Bullying, Cyberbullying, Harassment, Sexual Harassment, and Retaliation

Introduction
Waring School expects and demands that all students, faculty, staff, parents, trustees and all others in the community abide by the School's Ethic. The Ethic was co-written by faculty and students and serves as Waring's guiding behavioral code in all daily endeavors. We are committed to providing an enriching and safe learning environment where we may take healthy risks through trust, mutual support and encouragement. Safety at Waring must be maintained in all forms—physical, emotional, mental, and otherwise—and must be enjoyed by all members of the community to the same extent and without discrimination of any kind. We expect and demand civility, respect, and a curiosity to learn more about ourselves and the others around us in a safe environment.

Policy against Harassment, Sexual Harassment, Bullying, Cyberbullying and Retaliation
Waring School must maintain an environment completely free of harassment, sexual harassment, bullying, cyberbullying, and retaliation. Waring strictly prohibits harassment, sexual harassment or assault, bullying, cyberbullying, or retaliation, in our school buildings, on school grounds, or in school-related activities or activities outside of school that infringe on a student’s rights or safety (real or perceived) while at school. We will investigate promptly all reports and complaints of harassment, bullying, cyberbullying, and retaliation, and take prompt action to end that behavior and restore the target’s sense of safety. We will support this commitment in all aspects of our school community, including curricula, instructional programs, staff development, extracurricular activities, and parent or guardian involvement. As written in our Ethic, it is incumbent upon all students and all members of the Waring community to speak up in the appropriate way, to the appropriate person(s) whenever there is a problem. Many incidents begin on a very small scale. Much of the time, issues that have the potential to become serious can be brought to a stop (through a peer speaking up to another, an onlooker interceding when teasing is happening, etc.) before it escalates to a more serious situation. We demand of each other that we do the right thing, whether our role is active participant, or onlooker.

As part of this Policy, Waring School maintains a Prevention and Intervention Plan that is integral to life and learning at school in an effort to prevent any behavior that runs contrary to the school’s Ethic. Like Waring School’s Ethic, this Plan and Policy is available on Waring School’s website and is clearly communicated to students, faculty, staff, Trustees and parents. This Policy is consistent with broader protections at Waring against harassment, discrimination, bullying, cyberbullying and retaliation that appear in our Student Handbooks, Employee and Human Resources Manuals, website, and other documents, publications, manuals and policies.

We recognize that certain students may be more vulnerable to becoming targets of bullying, harassment, or teasing based on actual or perceived characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, academic status, gender identity or expression, physical appearance, or sensory, disability, or by association with a person who has or is perceived to have one or more of these characteristics. Waring School will identify specific steps it will take to create a safe, supportive environment for vulnerable populations in the school community, and provide all students with the skills, knowledge, and strategies to prevent or respond to bullying, harassment, or teasing.

We also recognize that faculty and staff are inherently in positions of power and authority. Faculty and staff must be mindful and deliberate in taking care not to abuse their roles in any way. Waring strictly prohibits harassment, sexual harassment, grooming and any other misconduct by a faculty or staff member that victimizes a student. To this end, Waring trains its faculty and staff on maintaining appropriate boundaries with students (not ‘friending’ students on social media is one concrete example) and safeguarding a healthy teacher-student relationship at Waring.

Definitions
Bullying means the repeated use by one or more students of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a target that:
(a) causes physical or emotional harm to the target or damage to the target's property;
(b) places the target in reasonable fear of harm to himself or herself or damage to his or her property;
(c) creates a hostile environment at school for the target;
(d) infringes on the rights of the target at school; or
(e) materially and substantially disrupts the education process or the orderly operation of a school. Bullying shall include cyberbullying.
Cyberbullying means bullying through the use of technology or any electronic communication, which shall include, but not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications.

Cyberbullying shall also include:
(a) the creation of a web page or blog in which the creator assumes the identity of another person; or
(b) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions in bullying(a) through (e).

“Cyberbullying” shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions in bullying(a) through (e).

