Count	Description			
1	TPE2 D 80-150 N-A-G-A-BQQE-HCB			
	Product No.: 98817820			
	Single-stage, close-coupled, volute twin-head identical diameter. The twin-head pump is de the top-pull-out design, i.e. the power head (r maintenance or service while the pump hous	d pump with in-line sur signed with two parall notor, pump head and ing remains in the pip	ction and discharge ports of lel power-heads. The pump is of d impeller) can be removed for ework.	
	Each power head is fitted with an unbalanced rubber bellows seal. The shaft seal is according to EN 12756. Pipework connection is via PN 16 ANSI flanges.			
	Each power head is fitted with a fan-cooled, permanent-magnet synchronous motor of identical size. The motor efficiency is classified as IE5 in accordance with IEC 60034-30-2.			
	continuously variable control of the motor spe performance to a given requirement.	eed, which again enab	les adaptation of the

Count	Description			
	Motor			
	The motor is a totally enclosed, fan-cooled motor with principal dimensions to IEC and DIN standards. Electrical tolerances comply with IEC 60034.			
	The motor efficiency is classified as IE5 in accordance with IEC 60034-30-2. The motor requires no external motor protection. The motor control unit incorporates protection against slow- and quick-rising temperatures, e.g. constant overload and stalled conditions.			
	<ul> <li>The terminal box holds terminals for these connections:</li> <li>one dedicated digital input</li> <li>two analog inputs, 0(4)-20 mA, 0-5 V, 0-10 V, 0.5 - 3.5 V</li> <li>5 V voltage supply to potentiometer and sensor</li> <li>one configurable digital input or open-collector output</li> <li>Grundfos Digital Sensor input and output</li> <li>24 V voltage supply for sensors</li> <li>two signal relay outputs (potential-free contacts)</li> <li>the two power heads communicate via wireless GENIair or wired GENI connection</li> <li>interface for Grundfos CIM fieldbus module.</li> </ul>
