Thereafter, Board Member Vallee requested that the Record reflect "I'm going to just as a general statement ask you whatever comments I make be added to the Minutes. If not, I'll give you a form letter every time we have a meeting to request as such that you want."

There being no further discussion, opposition, or public comment, a vote was taken, and the motion passed unanimously.

AGENDA ITEM #8

Next item discussed was the resolution awarding \$33,850,000 of CDBG-DR funds.

LHC Director of Recovery Housing Robby Bizot went over the specifics of the matter, noting that 138 applications had been received, that 250 units were anticipated, and that 51 parishes would be eligible.

There were further discussions on the parameters of the matter by Mr. Bizot and the Board.

Mr. Charles Tate addressed the Board and noted that he was very pleased with the LHC staff and Governor's Office regarding the aforementioned; and he advocated for the continued needs of the PSH population.

On a motion by Board Member Larry Ferdinand and seconded by Board Vice-Chairwoman Jennifer Vidrine, the resolution authorizing and approving the Louisiana Housing Corporation ("LHC" or "Corporation") to proceed with the recommended strategies for awarding \$33,850,000 of Community Block Grant-Disaster Recovery ("CDBG-DR") Funds to create or preserve multifamily rental units in impacted parishes; and providing for other matters in connection therewith, was moved to debate. There being no further discussion, opposition, or public comment, a vote was taken, and the motion passed unanimously.

Next, Board Member Michael T. Anderson addressed the Board stating "...And I am going to respectfully ask Mr. Vallee to withdraw his request going back five years. I mean they just lost two members of the staff. What's the better use of the staff's time? ... We've got to help people get into homes...."

Chairman Spillers replied "... Well, first, it wasn't an action because the Board didn't act on it. He suggested he wanted it. My opinion, I wouldn't waste my time putting it together, Mr. Executive Director. So I mean, we didn't act on it. The Board didn't direct you to do it. One Board Member doesn't have authority to do it. So that be it in my

regard, and I'm not as polite as everybody else. So I heard him, I said make sure the Record show that doesn't mean that the staff has to do it. And, unless the Board directed it, I don't see where you have to do it as far as I'm concerned..."

Board Member Vallee replied "...Mr. Anderson, I respect you, and I respect what you requested. And Buddy, as the Chair, I can appreciate your position on that if you feel such and General Counsel over there says it has to be a Board action to request information from the staff to deliberate on, to look at things, then we'll talk about that. But in the meantime, I'll just do my freedom information request and they have to give it to me at that point in time, Mr. Chair. So I don't want to play games with you. I did it for the benefit of the Board. If I got to ask for individually, I'll do so then."

Chairman Spillers said "...I don't think the rest of the Board really cares about seeing it."

Board Member Vallee replied "...As I said before, throw it in the garbage can. Get off the Board if you don't want to look at anything"

Chairman Spillers directed Secretary Brooks to "...Let the Record show he said that. I want to make sure he said I can get off the Board if I want to."

Secretary Brooks replied "...Duly noted."

Board Member Vallee then stated "...I don't think I said it exactly but I'll say it to you directly. I'll say it for the Record. If you don't want to be involved and any Board member doesn't want to get themselves involved in the diligence and oversight of this Committee and issues responsibility, then maybe they ought to get off the Board".

Thereafter, there were further discussions between Board Member Thomas Enright and Mr. Bizot regarding which parishes had been federally declared emergency versus federally declared disaster areas.

MOTION TO SUSPEND THE RULES AND ADD AN ITEM TO THE AGENDA

On a motion by Board Member Larry Ferdinand and seconded by Board Vice-Chairman Jennifer Vidrine, the Rules were Suspended to Add an Item to the Agenda.

There were discussions between the Board and LHC Executive Counsel Jessica Guinn as to the purpose and parameters of the pending Motion. Ms. Guinn advised the Board that "...The law says that it should be limited to the merits of why it needs to be added to the Agenda..."

Chairman Spillers requested that LHC's Financial Advisor Gordon King address the Board regarding the matter.

Mr. King noted that he had the night before become aware that pending Federal Tax Relief legislation would be proposing banning future MRB programs, and that he was

concerned about missing the upcoming State Bond Commission if the matter was not brought before the Board.

There were further lengthy discussions on the imperative nature of the matter by the Board Members, Mr. King, Donald Peterson, and LHC staff.

On a motion by Board Member Larry Ferdinand and seconded by Board Vice-Chairman Jennifer Vidrine, the Rules were Suspended to Add an Item to the Agenda; and providing for other matters in connection therewith, was moved to debate. There being no further discussion, opposition, or public comment, a vote was taken, and the motion passed unanimously.

There being no further discussion, opposition, or public comment, a vote was taken, and the motion passed. There was one (1) NO vote by Board Member Donald B. Vallee, stating his basis as "...I'm just going to say again that my concern is that I don't have enough information to look at this thing...and based on that I'm going to decline. But I want to make that statement."