Sexting refers to an act of sending sexually explicit materials through mobile phones. Sexting between Waring students is strictly prohibited and is categorized as a Major Offense. Students should be aware of the legal severity of such practices and their potential repercussions (including in college matriculation), far beyond the scope of Waring.

Harassment
For Waring employees, harassment is legally defined with the workplace in mind. For the purposes of our students and the Family Handbook, Waring defines harassment as behavior involving a single instance or repeated instances of severe and pervasive pressure or intimidation. Examples of specific forms of harassment include but are not limited to abusive behavior based on another’s race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical developmental or sensory disability or by association with a person who has or is perceived to have one or more of these characteristics.

Sexual Harassment
For Waring employees, sexual harassment is legally defined with the workplace in mind. For the purposes of our students and the Family Handbook, Waring defines sexual harassment as behavior involving a single instance or repeated instances of inappropriate verbal and/or physical conduct of a sexual nature. Examples include unwelcome sexual advances, requests for sexual favors, touching, innuendo, and other conduct of a sexual nature that has the purpose or effect of: 1. creating an intimidating, hostile, or offensive environment; 2. interfering unreasonably with a person’s academic performance; or 3. creating a situation where an evaluation of a student depends on his/her/their submitting to and/or not objecting to the behavior.

In addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, or humiliating to males, females, or those who are gender non-conforming may also constitute sexual harassment. While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct, which if unwelcome, may constitute sexual harassment depending upon the totality of the circumstances including the severity of the conduct and its perserviveness:

- Unwelcome sexual advances -- whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip, comment on an individual’s body, comment about an individual’s sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one's sexual experiences; and,
- Discussion of one's sexual activities.

The complainant does not have to be the person at whom the unwelcome sexual conduct is directed. The complainant, regardless of gender, may be a witness to and personally offended by such conduct. Bullying, Cyberbullying and Harassment are defined as Major offenses in the Student Conduct Policy.

Legal Definitions and School Policy
In some cases, Waring School’s standards of behavior and codes of conduct may be stricter than state or federal regulations in order that Waring may prevent verbal or physical misconduct before such behavior rises to more
serious, legal levels. For example, although bullying is legally defined as a “repeated use” behavior, Waring School reserves the right to take disciplinary action and other corrective action in a case of a single expression, act or gesture, if the School determines that the behavior is of sufficient severity to warrant disciplinary action or that the repetition of that expression, act, or gesture might reasonably result in bullying as defined under the law.

**Relationship to Other Laws**
Consistent with state and federal laws, Waring School’s Plans and Policies do not discriminate on account of race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical developmental or sensory disability or by association with a person who has or is perceived to have one or more of these characteristics. Nothing in the Plan prevents Waring from taking action to remediate discrimination or harassment based on a person’s membership in a legally protected category under local, state, or federal law, or school or district policies.

In addition, nothing in the Plan is designed or intended to limit the authority of the school to take disciplinary action or other action under M.G.L. c. 71, §§ 37H or 37H½, M.G.L. c. 71, §§41 and 42, M.G.L.c 76 § 5, or other applicable laws, in response to violent, harmful, or disruptive behavior, regardless of whether the Plan covers the behavior.

**Other Terms Defined**

**Aggressor** (formerly “perpetrator”) is a student or a member of a school staff who engages in harassment, bullying, cyberbullying, or retaliation towards a student.

**Boundaries** are defined as acceptable professional behavior by teachers and staff members in their interactions with students. Boundaries areas include: social/emotional, physical, in-person interactions and spoken words, written communications, on and off-campus interactions, social media interactions, field trips and outings, favoritism, teacher feedback, and comportment.

**Hate incidents** are acts of violence or hostility directed at people because of who they are or who someone thinks they are.

**Hostile Environment** is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions or a student's education.

**Retaliation**—including any form of intimidation, reprisal, or harassment—directed against a person who reports bullying, provides information during an investigation of bullying, witnesses bullying, or has reliable information about bullying is also prohibited.

