# HELP THE SEALS PREPARE FOR CANADA

**The Seals traveled to Calgary for a game. When they arrived, Cam Holding had $100 in US dollars. In Calgary, they use Canadian dollars. Each US dollar is worth $1.30 in Canadian dollars.**

When Cam exchanged his money, how many Canadian dollars did he receive?

_____

## ADVANCED:

**When the Seals arrived in Halifax earlier this year, the temperature was 10° Celsius.**

What was the temperature in degrees Fahrenheit?

*Hint: the formula to calculate degrees Fahrenheit is* $T(°F) = (T(°C) \times 9/5) + 32$

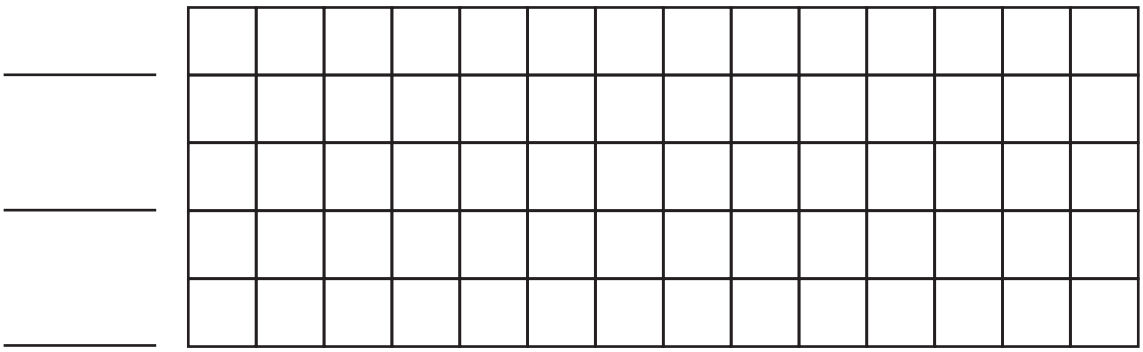
_____

# CREATE A PICTURE GRAPH AND SOLVE

**Use the data of the class vote below to create a picture graph of the students' favorite Seals players:**

| FAVORITE SEALS PLAYER | | |
|---|---|---|
| **AUSTIN STAATS** | **CAM HOLDING** | **WES BERG** |
| 𝍸 𝍸 \|\|\|\| | 𝍸 \|\|\|\| | 𝍸 \| |

Title _____



Legends _____

1. How many more students voted for Austin Staats than Cam Holding?

2. How many fewer votes are for Austin Staats than Cam Holding and Wes Berg?
