

GLACIER

NORTH AMERICA'S #1 HIGH SCHOOL
ADVERTISING NETWORK

THOUGHT ADVERTISING IN HIGH SCHOOLS WAS IMPOSSIBLE? THINK AGAIN.

Glacier has the dynamic ability to place your institutions messages directly into high traffic areas in high schools across North America. We do this by using our massive high definition wall murals and professional install team. Our high school advertising service will let you reach the high school student demographic in a way you never thought possible.

“Over 51% of high school students recalled seeing our high school wall mural advertisements that Glacier did for us. This is the highest viewing percentage across all media outlets for us including digital and traditional media. We were blown away from the effectiveness.”

-Media Director

“This was the first year we used Glacier in our school and we had 50+ students take the IVC matriculation test this year as opposed to 7 the year before. They work!”

-Lynn Gregory - Head Guidance Counsellor