**School Staff** includes, but is not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, support staff, or paraprofessionals.

**Target** is a student against whom harassment, bullying, cyberbullying, or retaliation has been perpetrated.

**Bullying Prohibited**
All bullying and retaliatory behavior is prohibited on school grounds and property immediately adjacent to school grounds, at school-sponsored or school-related activities, functions, or programs (whether on or off school grounds), on vehicles owned, leased, or in use by the school, or through the use of technology or electronic devices owned, leased, or in use by the school.

Such bullying and retaliatory behavior is also prohibited at locations, activities, functions, or programs that are not school-related through the use of technology or electronic devices that are not owned, leased, or in use by the school, if the acts create a hostile environment at school for the targeted individual or witnesses, infringe on their rights at school, or materially and substantially disrupt the educational process or orderly operation of the school. It should be noted, though, that the law does not require the school to staff any non- school related activities, functions, or programs. Activities initiated by non- school persons, including parents of students, are not school-related activities, functions, or programs. Whenever necessary, the Head of School or his/her delegate will make the determination of whether any activity, function or program is school-related. It is important to bear in mind, however, that Waring reserves the right to require standards of behavior under its policies that are stricter than the
laws of the Massachusetts in order that we may prevent inappropriate verbal and physical conduct before a student has been subject to bullying as it is defined under the law.

**Reporting**
It is important for students who think they have been bullied to promptly report the incident. Any such complaint will be pursued according to the procedures described below. All allegations of bullying will be immediately investigated. Waring safeguards against the mishandling of complaints by authorized personnel, and prohibits negative behavior in response to a student who makes a complaint. Violation of this Policy will result in disciplinary action up to and including dismissal or expulsion.

**Complaints**
Waring employees are required to report misconduct and we strongly encourage all other members of the community to do the same, either by written or oral report. Oral reports made by or to a staff member will be recorded in writing. Reports made by students, parents or guardians, or other individuals who are not school or district staff members, may be made anonymously (see below for Anonymous Reports). The school may make a variety of reporting resources available to the school community including, but not limited to, an Incident Reporting Form (Appendix A).

The school will: 1) include a copy of the Incident Reporting Form in the beginning of the year packets for students and parents or guardians; 2) make the form available in the school’s main office, the counseling office, and other locations determined by the Head of School or his/her designee; and 3) post the form on the school’s website. Use of an Incident Reporting Form is not required as a condition of making a report.

At the beginning of each school year, the School will provide the School community, including administrators, faculty, staff, students, and parents or guardians, with written notice of its policies for reporting acts of harassment, sexual harassment, bullying and retaliation. A description of the reporting procedures and resources, including the name and contact information of the Head or his/her designee, will be incorporated in student and faculty/staff handbooks, on the School website, and in information about the Policy that is made available to parents or guardians.

**Students**
Any student who suspects or has knowledge of an incident of harassment, sexual harassment, bullying or cyberbullying or has witnessed an incident of such misconduct or otherwise has relevant information about conduct prohibited by this Policy is strongly encouraged to report that information to the Dean of Students or other member of the Student Support Team, Associate Head of School, Head of School, Tutor, or other faculty or staff member with whom the student is comfortable speaking. Any student who is subject to retaliation in violation of this Policy or who knows of another student who has been subject to retaliation is urged to report that information as soon as possible. Students may request assistance from a faculty or staff member to complete a written report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with a faculty or staff member. Students who fail to find some mechanism to report incidents may be held accountable by the school.

**Parents**
A parent of a student who is the target of harassment, sexual harassment bullying or cyberbullying or of a student who has witnessed or otherwise has relevant information about bullying or cyberbullying is strongly urged to promptly notify a Waring employee.

**Faculty and Staff**
All faculty and staff must immediately report when he/she witnesses or becomes aware of conduct that may be harassment, sexual harassment, bullying or retaliation to the appropriate personnel at Waring. The requirement to report to the Head of School or designee does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school policy or state regulations. (See also: Mandated Reporting: Child Abuse and Neglect.)

