

# NAVIGATION FOR EVERY JOURNEY

Trusted by Drivers to Keep Them Safe,  
Compliant and Efficient Every Mile, Every Day

Achieve fleet-wide efficiency and consistency, by empowering your drivers with highly accurate, safe truck-legal navigation. CoPilot Truck helps maximize revenue and improve your bottom line by reducing fuel and operating costs.

## Why CoPilot Truck Navigation?

- ▶ Ensure accurate and safe routing by creating truck routing profiles specific to vehicle dimensions and load type
- ▶ Generate efficient and compliant truck-legal routes
- ▶ Lower fuel costs by reducing out-of-route mileage by up to 10%
- ▶ Reduce risk of costly bridge strikes and collisions with truck-legal routing
- ▶ Improve driver retention & recruiting by providing drivers with an effective, easy to use tool

## Keep Your Drivers Safe

- ▶ Non-distracting, driver-friendly user interface
- ▶ Clear 3D and 2D map views plus Driver Safety View for at-a-glance instructions to reduce in cab distraction
- ▶ Advance notice of upcoming lane changes with lane assist guidance and real road signage
- ▶ Prevent driver interaction when the vehicle is in motion with Driver Lock

## Keep Drivers Compliant

- ▶ Profile options for the entire fleet with settings for Heavy, Medium and Light Duty vehicles
- ▶ Detour function quickly identifies an alternative truck-legal route
- ▶ Posted speed limit display plus audio and visual alerts notify a driver when they have exceeded the speed limit
- ▶ Keep drivers safe and legal with load specific routing based on 7 Hazmat categories and ADR tunnel codes

## Keep Fleets Efficient with Lower Miles & Optimal Fuel Usage

- ▶ On-board navigation for constant access to reliable routing
- ▶ Fast, automatic route generation and re-calculation directly on the device
- ▶ Options to integrate with workflow and dispatch applications to prevent incorrect address entry and reduce driver stress
- ▶ Build single or multiple destination routes and optimize up to 50 stops
