MULTIFAMILY COMMITTEE REPORT

MC Chairman Guy T. Williams, Jr. noted that the Committee met earlier and recommended approval of the resolution regarding Guste Homes III.

LHC Program Manager Marjorianna Willman went over the specifics of the matter.

There was lengthy discussion on the matter by Treasurer Kennedy and HANO Administrator David Gilmore.

Treasurer Kennedy inquired as to whether the project would concentrate poverty.

Mr. Gilmore noted that the project would be 30% smaller in density from the original structure; he noted the transformation of New Orleans' public housing environment from previous concentration of poverty to current mixed-use and mixed-income housing portfolio. He noted that the $190K per unit costs was due to regulatory and statutory needs, site preparations, environmental concerns and remediation; that since HANO was the actual developer and any profits would be plowed back into the project, the costs would actually be around $33K per unit; and that he was very proud and happy about the project.

On a motion by Board Member Guy T. Williams, Jr. and seconded by Board Member Larry Ferdinand, the resolution accepting the proposal of Capital One N.A. or such other purchaser as may be designated by the Developer for the purchase of not to exceed thirty million dollars ($30,000,000) Louisiana Housing Corporation Multifamily Housing Revenue Bonds (Guste Homes III Project) in one or more series; fixing the parameter terms of said bonds and otherwise providing with respect to said bonds; and providing for other matters in connection therewith, was moved to debate.