**Others**
Other persons who witness or become aware of an instance of harassment, sexual harassment, bullying or retaliation are strongly encouraged to report it to a Waring employee.
**Anonymous Reports**

Pursuant to the state law, reports may be made anonymously, but it should be noted that the school will not take disciplinary action against a student solely on the basis of an anonymous report.

Therefore, Faculty and staff are strongly advised not to make anonymous reports under this Policy. In addition, the School urges students and their parents not to make reports anonymously. Although there are circumstances in which an anonymous report can be better than none at all, it is far more difficult to determine the facts of what occurred if complaints are made anonymously. Students and parents are encouraged to bear in mind that the School takes its Policy against retaliation seriously. Also, while the School cannot promise strict confidentiality, because information must be shared in order to conduct an effective investigation, the School releases information concerning complaints of bullying, cyberbullying, and retaliation only on a legitimate need-to-know basis.

**Responding to a Report of Harassment, Sexual Harassment, Bullying, Cyberbullying, or Retaliation**

When a complaint of harassment, sexual harassment, bullying, cyberbullying or retaliation is brought to the attention of the Head, the Head or his/her designee will make an assessment as to whether any initial steps need to be taken to protect the well-being of students and to prevent disruption of their learning environment while the investigation is being conducted. As appropriate, strategies such as increased supervision may be implemented to prevent further bullying, or retaliation during an investigation. Responses to promote safety may include, but not be limited to: creating a personal safety plan; pre-determining seating arrangements for the targeted student and/or the aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a “safe person” for the targeted student; and altering the aggressor’s schedule and access to the targeted student. The Head of School or his/her designee will take additional steps to promote safety during the course of and after the investigation, as necessary. Those steps include protecting a student who has reported misconduct, a student who has witnessed misconduct, a student who provides information during an investigation, or a student who has reliable information about a reported act of misconduct.

It is the policy of the School to notify the parents of any student who is an alleged target of harassment, sexual harassment, bullying, cyberbullying, or retaliation and the parents of any student who may have been accused of engaging in such behavior promptly after a complaint has been made. Further, to the extent consistent with state and federal law and 603 CMR 49.00, the parents or guardians of the victim will also be notified of the actions taken to prevent any such further acts.

An impartial investigation of the complaint is conducted by the Head of School or his/her designee. That investigation may include (but will not necessarily be limited to) interviews with the person who made the complaint, with the student who was the target of the alleged bullying, or retaliation, with the person or persons against whom the complaint was made, and with any students, faculty, staff, parents or other persons who witnessed or who may otherwise have relevant information about the alleged incident. The Head of School or his/her designee conducting the investigation may also choose to consult with other teachers and/or other school personnel. In addition, Waring School at its sole discretion may use an external investigator or resource if it deems it advisable to do so.

Following interviews and any other investigation undertaken, as the School deems appropriate, the Head of School or his/her designee will determine whether and to what extent the allegation of bullying, or retaliation has been substantiated. If bullying, or retaliation has taken place, the Head of School or his/her designee will administer appropriate disciplinary action and/or remedial action. These actions will balance the need for accountability with the need to teach appropriate behavior.

Bullying incidents involving a student(s) of other schools or a former student(s) under the age of 21 will be addressed as required by G.L. c.71, §37O.

Determinations made by the Head or his/her designee with respect to harassment and bullying claims are final.

**Allegations in Bad Faith**

The School also recognizes that knowingly false accusations may have serious effects on innocent persons. Students found to have knowingly made false accusations of bullying will be subject to appropriate disciplinary action, up to and including suspension, or expulsion. Please note: This is not meant to include allegations that were made in good
faith and reasonable belief of their accuracy but which were later determined to be insufficient or unsubstantiated so as to not prompt remedial action, in which the complainant has done nothing improper.

