash. Have gratuities ready.
- Do not provide personal information to persons you do not know.
- Exercise extra caution when exploring during the hours of darkness.

- Do not accept rides from unofficial taxis; look for certification and proper licenses.
- If confronted by a criminal, just remember that money and valuables can be replaced.
- Consider going ashore on a Princess Cruises tour or other organized group; independent guests touring on their own should be particularly vigilant.
- Do not leave drinks unattended when in bars or restaurants.
- If you are involved in an auto accident, only stop in locations you consider safe in order to exchange vehicle information.
- Do not travel in rural or deserted roads and areas.
- Keep well clear of any gathering crowds or demonstrations.

We thank you in advance for following these recommendations, which we believe will enhance the enjoyment of your cruise.

Onboard Atmosphere

Everyone at Princess is committed to ensuring you have a great time on your cruise. So, to preserve a relaxed and friendly atmosphere on board, we ask that you observe a few guidelines.

- When formal nights are held, please observe the dress code in the Traditional Dining and Anytime Dining venues for the enjoyment of all our guests. For details regarding this, please see the section on [Formal Wear](#).
- Should you wish to videotape on board during your cruise, please feel free to do so. However, videotaping the onboard entertainment performances is not allowed for copyright reasons.
- Inappropriate dress such as pool or beach attire, shorts, ball caps and casual jeans (with fraying and/or holes), is not permitted in the dining rooms.

Alcohol Age Restrictions

The legal drinking age of 21 years* is always observed on board and proof of age may be required. All onboard staff are trained to take their responsibility to not serve alcohol to underage guests seriously. The age restrictions are clearly posted in the bars.

*For guests on cruises originating from Australian, European and Asian ports other than Japan, the minimum age limit for drinking is 18 years of age or older (20 years of age or older for Japan).

Smoking Policy

The legal purchasing and smoking age of 18 (19 while in Alaska*) years or older is always observed on board and proof of age may be required.

Keeping the comfort of our guests a priority, and in consideration of consumer studies which show smokers are a small minority of guests, Princess has implemented the following smoking policy:

Designated Smoking Areas clearly marked "Designated Smoking Areas" are available on board and include a sufficient number of ashtrays that are emptied regularly. Generally, these areas include cigar lounges, a section of the nightclub, as well as a portion of the open decks. As a safety precaution, guests are reminded to properly dispose of cigarettes, cigars and pipe tobacco, which are never to be thrown overboard as this may be sucked back into the ship and cause fires.

*For guests on cruises originating from Japan, the minimum age limit for smoking is 20 years of age or older.

Princess Cruises prohibits smoking in guest staterooms

Onboard Experience

and balconies. This policy reflects the preferences of a vast majority of our guests who value having their primary living space (both stateroom and balcony) smoke-free. As balconies are a hallmark of Princess Cruises, we believe it is important to keep this peaceful space clear of smoke. Violations to this policy will result in a \$250 fine for each occurrence, which will be charged to the guest's stateroom account. Keeping with the global trend toward more restrictive smoking policies and honoring the wishes of our guests, we feel this change will enhance our onboard experience.

Electronic Cigarettes

The use of electronic cigarettes are permitted within the confines of the guest's stateroom (balcony not included) and within designated smoking areas only.

Laundry Services

Take advantage of our onboard laundry and professional cleaning service for a nominal fee. All laundry is returned within 48 hours or on the same day with our express service. We also offer self-service coin- or token-operated laundrettes.

Full suite guests and Elite Captain's Circle members also enjoy complimentary laundry and professional cleaning service, except for Presto service, which carries a charge.

For your convenience, Princess vessels have self-service laundrettes where washers, dryers and laundry products are available for a nominal charge. Please note that irons/ironing boards are available in the self-service laundry rooms. Ironing and using personal clothes steamers are not permitted in any stateroom. Although rare, on certain itineraries, environmental regulations relating to the consumption of water may impact the operating hours of the laundrettes. These restrictions, when applicable, will be posted in the *Princess Patter* and *Princess@Sea*.

Cashless Cruising

One of the best things about cruising with Princess is the convenience of being able to sign for all your expenses and have them charged to your stateroom.

When you check-in for your cruise, you'll receive a Cruise Card (a personal identification card). The Cruise Card is used to access your personal shipboard account to which all purchases are charged.

An itemized statement will be delivered to your stateroom prior to disembarkation. By providing your credit card in

advance, you are automatically registered for Express Check-Out. There is no need to visit the Guest Services/Purser's Desk to settle your account. We accept U.S., Canadian, British and Euro currencies, and traveler's checks. Express/Optima®, Diners Club/Carte Blanche®, China Union Pay Credit and/or Debit Cards, Discover® Network, the JCB Card®, MasterCard® and Visa® are also accepted. Those paying by traveler's checks or cash will be required to leave a cash deposit with the Purser's staff at the beginning of the cruise.

Onboard Currency

Unless noted, onboard currency is in U.S. dollars. However, on Dawn Princess, Emerald Princess, Golden Princess, Sea Princess, and Sun Princess itineraries operating in Australia, the onboard currency is in Australian dollars.

