CALL TO ORDER

Board Chairman Lloyd S. “Buddy” Spillers called the meeting to order at 10:31a.m. Board Secretary Barry E. Brooks called the roll; there was a quorum.

APPROVAL OF MINUTES

On a motion by Board Vice-Chairwoman Jennifer Vidrine and seconded by Board Member Willie Rack, the Minutes of the August 10, 2016 LHC Board of Directors Meeting were approved unanimously.

LHC BOARD CHAIRMAN’S REPORT

Chairman Spillers noted for the record that the legislation that created LHC allowed for those in Non-Profit areas to be able to sit as appointed members on the Board; that Board Members have to complete Financial Disclosure Statements; that his understanding is that as long as a member does not have a financial interest in a project funded with LHC funds with a direct financial benefit, that a member may participate in the discussion and review for approval of the project; that he was requesting an Ethics Hearing as to whether there are any conflicts with his being President/CEO of the Macon Ridge Community Development Corporation and also serving on the LHC Board of Directors, and that if he is not cleared or if Macon Ridge is not cleared, that he would thereafter leave the Board; that he was aware that Board Member Donald B. Vallee had completed his Tier 2.1 Financial Disclosure without noting that he has five (5) loans with OCD that are now under LHC — and as such that he would be filing an Ethics Complaint accordingly against Board Member Vallee; he also noted Board Member Vallee’s previous challenges to Charles Tate’s selection as LHC Executive Director.

Board Member Vallee addressed the Board and noted that he has a “...real problem in that we all got on this Board with intentions....” and that he did not feel recusals are good for the LHC Board; he discussed the status of his OCD Disaster Recovery loans; and stated that he has correctly filed the necessary Financial Disclosure Statements multiple times with multiple entitles.
There were further very lengthy discussions between Chairman Spillers and Board Member Vallee.

**AGENDA ITEM #4**

Next item discussed was the pending appointment of Charles E. Tate as LHC Executive Director.

Mr. Tate noted that his primary concern was "...the 107,000 folks who are documented to be 30% AMI and less that don’t have housing that they can afford in Louisiana...."

Mr. Tate gave an overview of his education and work experience as related to his being qualified to serve as LHC Executive Director; and he discussed his clearance by Ethics, as well as matters related to his pending HUD conflict of interest clearance.

There were further very lengthy discussions amongst the Board Members, Mr. Tate, LHC Interim Executive Director Edselle Keith Cunningham, Jr., and several audience members (Ms. Almetra Franklin, Mr. Tom Aswell, and Mr. Jack Toldson).