**Other Remedies**
This Policy is the school’s internal policy and is only intended to address bullying, or retaliation that involves students. There may be other internal or external means of address and nothing in this policy is intended to replace any statutory rights of redress either under state or federal law. Nothing in the Policy prevents the School from taking action to remediate discrimination or harassment based on a person’s membership in a legally protected category under local, state, or federal law, or school or district policies. In addition, nothing in the Policy is designed or intended to limit the authority of the School to take disciplinary action in response to violent, harmful, or disruptive behavior, regardless of whether the Policy covers the behavior.

**Ongoing actions**
Faculty and Staff will be provided annual written notice of the Policy and trained annually with respect to the Policy requirements. Relevant sections of this policy relating to the duties of faculty and staff will be included in the Employee Manual. Waring will provide to students and parents or guardians, in age-appropriate terms and in the languages which are most prevalent among the students, parents or guardians, annual written notice of the relevant student-related sections of the Policy.

Boundaries between Teachers/Staff and Students

In 2019, Waring School engaged David Wolowitz of McLane Middleton in ongoing efforts to define professional boundaries within a Waring culture of safety and wellness.

Waring’s Behavioral based training provides teachers and staff the tools to identify concerning behavioral patterns before there becomes a “slippery slope”. It provides faculty with a common vocabulary to discuss concerns. Most importantly, behavioral based training is designed to help teachers and staff become more comfortable raising concerns early, directly or indirectly. By raising concerns before serious harm is done, there is an opportunity to address problematic behaviors as teaching, mentoring or coaching situations, rather than employment actions.

Waring Faculty’s Behavioral based training addresses the following topics:

1. Taking on inappropriate roles
2. Violating Boundaries
3. Contributing to a power dependency
4. Acting without accountability

Responding to Hate Incidents at Waring

Waring School uses the Anti-Defamation League’s “RICE” procedure in responding to hate incidents at school.

“RICE” (Ready, Investigate, Communicate, Educate) is here abbreviated below:

READY
- Update policies
- Regularly review policies
- Establish a reporting protocol
- Develop a data collection protocol
- Build relationships with community partners

INVESTIGATE
- Get all the facts
- Reassure the targets
- Send message to perpetrators
- Contact law enforcement
- Preserve evidence
- Interview all witnesses
- Apply relevant policies in a consistent, fair, and impartial manner

COMMUNICATE
- Silence breeds anxiety and rumor
- Send separately tailored messages to constituencies
- Send regular updates
- Respect students’ privacy

EDUCATE
- Bias-motivated incidents can serve as “teachable” moments
- Discuss incidents with the entire student body
- Schools have a responsibility to educate perpetrators as well
- Anti-bias education cannot be “one-and-done”
Prevention and Intervention Plan

1. Leadership
Leadership at all levels will play a critical role in developing and implementing Bullying Prevention and Intervention Plan (“the Plan”) in the context of other whole school and community efforts to promote positive school climate. Leaders such as the Head of School, Associate Head of School and other administrators and chairs, have a primary role in teaching students to be civil to one another and promoting understanding of and respect for diversity and difference. The Head of School is responsible for setting priorities and for staying up-to-date with current research on ways to prevent and effectively respond to bullying.

This Plan will be developed and updated in consultation with Waring School teachers and staff, professional support personnel, school volunteers, administrators, community representatives, local law enforcement agencies, students, parents, and guardians as appropriate.

Waring will report bullying incidents data in accordance with state regulations.

2. Waring Teacher and Staff Development
Waring School works annually with experts both on staff or on retainer and outside consultants who are hired for development opportunities. In recent years, Waring has worked with professionals, including: mental health specialists, counselors, learning skills experts, experts on gender equity and inclusion, and authorities on anxiety in youth.

Waring has also consulted with experts on student leadership (ex: Project Adventure) to augment programming in Health, Tutorial, and at the group/grade level which fosters student agency and peer-mentoring.