For your convenience, Currency Exchange Machines for the exchange of foreign currencies are available on vessels sailing out of European ports and on selected exotic itineraries. Automated Teller Machines (ATM) are also available on selected vessels. Use of such machines may involve transaction fees that are subject to change without notice. Please visit the Passenger Services, Purser's Desk or Reception Desk for more information.

Gratuities

During your cruise, regardless of which Princess ship you choose, you will meet staff who provide you with excellent service. Crew members often rotate to different vessels within the Princess fleet which helps to maintain our high standards on every ship. These dedicated workers reflect our philosophy that all crew on all ships are but one family who share in our success.

To simplify the tipping process for our guests, a discretionary gratuity of \$13.50 USD per guest per day for interior, oceanview and balcony, \$14.50 USD per guest per day for mini-suites (including Club Class) and \$15.50 USD per guest per day for suites (including children) will be automatically added to your shipboard account on a daily basis. This gratuity will be shared amongst those staff who help provide and support your cruise experience, including all waitstaff, stateroom stewards, buffet stewards, and housekeeping staff across the fleet. Casino dealers and youth staff do not share in these gratuities, as not all guests utilize these services.

For your convenience, this gratuity can be pre-paid online via Cruise Personalizer. Alternatively, you may call us at 1-855-500-7690 and reference Special Services item number 0591. Pre-payment is available up to 2 days prior to departure.

A 15% gratuity is added to bar charges and dining room wine accounts. This is shared amongst the beverage staff and their support staff. There is also a 15% gratuity (5% on Australian-based ships) added to all spa services and fitness classes offered in the Lotus Spa®, Salon and Fitness Center. We know you'll find these services onboard exemplary.

Casino dealers and youth staff do not share in these gratuities, as not all guests utilize these services.

Stateroom Amenities

The little extras you find in the best hotels — fresh fruit (by request), evening bed turn-down, chocolates on your pillow, complimentary shampoo, conditioner and body lotion — are provided in every stateroom. Bathrobes are available upon request from your stateroom steward for your comfort and convenience.

For those of you who wish to enjoy a relaxing drink in the privacy of your stateroom, bottles of liquor and stateroom bar packages are available for purchase at non-duty-free prices through room service or from designated bar locations.

Mini-suites include a welcome glass of champagne, two televisions, a sitting area and a spacious closet, while full suites offer all of these premiums plus amenities such as a DVD/CD player and free access to a DVD library (not available on ships with Video on Demand). Full suite guests also enjoy complimentary laundry and professional cleaning services, use of the Lotus Spa® Thermal Suite (on select ships), one-time free mini-bar setup and use of our Priority Disembarkation Lounge.

Each stateroom has other luxuries for your convenience, such as a private safe and refrigerator. In addition, each room is equipped with a 110-volt, 60-cycle alternating current (AC) with standard U.S. plug fittings. Please ask your stateroom steward to check your appliances for suitability before use if you have any questions. All ships are equipped with an electric hair dryer in every stateroom.

Please check in with the Purser's Desk/Guest Services for more information. Please note that captioning may not be available for many programs from an international satellite source. This is a limitation of what is available to the maritime market and not a decision made by Princess. We will always make captioning available for our guests whenever possible.

* Ship television programming is not guaranteed at all times due to the nature of satellite communications, which are subject to itinerary and possible disruption from weather patterns and various obstructions. Also, Internet access via satellite is significantly slower than high-speed connections on shore.

Princess Medical Centers

Princess Cruises medical centers are staffed by qualified, licensed healthcare staff who in addition to routine office hours, are available 24 hours a day. Our medical centers are well equipped to handle most medical conditions.

All Princess Cruises medical facilities meet or exceed the healthcare guidelines established by the American College of Emergency Physicians (<http://www.acep.org/Content.aspx?id=29980>). In addition, our medical centers proudly hold the distinction of being accredited to international healthcare quality standards and certified to ISO 9001:2015.

Healthy Practices

The health of our guests and crew are our highest priority. We have implemented several sanitation measures on board which are designed to prevent and contain illnesses on our ships. These procedures meet or exceed standards set by the U.S. Centers for Disease Control and Prevention.

Hand washing is the single most important measure you can take to prevent the spread of infections. To help maintain a healthy environment, please wash your hands frequently and thoroughly with soap for at least 20 seconds, and rinse them well. Use a paper towel to turn off the faucet and open the door. Hand sanitizers are available in select locations around the ship however as they are only partially effective against norovirus, they should be used after and not instead of hand washing, particularly before eating at self-service restaurants.

Always cover your nose and mouth with a tissue when you cough or sneeze. Throw the tissue in a trash bin after you use it and wash your hands. If no tissues are immediately available, sneeze or cough into the top of your arm rather than your hands.

Should you experience any symptoms of vomiting or diarrhea, it is very important that you return to your stateroom and immediately report your illness to the medical staff.

