

Astrata Europe TalentLinc

We are looking for a QA Engineer (M/F)

Astrata Europe: We are the European leader of innovative telematics services. We deliver our services to your local plumber, international transport companies and multinational shipping companies. Want to know what they have in common?

Our culture: We are a diverse team, highly skilled and experienced, working in an innovative and ambitious environment. Our open working environment encourages collaborative working across teams and ensures information flows around the business. Be open to cooperating with colleagues from all over the globe and thrive in an inspirational environment. Like to join our mix to create innovative solutions?

Your challenge: Add your value to a company where the impact of your work is visible to you, your colleagues and our customers. Work in a closely-knit team where you will be challenged to be proactive, creative and responsible. Can you deliver the goods?

Your successes:

- Create and execute structured manual test activities during product development, exploratory tests, regression tests and report results,
- Review system requirements and track quality assurance metrics,
- Final acceptance of all Astrata products and services,
- Working on several platforms and become an expert on our products,
- Execute tests in the lab environment and occasionally on different vehicles in the customer environment.

Your skills and experience:

- Knowledge and affinity with agile methodologies (e.g. Scrum),
- Understanding of development process and QA methodologies, tools and processes,
- Testing on Mobile, Embedded and Web platforms,
- Collecting and analyzing application logs and test reports,
- Structural test case analysis, design and execution,
- Functional and non-functional testing,
- Retesting and regression testing,
- English language at a professional working level.

Your competencies:

Initiative, results oriented, communication, team work, client focus, accountability, innovation, creative thinking, quality focus, continuous learning.

Our offer:

- Be part of a motivated team,
- Work with great technology,

- Good office location.

Remuneration: Salary will be based on experience and skills.

Application:

Do you want to get connected to Astrata Europe B.V.? Please send your application to Loek Charpentier, HR Manager, (lcharpentier@astrata.eu) and include your motivation for this position and your CV.

Acquisition or solicitation by recruitment agencies is not desired.