As part of this Plan, Waring will also conduct:

- **Annual staff training on the Plan.** Annual training for all school staff on the Plan will include staff duties under the Plan, an overview of the steps that the Head of School or designee will follow upon receipt of a report of bullying or retaliation, and an overview of the bullying prevention curricula to be offered at all grades at Waring (with excellent examples offered at [http://www.doe.mass.edu/bullying/](http://www.doe.mass.edu/bullying/)).

- **Ongoing professional development.** The goal of professional development is to establish a common understanding of tools necessary for staff to create a school climate that promotes safety, civil communication, and respect for differences. Professional development will build the skills of staff members to prevent, identify, and respond to bullying and harassment.

Professional development will also address ways to prevent and respond to bullying or retaliation for students with learning differences and disabilities that must be considered when developing students’ Individualized Education Programs (IEPs) with Waring’s Learning Skills Coordinator.

Additional areas identified Waring for professional development may include:

- promoting and modeling the use of respectful language;
- fostering an understanding of and respect for diversity and difference;
- building relationships and communicating with families;
- constructively managing classroom behaviors;
- using positive behavioral intervention strategies;
- applying constructive disciplinary practices;
- teaching students skills including positive communication, anger management, and empathy for others;
- engaging students in school or classroom planning and decision-making;
- maintaining a safe and caring classroom for all students.

C. Written notice to staff. The school or district will provide all staff with an annual written notice of the Plan by publishing information about it, including sections related to staff duties and bullying of students by school staff, in the school or district employee handbook and the code of conduct.
3. Access to Resources and Services

Waring School’s Ethic serves as our guiding principles for healthy behavior. A healthy, relational culture is pervasive at Waring and is maintained by the many structures in place, such as Tutorial, mixed age classrooms, small class sizes and the staff members on our Student Support Team.

In addition to their peers, older mentors in their Tutorials, their teachers, and their Tutors, students have access to the rest of the faculty and staff and the Student Support Team, comprised of: the Dean of Students, School Nurse, Athletic Trainer/Health Chair, Learning Skills Coordinator, Consulting Psychologist and Associate Head of School. Health Classes provide students with resources in the many areas of that curriculum.

For our students and families, Waring publishes a topical Student Wellness Newsletter that includes resources by theme as appropriate. When appropriate, our Student Support Team and Social Worker will refer families to outside experts and resources.

4. Academic and Non-academic Activities

Waring's Ethic serves as the guiding source for how we behave at Waring. Honesty and integrity are at the heart of Waring's core values.

That said, Waring is deliberate in its practices--both academic and nonacademic--in addressing issues of prevention and intervention in harassment and bullying. In 2018, during the Brett Kavanaugh hearings, students in Humanities watched excerpts of the events, reading Mary Beard’s essays “Women & Power” about women’s public voices in the Classical World and how they led, in part to where women’s public voices are now.

Waring’s primary academic venue for addressing and preventing bullying and harassment fall under the Health curriculum and its carefully created (and annually updated) syllabus, program and roster of outside guests. The Health teachers conduct activities and classes around defining and preventing bullying in every grade, and teachers review the laws on cyberbullying and harassment every year. Teachers use class as a venue to discuss more nuanced issues like retaliation, false accusations, and to make an effective apology when one does harm of any kind to another. Waring uses organizations who provide specialty classes for students, including PFLAG and NSRCC, and online resources such as the CyberCivics curriculum and TED talks on related topics.

Other academic areas (such as French and Science) and co-curricular areas (such as Debate, the Performing Arts and Visual Arts) address topics directly related to these issues as well, particularly through themes of inclusivity and cultural proficiency in literature read, films viewed, cultures studied, etc.

Through our tutorials and mixed age opportunities, students are natural mentors for each other: they want to do right, they want to set an example for peers; and we hear this reflected in our senior speeches at Commencement every year. All-School Meeting forms a venue for ongoing dialogue, and occasional, more official check-ins and updates concerning this plan and the school’s policies.

The Student Advisory Council is a natural advocate group and liaison between students and the faculty on issues that may arise.