Charges for medical services will be added to your shipboard account, and you will be provided with an itemized account to submit to your insurance company. Please note Princess cannot bill your insurance directly. Princess ships have Bermudan or British registry. Verify with your insurer if your coverage applies outside the United States, or purchase appropriate travel insurance. We strongly recommend you review your health insurance coverage before traveling. Many policies, including Medicare, will not pay for medical services or emergency evacuation outside of the country.

Onboard Experience

Or, families may wish to dine together in one of our elegant, upscale restaurants, which offer a special children's menu.

Dining on board a Princess cruise ship is a joyful celebration in the truest sense with every dish “designed for fresh” and crafted to exceed even the most discerning appetites. Opt to fill your nights by catching a production show, dance the night away or visit our Vegas-style casino.

1st Day Dining

Shortly after we welcome you on board your spectacular Princess ship, you’re invited to relax and dine at the Horizon Court or in one of the ship’s multiple dining rooms.

The Horizon Court (named Panorama Buffet on Pacific Princess) offers an ever-changing array of buffet meals or snacks throughout the day and during select hours at night. A primary feature of Princess ships, the top-of-the-ship restaurant features floor-to-ceiling windows with stunning sea views as a backdrop.

Or join us in one of our main dining rooms for lunch and dinner served up by a staff — from chefs to waiters — dedicated to making your dining experience something special.

Together, Princess’ unique combination of amiable dining staff, fine cuisine and new friends make every meal on board a memorable occasion.

Anytime Dining*

Anytime Dining offers a flexible dining experience — similar to a restaurant ashore — and gives you the freedom to dine with whomever you wish, at your convenience between 5:30 p.m. and 10 p.m. in elegant, upscale venues.

*Not available on Dawn and Pacific Princess. Not available on Diamond Princess while in Japan. Available on Sea Princess effective September 19, 2017 and on Sun Princess effective April 25, 2017.

Traditional Dining

Traditional Dining is the classic cruise dining experience, with multiple seatings available, in the same dining room with the same waitstaff and table mates each evening. Please note that early seating is not available on all ships.

Should you need to change your dining preference, call your travel consultant no later than three weeks before you sail. Requests for preferences and changes are considered on a first-come, first-served basis. It is not always possible to alter dining preferences or seating arrangements once they are reserved.

Once on board and subject to availability, you may attempt to switch preferences by contacting the Maitre D’. We will do our best to accommodate you.

Specialty Restaurants

Variety is the spice of life, especially when it comes to gourmet fare. That’s why Princess offers several Specialty Dining options for you to choose from on every ship.

Plus - Platinum and Elite Captain's Circle members receive Internet as part of their onboard amenity.

* Internet access via satellite is significantly slower than high-speed connections on shore. Princess Cruises reserves the right to filter content accessed via the ship's Internet services. Saying Goodbye

- Disembarkation

Disembarkation

On the majority of our cruises, you will be required to identify and clear your luggage through customs. As you leave the ship, you will be directed by Princess representatives to the luggage claim area. As many bags are similar in appearance, please check each luggage tag to ensure you are claiming your own luggage.

Due to U.S. and local customs restrictions, guests may not leave the ship until all luggage is off-loaded. With this in mind, we suggest that you relax in one of the many public lounges to wait for customs clearance and disembarkation by pre-designated groups.

Customs and immigration inspectors will review with you the customs declarations form upon which you have listed all the articles bought in foreign ports or in the ship's boutiques. U.S. residents returning to the United States are allowed a duty-free exemption of \$800 USD per person, which includes the cost of one liter of alcoholic beverages (if purchased on board or ashore) for each guest 21 years of age or older. Canadian citizens, when out of the country for more than eight days, may bring back up to \$750 CAD duty-free.

It is recommended that guests keep their sales receipts handy for declaring their purchases. Food items should not be brought into U.S. ports.

On cruises calling at ports of the U.S. Virgin Islands, Puerto Rico, or American Samoa, U.S. residents are allowed an additional exemption of \$1,600 USD when returning to the United States, including five liters of alcoholic beverages provided you have the proof of purchase from the designated ports. Of your \$1,600 USD exemption, no more than \$800 USD worth of articles may have been purchased in the islands. Articles acquired in these islands need not accompany you but may be sent to the United States and claimed under your duty-free personal exemption if properly declared. Please note that family members, who live in the same home and return together in the United States, may combine their standard personal exemptions. Children are allowed the same as adults, with the exception of alcohol and cigarettes. Please note that these are current exemptions and are subject to change. For more information on U.S. customs regulations, view the "Know Before You Go" brochure at www.cbp.gov.

For further customs information, we recommend that you attend the Cruise Director's disembarkation talk and thoroughly read the disembarkation information notice delivered to your stateroom during the last days of the cruise.

- Captain's Circle

If you have purchased a Princess ship-to-airport transfer, Cruise Plus Hotel Package or are participating on a Land and Sea Vacation, you will be directed by uniformed Princess representatives to the transfer departure point.

If your friends or relatives are meeting you at the pier, please be advised that disembarkation may take up to four hours after the scheduled arrival of the ship in order to clear immigration and customs.
