

Fixed index annuities were made for **times like these**

Upside potential, no risk of losing premium due to market downturns

Your clients may be asking questions about the possibility of a recession. While no one knows for sure what will happen in the months ahead, consider talking to them now about a fixed index annuity.

With a blend of **upside potential** and **premium protection**, it could be a great fit for whatever's around the next bend. And these pieces can help tee up productive discussions:
