pediatric **supergroup** 2016

PCC will host the first-ever Pediatric Supergroup meeting.

Our goal is to convene nationally prominent pediatricians, experts, and supergroup members in one room to share and address the concerns that are particular to pediatric supergroups.

Anyone who is invested in the discussion of pediatrics should attend this conference to help develop and inform their own and others' opinions.

With only 75 spaces available, those inclined should sign up soon.

Our lineup of speakers includes:

Susanne Madden, MBA, CEC
Ellis M. "Mac" Knight, M.D., MBA, FACP, FACHE, FHM
Jeffery Daigrepoint, EFMP, CMPE
Chip Harbaugh, M.D., FAAP
Chip Hart of PCC

Each session will feature a guest speaker followed by an activity to encourage discussion among attendees. Because networking is a key focus of this event, breakout sessions will give you an opportunity to get to know your colleagues and peers in the pediatric supergroup space.
