"Erika is someone who innately possesses that rare customer service trait that is often missing in today's business: wanting and willing to go the extra mile."

Outcome-Based Focus

Monthly fees are tied to our performance in meeting your goals. And, there's no termination fee if, for any reason, we're not meeting your goals.

Why pay for cookie-cutter outreach when you're looking for outcomes?

An Estimated Annual Fee will be provided to help schools gauge total fees for delinquent outreach and counseling over the course of a year. If the Annual Fee is reached prior to year-end, there's no penalty to stop services.
